Figure 5. IMATS screenshot: contact sensitive help

The screenshot displays the IMATS web application interface. On the left, a navigation menu includes 'Products', 'Storage Locations', 'Inventory Management', and 'Reports'. The main content area is split into two panes. The left pane shows a 'New Unit of Measure (UOM)' form with the following fields: 'Project Area' (dropdown menu), 'Facility' (dropdown menu), 'Unit Of Measure' (text input), 'Description' (text input), and 'Standard UOM' (checkbox). 'Back' and 'Add' buttons are at the bottom of the form. The right pane displays a help page titled 'Add a Unit of Measure' with instructions and a table.

Add a Unit of Measure

The following instructions explain how to add a unit of measure.

To add a unit of measure:

1. On the **Setup** menu, point to **Unit of Measure**, and then select **Add Unit of Measure**.
2. Under **New Unit of Measure**, enter the following information:

Field	Required?	Description
Project Area	Yes	Project area the unit of measure is assigned to.
Facility	Yes	Facility within the project area that the unit of measure is assigned to.
Unit of Measure	Yes	Unit of measure you want to create (for example, bottle, box,
