FORM A: APPLICATION FOR DMEPOS COMPETITIVE BIDDING PROGRAM

NOTE: Please read all instructions completely. Suppliers with a single location or multiple locations must complete Sections 1 & 1a: Application for Suppliers & Section 1b for each additional location. Networks, however, must complete Sections 2 & 2a: Application for Networks.

Section 1: Application for Suppliers

A. Business Organization Information

Indicate how your business organization will be bidding.

Legal Business Name _____

- Supplier with a Single Location (Complete Section 1-1a)
- Supplier with Multiple Locations (Complete Section 1,1a, & 1b)
- Network (Complete Section 2-2a)

If you selected "Supplier with Multiple Locations", select one of the following that best describes your business organization structure.

- Subsidiary of a parent company/holding company
- Commonly owned or commonly controlled
- National Chain
- Franchise
- None of the above

If "None of the above", briefly describe the supplier's type of business.

B. Specialty Supplier

Are you a Skilled Nursing Facility (SNF) or a Nursing Facility (NF) that is bidding as a specialty supplier that plans to provide competitively bid items only to its own residents? Yes No

C. Licensure

The bidder is responsible for having a copy of the applicable state license(s) on file in the Provider Enrollment Change and Ownership System (PECOS) and with the National Supplier Clearinghouse (NSC) before they submit a bid. Bids will be disqualified if a bidder does not meet all state licensure requirements for the applicable product categories and for every state in a CBA. Every supplier location is responsible for having all applicable license(s) for each state in which it provides services. For a multi-state CBA the bidder must collectively have all applicable license(s) for every state in the CBA. Each location is not required to have licenses for every state in the CBA as long as each state has a bidding location licensed for the product category.

For the national mail-order competition, the CBA includes all parts of the United States, including the 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, and American Samoa; and the. The supplier must have all applicable licenses needed to provide mail-order diabetic testing supplies throughout the entire CBA.

See the CBIC website for a listing of CBAs.

Do the locations included on your bid comply with the licensure requirements within the CBA for which you are bidding?

Yes No N/A*

** Some states may not require a license to furnish items in a specific product category. Please check the DMEPOS State License Directory on the NSC website and the Licensure for Bidding Suppliers fact sheet on the CBIC website to verify licensure requirements.*

D. Contact Person(s)

Person we should contact to answer questions regarding the business.

Contact Person(s) First Name _____ Last Name _____ Title _____
(PRINT)
Telephone (include area code) _____ E-Mail Address _____

E. Authorized Official(s) or Key Personnel

Provide the name(s) and title(s) of the authorized official(s) or key personnel for the business organization.

Authorized Official(s) or Key Personnel:

First Name _____ Last Name _____ Title _____
(PRINT)

F. Competitive Bidding Area (CBA) and Product Category

For Round 2 select all of the CBA(s) and product category(s) for which your business organization or network is submitting a bid(s). If you are bidding in the national mail-order competition for diabetic testing supplies, select "National Mail-Order".

Note: Networks are excluded from bidding in the national mail-order competition.

G. Add location

All locations that conduct business within a Round 2 CBA and provide the product category for which you are bidding must be listed below. It is important that bidders identify all locations by PTAN that will provide competitively bid items in a CBA. Only those locations entered on the bid will be identified on the contract and be eligible to receive payment for the competitively bid item(s).

If you are bidding as a network in Round 2, the primary network member should add its location first. If there are members of the network with multiple locations, the primary network member should add these members' locations after the primary network member's location.
