Public Health Practice Stories from the Field

CDC's Office for State, Tribal, Local and Territorial Support disseminates stories about the implementation of public health practices in the field. These stories, titled Public Health Practice Stories from the Field, span a broad range of public health, performance management, and quality improvement topics.

National Public Health Improvement Initiative Stories

The [National Public Health Improvement Initiative](#) supports state, tribal, local, and territorial health departments through the Prevention and Public Health Fund of the Affordable Care Act to make fundamental changes and enhancements in their organizations and implement practices that improve the delivery and impact of public health services. The stories below illustrate the types of activities supported by the initiative.

- New Jersey** [PDF-657KB]
Advancing Technology to Improve Efficiency of Reporting Influenza Results
- Virginia** [PDF-660KB]
Four Quick Wins to Save Money, Increase Efficiency, and Improve Public Health
