

Questionnaire Management Guidelines

Goals:

- One consolidated document to track all model and CQ changes throughout the life of the project
- Questionnaire always matches the live survey
- Easy and error-free way to submit CQ changes
- All changes tracked and reflected in one document (DOT will help)

Basic rules:

- 1 This questionnaire **has to match the live survey**
- 2 All changes to the live measure need to be tracked and archived in **one document**
- 3 **All CQ change requests** has to be submitted using this documents
 - SRA: 1) marks up changes and submits the entire document to DOT
 - DOT: 1) archives change request on separate tab
2) implement changes
3) updates the document to reflect all implemented changes in the "clean" questionnaire - SRA can send to the client and use for future CQ changes
- 4 DOT will safeguard correct formats - your next CQ changes have to be submitted using one survey document with appropriate color-coding
