A petition for Trade Adjustment Assistance (TAA) has been filed on behalf of a group of workers at [insert subject firm's name, city and state here. Your assistance in expeditiously completing this form is necessary for the U.S. Department of Labor to determine whether these workers may be eligible for federal benefits. By law, this determination must be made within a certain time period following the filing date of the petition (19 U.S.C. 2273(a)). The Secretary of Labor is authorized to obtain this information through subpoena if you fail to comply with this request (19 U.S.C. 2272(e)(3)(B)). Accordingly, please complete and return this form no later than [Insert date here].

Background: The Trade Act of 1974 (19 USC § 2271 et seq.), as amended, established Trade Adjustment Assistance (TAA) to provide assistance to workers in firms with a decline in sales or a decline in production of articles or supply of services affected by imports of articles or services from foreign countries or shifts in production or services to foreign countries. After receiving a TAA and ATAA petition, TAA investigators analyze the facts to determine whether increased imports or shifts in production or services contributed importantly to the workers' actual or threatened layoffs or work reductions and to determine whether the required minimum proportion of the workforce has either been laid off or is threatened with layoffs. The TAA Program provides petitioners with both rapid and early assistance. Once a petition has been granted and workers are certified as eligible to participate in the TAA program, workers covered by a certification may contact their state workforce agency to apply for additional reemployment assistance including long-term training while receiving income support and other benefits. These benefits are provided at no expense to employers.
