March 5, 2010

Several cities across the United States have adopted new laws that allow the ownership of a small number of chickens in large cities. The purpose of this survey is to learn more about people's feelings about chickens living in urban (city) areas. Please share your opinions, regardless of whether or not you own chickens or know anyone who owns chickens. Your response will be extremely helpful to this effort.

Please complete the survey and return it in the postage-paid envelope provided.

Your response is **confidential, anonymous**, and voluntary.

Thank you for your help!
