2. All quantities on the report shall be in pounds.
3. Reports shall be certified by a responsible official of the reporting handler.
4. Each report should be numbered consecutively, beginning with No. 1 for the first week ending in August each year.
5. The quantity of standard raisins received by the handler during the current week for memorandum receipt, storage, bailment or warehousing, as shown in Column (3) on the report, shall be supported by a copy of a door receipt or weight certificate covering each such delivery of raisins. These door receipts or weight certificates shall clearly show the name and address of producer or dehydrator from whom the raisins were received, the varietal type of raisins, the net fruit weight, the number and type of containers in the lot, and the date of delivery.
6. The quantities shown in Columns (4) and (5) are to be deducted from the sum of the quantities shown in Columns (2) and (3).
