Opportunities for Collaborative Research at the NIH Clinical Center (U01) Customer Satisfaction Survey

0%

OMB Number: 0925-0643
Expiration Date: 10/31/2014

You are receiving this survey because you applied for *the Opportunities for Collaborative Research at the NIH Clinical Center (U01)* program. The National Institutes of Health (NIH) established this program to support translational research projects conducted collaboratively by intramural and extramural investigators. The goal of the survey is to assess your satisfaction with the application process. We would appreciate your input, as it would help guide future programming and inform the best use of NIH resources.

This survey should take approximately 15 minutes to complete. *If you have applied to this program more than once, please respond to the survey questions with your most recent submission in mind.*

Participating in this survey is completely voluntary. You may choose to skip a question or stop the survey at any time without penalty. All information provided will be kept secure to the extent permitted by law and will not be shared with anyone other than the survey team. Survey results will only be reported in aggregate. Your responses will not be identified with you or your institution. The risks of you participating in this survey are expected to be minimal in nature. This survey is not designed to help you personally, but the NIH hopes to learn about your overall satisfaction with the program's application process.

Please feel free to contact Ms. Jamelle Banks (banksj@mail.nih.gov or 301-496-1877) if you have questions regarding the survey or any study-related issues and Dr. Luba Katz if you have any technical questions and/or have difficulty accessing the survey (Luba_Katz@abtassoc.com or 617-349-2313). We thank you in advance for your participation!

Public reporting burden for this collection of information is estimated to average 15 minutes, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0643). Do not return the completed form to this address.

Question 1

Opportunities for Collaborative Research at the NIH Clinical Center (U01) Customer Satisfaction Survey

7%

SECTION 1: RESPONDENT INFORMATION

1. Which of the following best describes your role in the application to the *Opportunities for Collaborative Research at the NIH Clinical Center (U01)* program?

- Intramural PI or similar role
- Extramural PI
- None of the above

Back

Next

Question 2

2. How did you first learn about the program?

Please select all that apply.

- Professional journal
- Colleagues
- University/institution administration
- Grants.gov
- NIH Guide
- NIH website
- NIH program staff (e.g., Program Officer)
- NIH intramural investigator
- Extramural investigator
- Do not recall
- Other, please specify:

Type here

Question 3 – Intramural PI Version

3A. Why did you decide to apply to this program?

Please select all that apply.

- To make the Clinical Center resources available to the extramural research community
- To obtain access to the NIH Clinical Center resources
- As an opportunity to take my work in a new direction
- To continue collaborating with an extramural investigator(s)
- To support a new collaboration with an extramural investigator(s)
- An extramural investigator suggested applying to the program
- An intramural investigator suggested applying to the program
- Other, please specify:

Question 3B – Extramural PI Version

3B. Why did you decide to apply to this program?

Please select all that apply.

- To obtain access to the NIH Clinical Center resources
- As an opportunity to take my work in a new direction
- To continue collaborating with an intramural investigator(s)
- To support a new collaboration with an NIH intramural investigator(s)
- An extramural investigator suggested applying to the program
- An intramural investigator suggested applying to the program
- To seek funding from a new NIH Institute or Center
- Other, please specify:

Question 4

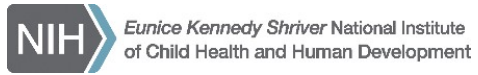

4. Please indicate which of the Clinical Center resource(s) you were most interested in using when you applied.

Please select all that apply.

- A good manufacturing practices (GMP) pharmacy facility for new biological or clinical products
- Specialized clinical phenotyping facilities, including metabolic and other units
- The manufacturing and use of newly designed PET ligands for imaging studies
- Radiology and imaging facilities
- Blood products and tissues, for special research studies
- Opportunities to collaborate on clinical protocols with unique pharmaceutical agents and/or other modes of therapy
- Opportunities to collaborate on clinical protocols with rare diseases
- Access to known research experts
- Access to larger sample sizes for uncommon conditions
- Access to a patient population of interest
- Access to patients through the Undiagnosed Diseases Program
- The ability to support long-term clinical studies at minimal cost to patients and their families
- On-campus amenities (Family Lodge and Children's Inn) for patients participating in clinical research and their families
- Other, please specify:

Question 5

5. Have you collaborated with any of the researchers included in your application in the past?

Yes

No

Back

Next

Question 6

35%

6. To what extent did you and your collaborators participate in the following steps to develop the grant application for the program?

Please select one answer per row.

	Mostly NIH PI/Staff	Mostly non-NIH PI/Staff	Equally
Generating project idea	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Developing letter of intent/X02 application/request for letter of support	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Developing research plan	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Developing collaboration plan	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Developing the extramural budget	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Developing the intramural budget	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Developing the Clinical Center budget	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Question 7

7. When you applied to this program, did you believe you would be able to conduct your proposed research without this program?

- Yes
- No
- Maybe

Question 8

SECTION 2: SATISFACTION WITH THE FUNDING OPPORTUNITY ANNOUNCEMENT (FOA)

8. Did the Funding Opportunity Announcement (FOA) clearly describe the following?

Please select one answer per row.

	Yes	No	Do Not Recall
Purpose of the FOA	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Eligibility criteria	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirement of the proposed projects	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Information to include in the application	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Specific areas of interest for each participating Institute and Center	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Peer review criteria	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Question 9 and 9A

9. Did you contact the NIH staff (e.g., IC representative, Program Officer, grants management staff) for more information about the FOA before you submitted an application?

- Yes
- No
- Do not recall

9A. How satisfied were you with the quality of information you received from the NIH staff about the FOA?

- Very satisfied
- Satisfied
- Neutral
- Dissatisfied
- Very dissatisfied

Question 10 and 10A

50%

SECTION 3: SATISFACTION WITH PROGRAM WEBSITE AND WEBINAR

10. Did you use the website for the program (<http://www.cc.nih.gov/translational-research-resources/U01/index.html>)?

- Yes
- No
- Do not recall

Question 11 and 11A

57%

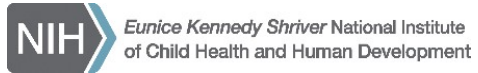

11. Did you attend the webinar about the program (<http://www.cc.nih.gov/translational-research-resources/webinar.html>)?

- Yes
- No
- Do not recall

11A. How helpful was the webinar for understanding the program and the application process?

- The webinar was helpful
- The webinar was not helpful

Question 13

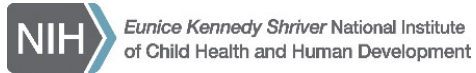

85%

13. Which of the following best describes your opinion about the length of time allotted to develop and submit an application in response to the FOA after obtaining a letter of support?

- More time than we needed
- About as much time as we needed
- Less time than we needed

Question 14 and 14A

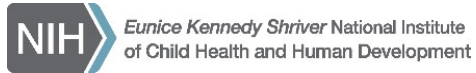

14. Did you contact a member of the NIH Clinical Center Partnership Team during the application process?

- Yes
- No
- Do not recall

14A. How satisfied were you with the quality of information you received from the NIH Clinical Center Partnership Team?

- Very Satisfied
- Satisfied
- Neutral
- Dissatisfied
- Very dissatisfied

Question 15

Opportunities for Collaborative Research at the NIH Clinical Center (U01) Customer Satisfaction Survey

92%

SECTION 5: FINAL COMMENTS AND SUGGESTION

15. Please tell us anything else you think is important for the NIH to know about your experience with the application process for the program.
