A detailed description of the Call Area can be found in the Call that is being published concurrently with this Notice.

Map of the Call Area

A map of the Call Area can be found at the following URL: <http://boem.gov/Renewable-Energy-Program/State-Activities/Massachusetts.aspx>

A large-scale map of the Call Area showing its boundaries and with numbered blocks is available from BOEM at the following address: Bureau of Ocean Energy Management, Office of Renewable Energy Programs, 381 Elden Street, HM 1328, Herndon, Virginia 20170-4817, Phone: (703) 787-1320.

5. Cooperating Agencies

BOEM invites Federal, state, and local government agencies, as well as tribal governments, to consider becoming cooperating agencies in the preparation of this EA. CEQ regulations implementing the procedural provisions of NEPA define cooperating agencies as those with "jurisdiction by law or special expertise" (40 CFR 1508.5). Potential cooperating agencies should consider their authority and capacity to assume the responsibilities of a cooperating agency and remember that an agency's role in the environmental analysis neither enlarges nor diminishes the final decision-making authority of any other agency involved in the NEPA process.

Upon request, BOEM will provide potential cooperating agencies with a draft Memorandum of Agreement that includes a schedule with critical action dates and milestones, mutual responsibilities, designated points of contact, and expectations for handling predecisional information. Agencies should also consider the "Factors for Determining Cooperating Agency Status" in Attachment 1 to CEQ's January 30, 2002, Memorandum for the Heads of Federal Agencies: Cooperating Agencies in Implementing the Procedural Requirements of the NEPA. A copy of this document is available at: <http://ceg.hss.doe.gov/nepa/regis/cooperating/cooperatingagenciesmemorandum.html> and at: <http://ceg.hss.doe.gov/nepa/regis/cooperating/cooperatingagencymemofactors.html>.

BOEM, as the lead agency, will not provide financial assistance to cooperating agencies. Even if an organization is not a cooperating agency, opportunities will exist to provide information and comments to BOEM during the normal public input phases of the NEPA/EA process.

Federal, state, local government agencies, tribal governments, and other interested parties are requested to send their written comments regarding environmental issues and the identification of reasonable alternatives related to the proposed action described in this Notice in one of the following ways:
