

Form Approved  
OMB No.: 0920-0879  
Expiration Date: March 31, 2014

**Welcome! Thank you for participating in this assessment of Public Health Officials regarding the sale / distribution / exhibition of certain animals.**

**Public reporting burden of this collection of information is estimated to average 17 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0879)**

Q25

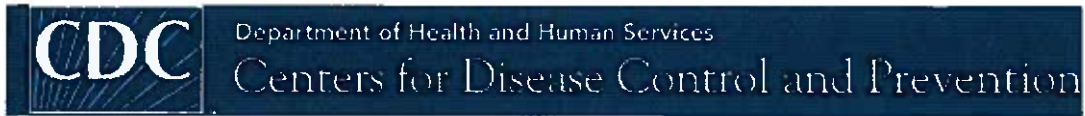

Please tell us how much you agree or disagree with the following statement:

	Strongly disagree	Disagree	Neutral	Agree	Strongly Agree	Unsure
The current FDA ban on the sale of turtles with a shell length less than 4 inches has reduced or prevented illness in my jurisdiction	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If the FDA ban did not exist, my jurisdiction would enact a ban of its own restricting the sale of turtles with a shell length less than 4 inches	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q28

What do you see as the greatest barriers to enforcement of the FDA ban on the sale of turtles with a shell length less than 4 inches?  
(Check all that apply)

- Inadequate staff (i.e., local personnel) to investigate cases or outbreaks
- Transient nature of sellers
- Inability of state to enforce a federal ban
- Difficulty reporting to regulatory officials
- Inadequate resources other than personnel (i.e., laboratory supplies) to conduct tracebacks or onsite investigations
- Communication efforts to the public have not effectively informed consumers of the "turtle ban" or the serious nature of Salmonella spread by immature turtles
- Other (Please specify in detail:)
