Supporting Statement for Paperwork Reduction Act Submissions

A. Justification:

1. Why is this information necessary?

On December 16, 2009, the President signed the Consolidated Appropriations Act, 2010 (Public Law 111-117), which provided a total of \$150 million in fiscal year 2010 to HUD for a Sustainable Communities Initiative to improve regional planning efforts that integrate housing and transportation decisions, and increase the capacity to improve land use and zoning. Of that total, \$2 million was reserved in FY 2010, and up to \$3 million will be reserved in FY 2011, if available, to build the capacity of metropolitan and multijurisdictional planning efforts that support community involvement and integrate housing, land use, land cleanup and preparation for reuse, economic and workforce redevelopment, transportation, and infrastructure investments. Up to \$700,000 may be available from the EPA as authorized in the Clean Air Act, Section 103(b)(2). Clean Water Act, Section 104(b)(2), and CERCLA, Section 104(k)(6), subject to Congress appropriating FY2011 funding.

The Capacity Building for Sustainable Communities Program (Program), through a Notice of Funding Availability, will identify intermediary organizations that can provide capacity building support for communities engaged in planning efforts that support community involvement and integrate housing, land use, land cleanup and preparation for reuse, economic and workforce development, transportation, and infrastructure investments.

2. How is this information to be used?

This information will be used to review, rank at rate applications for the **Capacity Building for Sustainable Communities Program** Notice of Funding Availability.

This NOFA is part of a cross-agency collaboration between HUD, the U.S. Department of Transportation (DOT), and the U.S. Environmental Protection Agency (EPA), known as the Partnership for Sustainable Communities. HUD confers regularly with these partners.

The Capacity Building for Sustainable Communities Program (Program), through this NOFA, will identify intermediary organizations that can provide capacity building support for communities engaged in planning efforts that support community involvement and integrate housing, land use, land cleanup and preparation for reuse, economic and workforce development, transportation, and infrastructure investments. Each grantee will be expected to deliver capacity building support to communities across the United States.

The first purpose of the Program is to assemble a collection of capacity building service providers to work directly with the FY2010 and FY 2011 HUD Sustainable Communities Regional Planning and Community Challenge grant recipients, HUD Preferred Sustainability Status Communities, and EPA Sustainable Community Technical Assistance recipients and Brownfield Area Wide Planning grant recipients (collectively — Sustainable Communities Grantees||), and enable them to fulfill their anticipated outcomes. HUD and other Partnership agencies will work regularly with all selected intermediary service providers to maintain a coordinated and leveraged delivery approach that ensures the maximum benefit to local governments, regions, and planning entities and partners engaged in the prescribed activities.

The second purpose of the Program is to build a national coalition and leadership network of the Sustainable Communities Grantees. The purpose of the network is to facilitate the exchange of successful strategies, lessons learned, emerging tools and public engagement strategies, and approaches for avoiding or minimizing pitfalls. HUD will work with the selected intermediaries to develop a robust evaluation component for the network.

3. Describe whether, and to what extent, the collection of information is automated?

The information is automated through <http://grants.gov/>. The information will be provided with the use of <http://grants.gov/> and regular electronic email.

4. Duplication of Information

This information is not being collected elsewhere. The information being collected is specific to current funding, therefore the information has not been previously collected.

5. Does the collection of information impact small businesses or other small entities?

This collection of information does not significantly impact small businesses or entities.

6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently.

The Department would not be able to ensure that funds were distributed in a fair and impartial manner if this collection was not conducted.

7. Explain any special circumstances

There are no special circumstances.

8. Identify the date and page number of the Federal Register notice soliciting comments on the information.

A notice of proposed information collection was published in the Federal Register on September 14, 2011, page 56779 to solicit public comment. No comments were received.

12. Annual Reporting Burden

The annual reporting burden hours for reporting are based on the requirement that each applicant submits one form per application. We estimate that on average, a response time of 6 hours will be required.

	Form/Document	No. of Respondents	Average # of Responses	Total Responses	Hours per Response	Total Hours	Cost per hour	Total Cost
	Application	100	1	100	6	600	\$40	\$24,000
	TOTAL							\$24,000

13. Additional Cost to Respondents

There are no additional costs to respondents other than what is reported in Item 12.

14. Annualized cost to the Federal Government

Estimated annualized cost for collection of information is \$24,000 ($600 \times \40 estimate hourly cost). The estimated hourly cost figure of \$ 40 is determined for an experienced professional that approximates the hourly (mid-range) salary of a GS-13 employee.

15. Explain any program changes or adjustments.

This is an extension of a currently approved collection.

16. If the information will be published, outline plans for tabulation and publication.

The results of this information collection will not be published.

17. OMB Expiration Date
