AGENCY: Transportation Security Administration, DHS.

ACTION: 60-day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0039, abstracted below that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the

information collection and its expected burden. The collection involves the submission of information from claimants in order to thoroughly examine and resolve tort claims against the agency.

DATES: Send your comments by May 24, 2011.

ADDRESSES: Comments may be e-mailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson at the above address, or by telephone (571) 227-3651.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0039; TSA Claims Management Program allows the agency to collect information from claimants in order to thoroughly examine and resolve tort claims against the agency. TSA receives approximately 1,070 tort claims per month arising from airport screening activities and other circumstances, including motor vehicle accidents and employee loss. The Federal Tort Claims Act (28 U.S.C. 1346(b), 1402(b), 2401(b), 2671-2680) is the authority under which the TSA Claims Management Branch adjudicates tort claims.

The data is collected whenever an individual believes s/he has

experienced property loss or damage, a personal injury, or other damages due to the negligence or wrongful act or omission of a TSA employee, and decides to file a Federal tort claim against TSA. Submission of a claim is entirely voluntary and initiated by individuals. The claimants (or respondents) to this collection are typically the traveling public. Currently, claimants file a claim by submitting to TSA a Standard Form 95 (SF-95), which has been approved under OMB control number 1105-0008. Because TSA requires further clarifying information, claimants are asked to complete a Supplemental Information page added to the SF-95. If TSA determines payment is warranted, TSA will send the claimant a form requesting banking information (routing and accounting numbers) in order to direct payment to the claimant. This form has been approved under OMB control number 1652-0039.

Claim instructions and forms are available through the TSA Web site at <http://www.tsa.gov>. Claimants must download these forms and mail or fax them to TSA. On the Supplemental Information page, claimants are asked to provide additional claim information including: (1) E-mail address, (2) airport, (3) location of incident within the airport, (4) complete travel itinerary, (5) whether baggage was delayed by airline, (6) why they believe TSA was negligent, (7) whether they used a third-party baggage service, (8) whether they were traveling under military orders, and (9) whether they submitted claims with the airlines or insurance companies.

If TSA determines payment is warranted, TSA sends the claimant a form requesting: (1) Claimant signature, (2) banking information, and (3) Social Security number (required by the U.S. Treasury for all Government payments to the public pursuant to 31 U.S.C. 3325).

Under the current system of claims submitted by mail or fax, TSA estimates there will be approximately 12,860 respondents on an annual basis, for a total annual hour burden of 8,575 hours.

Use of Results

TSA will use all data collected from claimants to examine and analyze tort claims against the agency to determine alleged TSA liability and to reimburse claimants when claims are approved. In some cases, TSA may use the information to identify victims of theft or to aid any criminal investigations into property theft.

Issued in Arlington, Virginia, on March 22, 2011.

Joanna Johnson,

TSA Paperwork Reduction Act Officer, Office of Information Technology.
