Public Reporting Burden Statement

Public reporting burden of this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0572).

Title: Survey to gather feedback on business-case videos

[Introduction/Consent]

This survey is being done on behalf of CDC's Division of Community Health to gather feedback on business-case video stories that demonstrate achievable community health changes and encourage local action nationwide.

The survey will take no more than 30 minutes to complete. You will be shown 1-2 videos and asked questions about your reactions. Each video lasts about 3 to 4 minutes. As someone working directly to implement community health efforts, the feedback you provide by taking part in this survey will be very valuable.

Your participation in this research is voluntary. If you decide to not participate it will not affect your relationship with the CDC in any way. You can choose to not answer a question and can stop participating at any time. Your answers will be kept secure to the extent permitted by law. While you will not personally benefit from participating in this research, the feedback you provide will help CDC in its efforts to produce useful communication resources to support the efforts of organizations such as yours to promote the health of people across the US.
