

Attachment G –Final email reminder

Dear <xxxx>

Several weeks ago you received an email with the link to an online assessment tool which will capture information on regulations in your jurisdiction regarding the sale, display, and exhibition of certain animals. You were invited to participate in this assessment due to your role as a public health veterinarian or official who handles zoonotic issues for your jurisdiction. We haven't heard from you and wanted to remind you of the importance of this assessment. Please take a few minutes to complete the assessment before it closes on xx/xx/2013.

Your individual responses will be anonymous; data will only be presented publicly in aggregate form. This assessment has been reviewed and approved under OMB No. 0920-0879.

The link below is individualized to you, allowing you to save and restart the assessment at any time; for that reason the link cannot be forwarded to another individual. We estimate it will take between 10 and 25 minutes to complete the assessment, with the average time to completion taking around 17 minutes. If you feel that you are not the most appropriate person from your jurisdiction to respond, please contact Jennifer Wright, DVM, MPH 404-639-4749 or jgwright@cdc.gov and we will be happy to send a new link to the appropriate person.

Thank you,

Jennifer Gordon Wright, DVM, MPH, DACVPM
CAPT, US Public Health Service

Lead, Health Promotion and Program Implementation Team
Deputy Associate Director for Epidemiologic Science
