

## **ATTACHMENT E: Survey Notification Email**

**Subject:** Help CDC Public Health Law Program improve law-related training and technical assistance

**Body:**

Dear *CDC Public Health Law News* Subscriber OR Dear Public Health Law Attorney,

The Public Health Law Program in the Office for State, Tribal, Local and Territorial Support (OSTLTS) at the Centers for Disease Control and Prevention works to improve the health of the public by developing law-related training and providing legal technical assistance to public health practitioners, policy makers, and attorneys in state, tribal, local, and territorial (STLT) jurisdictions.

In order to ensure that our law-related training and technical assistance is relevant, we would like to invite STLT government officials, employees, and attorneys to participate in a short survey. The survey will take approximately **11 minutes** to complete. Your feedback is invaluable and will be used as we develop future trainings and educational resources.

The survey will be open from [[START DATE]] until [[END DATE]]. We look forward to hearing from you. If you have any questions or concerns, please e-mail Lindsay Culp at [lculp@cdc.gov](mailto:lculp@cdc.gov).

Survey: [[LINK]]

Sincerely,

Matthew Penn, JD, MA  
Director, Public Health Law Program  
Office for State, Tribal, Local, and Territorial Support  
Centers for Disease Control and Prevention
