How You Can Get Ready For My Visit

I have enclosed a page that shows the kinds of papers I need to look at when I visit people. Please have the items that are ready for me to see when I visit you.

Also enclosed with this letter is a copy of the earnings record for the account on which you filed. Please review the earnings and compare them with your records. I will discuss this with you when I visit.

THE EARNINGS RECORD

Benefits are computed by giving credit for any earnings, since 1937, that were covered under the Social Security Act. As part of our review, we check the record for accuracy.

The earnings record shows yearly amounts for 1951 through recent years. In the years not shown, no earnings were reported to Social Security. Earnings during 1937 -- 1950 are shown as a separate total.

Please compare the earnings amounts to any records you have. Pay particular attention to:

- Years with no earnings
- Years with earnings much higher than the ones before and after them
- Years with earnings much lower than the ones before and after them

If you disagree with any of these earnings, please have your records available at the time of the interview. W2 forms are the best evidence of wages. Tax returns and proof of payment of the taxes are the best evidence of self-employment earnings.
