Risk Perceptions Study
Consent Form

Purpose:
This study is being conducted by the National Cancer Institute. In this study, we are interested in learning more about whether and how much people believe they are at risk for disease (risk perceptions).

Procedure:
If you agree to be in this study, you will be asked to answer questions about your risk perceptions and health behaviors.

The total time required to complete the study should be approximately 25 minutes. You will receive \$1 as an incentive to thank you for participating in this study.

Benefits/Risks to Participant:
Participants will help contribute to the body of knowledge in psychology. Minor risks include any discomfort you may feel while thinking about your disease risk perceptions.

Voluntary Nature of the Study
Your participation in this study is entirely voluntary and you may refuse to complete the study at any point, or refuse to answer any questions with which you are uncomfortable. Your name and other identifying information will not be collected. The data will be accessible only to those working on the project. The information you provide will be kept secure to the extent provided by law.

Contacts and Questions:
If you have questions about this study, you may contact Rebecca Ferrer at rebecca.ferrer@nih.gov

Statement of Consent
I have read the above information, and I consent to participate in this study.

Cancer Risk Perceptions

5. Please select the best answer choice for the following questions:

	1 Strongly disagree	2	3	4 Neither disagree nor agree	5	6	7 Strongly agree
When I think carefully about my lifestyle, it does seem possible that I could get cancer.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If I look at myself as if I was a doctor, I realize that my behavior puts me at risk of getting cancer.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I feel very vulnerable to cancer.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
My gut feeling is that I am going to get cancer.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I'm confident that I won't get cancer.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I suspect that getting cancer is something that could happen to me.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
My first thought about cancer is 'that could happen to me one day.'	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I would be lying if I said "There is no chance of me getting cancer."	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If I'm honest, cancer is a possibility for me.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
My first reaction when I hear of someone getting cancer is "that could be me someday."	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Even low cancer risks happen to someone.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
When it comes to things that might cause cancer, it's better to be safe than sorry.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
It is better to have fun and enjoy life than to think about your risk of cancer.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If I had cancer, I wouldn't want to know.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I feel anxious about learning my chances of getting cancer.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
