

Possible "Elements" and Future Behaviors to Measure Obama Directive Issues

Goal is to measure a set of questions as CQs on 5-10 measures to gather initial data for the Obama administration briefing and to test whether the element questions relate well enough to each other/are distinct enough from other elements to perform well in a model. "Agency" can be replaced with "Department" or another term, as needed.

Elements (1-10 scale, Poor to Excellent, Don't know)

Online Transparency

Please rate how **thoroughly** this website **discloses information** about what this agency is doing.
Please rate how **quickly agency information is made available** on this website.
Please rate how well information about what this agency is doing **can be accessed by the public** on this website.
