The Housing Discrimination Intake Information is necessary for the collection of pertinent information from persons or entities who wish to file housing discrimination complaints with HUD under the Fair Housing Act of 1968 (Act), as amended [42 U.S.C. §3601 et seq.]. Information collected via TEAPOTS is also necessary so that HUD may monitor the quality and timely complaint processing of certified state and local agencies that are processing housing discrimination complaints pursuant to Section 3610(f) of the Act. Public reporting burden for this collection is estimated to average 8 hours per complaint/response, which includes the time for reviewing instructions, searching existing data sources, gathering and maintaining data needed, and completing and reviewing the collection of information. The OMB control number for this information collection is 2529-0005 (expiration date: 4/30/2015).
