

High Level Summary

Revision	Purpose of the Revision	QIP/CCIP Tools	Section	Subsection	Source	Level of Burden <i>I = Increases burden</i> <i>D – Decreases burden</i> <i>N – No Change</i>
<b>General</b>						
CMS is revising the burden of hours to 15 hours the QIP tool and 15 hours for the CCIP tool, adding an additional 10 burden hours to each reporting tool.	Industry comments indicated that CMS should increase the number of hours to accommodate for the narrative portions of the CCIP and QIP tools.	Both	All	All	60-Day	I = Increases burden
CMS has changed the initial submission deadline from February 2012 to March 2012	Changed in response to industry requests for more time to incorporate new CMS requirements	Both	All	All	60-Day	N - No Change
CMS has revised the tool to ensure that every element has an identifying number.	Renumbered to create a more consistent structure.	Both	All	All	60-Day	N- No Change
<b>CCIP Tool</b>						
Renamed "Practice Model" section to "Care Coordination Approach"	Renamed to clarify the intent of what should be captured in this section	CCIP	Plan	Practice Model	Dr. Killmer	N- No Change
Moved Patient Self Management Section from the "Plan" Section to the "Do" section	Realigned to coincide with actual industry process.	CCIP	Plan	Patient Self Management Education	60-Day	N- No Change
Renamed "Patient Self Management Education" section to "Education" and added two tables into this section named "Patient & Caregiver Self Management" and "Provider Education". Additionally, added examples into the instructions, "e.g. diabetes, COPD"	Renamed and expanded instructions to clarify the intent of what should be captured in this section and provided two tables to differentiate between the activities expected to be included in this section	CCIP	Plan	Patient Self Management Education	Dr. Killmer	N- No Change

High Level Summary

Revision	Purpose of the Revision	QIP/CCIP Tools	Section	Subsection	Source	Level of Burden <i>I = Increases burden</i> <i>D – Decreases burden</i> <i>N – No Change</i>
Deleted "Budget and Resources" Section	Removed section based on comments that it was excessively burdensome to breakdown budget activities in this way and because it was not needed for overall scoring	CCIP	Plan	Budget and Resources	60-Day	D - Decreases burden
<b>QIP Tool</b>						
Added "Other" field under the heading "Impact on Member" in the Basis of Selection Section	To allow plan's more flexibility in categorizing results of activities.	QIP	Plan	Basis for Selection	60-Day	N- No Change
Deleted "Budget and Resources" Section	Removed section based on comments that it was excessively burdensome to breakdown budget activities in this way and because it was not needed for overall scoring	QIP	Plan	Budget and Resources	60-Day	D - Decreases burden
Renamed "Risk Mitigation" section to "Mitigation Plan for Risk Assessment"	Renamed to clarify the intent of what should be captured in this section	QIP	Plan	Risk Assessment	60-Day	N- No Change
Added the following language to the CMS Regional Office Approval Section: "The above information will remain in the system for reporting in subsequent years"	To ensure consistency in the RO Approval Process between QIP and CCIP tools	QIP	Plan	CMS Regional Office Approval	60-Day	N- No Change
Added language "(skip if not applicable)" to the Numerator and Denominator columns in the Results Table. Additionally, added a new column entitled, "Other Data or Results" to the Results Table	To explain that not all plans will have data for the numerator/denominator columns. The additional column is for plan's to enter other types of data not captured in the table.	QIP	Study	Results	Dr. Killmer	N- No Change
Moved "Root Cause Analysis Description" before "Next Steps" in the Act Portion.	Realigned to coincide with actual industry process.	QIP	Act	Root Cause Analysis Description	60-Day	N- No Change
