

August 2, 2011

This document responds to OMB's Notice of Action dated July 1, 2008 regarding the WIC Peer Counseling Study, Part I, OMB control no. 0584-0548. As part of its approval for data collection activities in Part I of the WIC Peer Counseling Study, OMB specified the following Terms of Clearance:

"Upon submission of Part II of this study, OMB will require the following from FNS:

- 1) Specific analysis of response patterns and/or response bias for all "check that apply" questions with more than 6 response options, as well as any web tables requiring horizontal scrolling on the survey instrument used in Part I.
- 2) A re-designed questionnaire that draws heavily on already validated instruments and adequately tests new questions. Adequate testing requires cognitive work beyond a simple pilot test. OMB recommends that FNS consult with survey methodologists at one of the two statistical agencies located within the Department of Agriculture for assistance. OMB will look for evidence of such consultation, as well as adequate testing with the submission of the Phase II collection request."

As part of FNS's submission for clearance of Part II of the WIC Peer Counseling Study, FNS's responses to these Terms of Clearance are as follows:

RESPONSE TO TERM OF CLEARANCE (1):

Part I of the study included an online survey administered to 51 State WIC agencies and 34 WIC agencies in U.S. Territories or Indian Tribal Organizations (ITOs), the "State WIC Agency Survey." The survey included some "check all that apply" items with more than 6 response options. As requested, response patterns to all such items are included on the pages that follow. A printed version of the survey is included for reference in a separate Attachment.

In its implementation online, the survey did not include any items that required horizontal scrolling. Although some survey items that appeared in print versions of the OMB submission for clearance of Part I activities were printed in "landscape" orientation, the layout of such items in the online version did not require respondents to scroll horizontally.

RESPONSE TO TERM OF CLEARANCE (2):

OMB requests a re-designed questionnaire. However, Part II of this study does not require use of a questionnaire like that used in Part I. Part II of this study does not include a web survey of State WIC agencies. Therefore, no re-design of the survey used in Part I has been conducted. However, FNS did take into account the request that instruments used in Part II be subjected to cognitive testing. Two of the questionnaires proposed for Part II were drawn directly from, or moderately adapted from instruments used in FNS's *Evaluation of the Birth Month Breastfeeding Changes to the WIC Food Packages* (OMB control no. 0584-0551, expiration date: 2/29/2012). These questionnaires will be conducted by telephone and are included as Appendices A1 and A2 in FNS's Supporting Statement for Paperwork Reduction Act Submission, Parts A and B for the *WIC Breastfeeding Peer Counseling Study: Phase 2*:

- A1. WIC Participant Baseline Survey (English)
- A2. WIC Participant Follow-up Survey (English)

These questionnaires and all other instruments proposed for Part II of the study are included in the Appendices for OMB review.

Attachment: State WIC Agency Survey, WIC Peer Counseling Study, Part I

State WIC Agency Survey, WIC Peer Counseling Study, Phase I: Response Patterns to “Check All That Apply” Items With More Than 6 Response Options

Module 1: General Breastfeeding Promotion Programs

Q3. *If yes to Q2:* Please indicate the breastfeeding promotion activities undertaken at the State level that your State agency funds for WIC participants. Please do not indicate local WIC agency activities. *Check all that apply.*

Q3a. Media campaigns and educational materials (e.g., television ads, posters, brochures)

	Total Respondents N=84		States N=51		Territories & ITOs N=33	
	Percent		Percent		Percent	
Selected	68	80.95	45	88.24	23	69.70
Not Selected	16	19.05	6	11.76	10	30.30
Missing	0		0		0	
Response Rate	84	100%	51	100%	33	100%

Q3b. Breastfeeding promotion training to staff other than *Loving Support* peer counselors

	Total Respondents N=84		States N=51		Territories & ITOs N=33	
	Percent		Percent		Percent	
Selected	77	91.67	49	96.08	28	84.85
Not Selected	7	8.33	2	3.92	5	15.15
Missing	0		0		0	
Response Rate	84	100%	51	100%	33	100%

Q3c. Make lactation consultants available to WIC participants

	Total Respondents N=84		States N=51		Territories & ITOs N=33	
	Percent		Percent		Percent	
Selected	41	48.81	22	43.14	19	57.58
Not Selected	43	51.19	29	56.86	14	42.42
Missing	0		0		0	
Response Rate	84	100%	51	100%	33	100%

Q3d. Sponsor certified lactation counselor training (or similar certification training)

	Total Respondents N=84		States N=51		Territories & ITOs N=33	
	Percent		Percent		Percent	
Selected	40	47.62	32	62.75	8	24.24
Not Selected	44	52.38	19	37.25	25	75.76
Missing	0		0		0	
Response Rate	84	100%	51	100%	33	100%

Q3e. Equipment (e.g., breast pumps)

	Total Respondents N=84		States N=51		Territories & ITOs N=33	
	Percent		Percent		Percent	
Selected	77	91.67	47	92.16	30	90.91
Not Selected	7	8.33	4	7.84	3	9.09
Missing	0		0		0	
Response Rate	84	100%	51	100%	33	100%

Q3f. Peer or other counseling by clinic staff to WIC participants that is different than *Living Support* peer counseling

	Total Respondents N=84		States N=51		Territories & ITOs N=33	
	Percent		Percent		Percent	
Selected	42	50.00	22	43.14	20	60.61
Not Selected	42	50.00	29	56.86	13	39.39
Missing	0		0		0	
Response Rate	84	100%	51	100%	33	100%

Q3g. Warmline or hotline

	Total Respondents N=84		States N=51		Territories & ITOs N=33	
	Percent		Percent		Percent	
Selected	15	17.86	10	19.61	5	15.15
Not Selected	69	82.14	41	80.39	28	84.85
Missing	0		0		0	
Response Rate	84	100%	51	100%	33	100%

Q3h. Classes or support group meetings for WIC participants

	Total Respondents N=84		States N=51		Territories & ITOs N=33	
	Percent		Percent		Percent	
Selected	42	50.00	20	39.22	22	66.67
Not Selected	42	50.00	31	60.78	11	33.33
Missing	0		0		0	
Response Rate	84	100%	51	100%	33	100%

Q3i. Other

	Total Respondents N=84		States N=51		Territories & ITOs N=33	
	Percent		Percent		Percent	
Selected	14	16.67	9	17.65	5	15.15
Not Selected	70	83.33	42	82.35	28	84.85
Missing	0		0		0	
Response Rate	84	100%	51	100%	33	100%

Q7. How has your State chosen to use the *Loving Support* grant funds? Check all that apply. ¹

Q7a. Use some *Loving Support* grant funds at the state level (e.g., for staff training, planning, etc.).

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
		Percent		Percent		Percent
Selected	48	57.14	26	50.98	22	66.67
Not Selected	36	42.86	25	49.02	11	33.33
Missing	1		0		1	
Response Rate	84	99%	51	100%	33	97%

Q7b. We chose to focus the grant funds on a small number of sites, rather than trying to make funding available to all sites.

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
		Percent		Percent		Percent
Selected	33	39.29	30	58.82	3	9.09
Not Selected	51	60.71	21	41.18	30	90.91
Missing	1		0		1	
Response Rate	84	99%	51	100%	33	97%

Q7c. We chose to distribute the grant funds to as many sites as possible rather than concentrating funding on relatively few sites.

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
		Percent		Percent		Percent
Selected	22	26.19	14	27.45	8	24.24
Not Selected	62	73.81	37	72.55	25	75.76
Missing	1		0		1	
Response Rate	84	99%	51	100%	33	97%

Q7d. We chose initially to focus the grant funds on sites that were enhancing existing peer counseling programs.

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
		Percent		Percent		Percent
Selected	20	23.81	12	23.53	8	24.24
Not Selected	64	76.19	39	76.47	25	75.76
Missing	1		0		1	
Response Rate	84	99%	51	100%	33	97%

Q7e. We chose initially to focus the grant funds on sites that were beginning peer counseling programs.

¹ After survey administration it was determined that one of the ITOTs invited to participate in the survey was ineligible; raw data here thus include (erroneously) 1 missing in the "Territories & ITOs" column (and thus 1 missing response overall in the "Total Respondents" column). As a result, response rates shown slightly underestimate the actual response rate based on eligible respondents only.

	Total Respondents		States		Territories & ITOs	
	N=85	Percent	N=51	Percent	N=34	Percent
Selected	23	27.38	17	33.33	6	18.18
Not Selected	61	72.62	34	66.67	27	81.82
Missing	1		0		1	
Response Rate	84	99%	51	100%	33	97%

Q7f. Other

	Total Respondents		States		Territories & ITOs	
	N=85	Percent	N=51	Percent	N=34	Percent

Response Rate	84	99%	51	100%	33	97%

Module 2: State Level Staff for *Loving Support* Peer Counseling and Other Breastfeeding Promotion Activities

Q12. Please indicate if anyone at the State level who is involved in the *Loving Support* peer counseling program undertakes the following activities. *Check all that apply.* ²

Q12a. Conducts needs assessment to identify the local program, population, geographic areas, and potential sites to target the WIC peer counseling services

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
		Percent		Percent		Percent
Selected	45	53.57	28	54.90	17	51.52
Not Selected	39	46.43	23	45.10	16	48.48
Missing	1		0		1	
Response Rate	84	99	51	100	33	97

Q12b. Provides technical assistance to local WIC programs to hire a breastfeeding/peer counseling coordinator

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
		Percent		Percent		Percent
Selected	51	60.71	38	74.51	13	39.39
Not Selected	33	39.29	13	25.49	20	60.61
Missing	1		0		1	
Response Rate	84	99	51	100	33	97

Q12c. Develops statewide program policies for *Loving Support* peer counseling

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
		Percent		Percent		Percent
Selected	76	90.48	49	96.08	27	81.82
Not Selected	8	9.52	2	3.92	6	18.18
Missing	1		0		1	
Response Rate	84	99	51	100	33	97

² After survey administration it was determined that one of the ITOTs invited to participate in the survey was ineligible; raw data here thus include (erroneously) 1 missing in the “Territories & ITOs” column (and thus 1 missing response overall in the “Total Respondents” column). As a result, response rates shown slightly underestimate the actual response rate based on eligible respondents only.

Q12d. Provides technical assistance to local WIC programs on basic policies and procedures for a peer counseling program

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
		Percent		Percent		Percent
Selected	70	83.33	51	100.00	19	57.58
Not Selected	14	16.67	0	0.00	14	42.42

Module 5: State Written Guidance for Local *Loving Support* Peer Counseling Programs

This section is about written guidance the State WIC Agency provides to local WIC agencies about major aspects of the *Loving Support* peer counseling program.

Module 5 includes intricate skip patterns based on items selected for Question 22. There are 14 subsections, but the respondents should only answer questions related to items checked for Question 22.

Q22. Does the State provide guidance to local WIC agencies about the following aspects of local *Loving Support* peer counseling programs? Guidance can include either State recommendations or State requirements. *Check all that apply.*

Q22a. Role, responsibilities, and qualifications of local WIC peer counseling coordinator

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
	Percent		Percent		Percent	
Selected	76	89.41	49	96.08	27	79.41
Not Selected	9	10.59	2	3.92	7	20.59
Missing	0		0		0	
Response Rate	85	100	51	100	34	100

Q22b. Qualifications of local WIC peer counselors

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
	Percent		Percent		Percent	
Selected	80	94.12	51	100.00	29	85.29
Not Selected	5	5.88	0	0.00	5	14.71
Missing	0		0		0	
Response Rate	85	100	51	100	34	100

Q22c. Timing of peer counselor's first contact with pregnant women or new mothers (e.g., during pregnancy, in hospital)

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
	Percent		Percent		Percent	
Selected	73	85.88	48	94.12	25	73.53
Not Selected	12	14.12	3	5.88	9	26.47
Missing	0		0		0	
Response Rate	85	100	51	100	34	100

Q22d. Frequency of peer counselor's contact with program participants.

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
	Percent		Percent		Percent	
Selected	73	85.88	45	88.24	28	82.35
Not Selected	12	14.12	6	11.76	6	17.65
Missing	0		0		0	
Response Rate	85	100	51	100	34	100

Q22e. Maximum length of time that WIC participants may receive peer counseling

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
	Percent		Percent		Percent	
Selected	26	30.59	15	29.41	11	32.35
Not Selected	59	69.41	36	70.59	23	67.65
Missing	0		0		0	
Response Rate	85	100	51	100	34	100

Q22f. Settings where peer counseling services are provided to clients

	Total Respondents N=85		States N=51		Territories & ITOs N=34	
	Percent		Percent		Percent	
Selected	73	85.88	46	90.20	27	79.41

* In Question 34 we do not report out the different results for States and Territories & ITOs.

Supervision and Job Monitoring

Answer if guidance is provided about supervision and job monitoring of peer counselors.

Q53. Please indicate in which of the following areas the State provides guidance to local WIC programs. *Check all that apply.*

Q53a. Frequency of contact with *Loving Support* peer counselor coordinator/supervisor

	Total Respondents N=75		States N=48		Territories & ITOs N=27	
	Percent		Percent		Percent	
Selected	57	77.03	38	79.17	19	73.08
Not Selected	17	22.97	10	20.83	7	26.92
Missing	1		0		1	
Response Rate	74	99	48	100	26	96

Q53b. Review of client contact logs/activity records by coordinator/supervisor

	Total Respondents N=75		States N=48		Territories & ITOs N=27	
	Percent		Percent		Percent	
Selected	66	89.19	43	89.58	23	88.46
Not Selected	8	10.81	5	10.42	3	11.54
Missing	1		0		1	
Response Rate	74	99	48	100	26	96

Q53c. Routine spot checks by coordinator/supervisor

	Total Respondents N=75		States N=48		Territories & ITOs N=27	
	Percent		Percent		Percent	
Selected	61	82.43	39	81.25	22	84.62
Not Selected	13	17.57	9	18.75	4	15.38
Missing	1		0		1	
Response Rate	74	99	48	100	26	96

Q53d. Attendance of *Loving Support* peer counselors in supervisory meetings and/or WIC staff meetings

	Total Respondents N=75		States N=48		Territories & ITOs N=27	
	Percent		Percent		Percent	
Selected	62	83.78	41	85.42	21	80.77
Not Selected	12	16.22	7	14.58	5	19.23
Missing	1		0		1	
Response Rate	74	99	48	100	26	96

Q53e. Observation of *Loving Support* peer counseling activities by coordinator/supervisor

	Total Respondents N=75		States N=48		Territories & ITOs N=27	
		Percent		Percent		Percent
Selected	57	77.03	39	81.25	18	69.23
Not Selected	17	22.97	9	18.75	8	30.77
Missing	1		0		1	
Response Rate	74	99	48	100	26	96

Q53f. Formal performance evaluation/review of *Loving Support* peer counselors

	Total Respondents N=75		States N=48		Territories & ITOs N=27	
		Percent		Percent		Percent
Selected	36	48.65	21	43.75	15	57.69

Module 6: State Data Collection about the *Loving Support Peer Counseling Program*

The next sections addresses information on breastfeeding collected at the State level, the method used to collect it, and the schedule for data collection. Some of the questions are designed to understand information on breastfeeding in general, not just about the Loving Support peer counseling program.

Answer Question 64 if Question 58 was not “None of the Above.”

Q64. How are these indicators (i.e., data on breastfeeding initiation, duration and/or exclusivity) used? *Check all that apply.*³

Q64a. Needs assessment

	Total Respondents		States		Territories & ITOs	
	N=85	Percent	N=51	Percent	N=34	Percent
Selected	58	69.05	43	84.31	15	45.45
Not Selected	26	30.95	8	15.69	18	54.55
Missing	1		0		1	
Response Rate	84	99	51	100	33	97

Q64b. Federal reporting

	Total Respondents		States		Territories & ITOs	
	N=85	Percent	N=51	Percent	N=34	Percent
Selected	71	84.52	45	88.24	26	78.79
Not Selected	13	15.48	6	11.76	7	21.21
Missing	1		0		1	
Response Rate	84	99	51	100	33	97

³ After survey administration it was determined that one of the ITOTs invited to participate in the survey was ineligible; raw data here thus include (erroneously) 1 missing in the “Territories & ITOs” column (and thus 1 missing response overall in the “Total Respondents” column). As a result, response rates shown slightly underestimate the actual response rate based on eligible respondents only.

Q64c. Monitoring *Loving Support* peer counseling program

	Total Respondents N=85		States N=51		Territories & ITOs N=34
