Student Records Data Due: «expected_Date_curr»

Dear «salutation» «lname»,

Thank you for your continued participation in the 2011-12 National Postsecondary Student Aid Study (NPSAS). We have finished processing the student enrollment file you provided, and have selected a random sample of [# **sampled**] students from your institution for participation in NPSAS. We now need to ask that you provide student record data for your sampled students using the secure Web application developed for NPSAS. Please complete the record abstraction and provide the requested data for these students on or before [**DUE DATE**]. We will send separate correspondence to the sampled students asking that they complete the NPSAS survey either online or by telephone interview.

We have developed an Internet-based NPSAS Student Records System through which you (or someone on your staff) will be able to provide data for your selected students. The Student Records System is located on the same secure website that you have used for prior components of the study:

<https://surveys.nces.ed.gov/NPSASschool>.

To assist you with the process of providing student record data, we have enclosed a *Quick Guide to Providing Student Records Data* describing how to access and use the Student Records software. You can find details on what data NPSAS needs to obtain for each sampled student from the Forms/Instructions link on the NPSAS website. A list of your sampled students can be found on the NPSAS website, and you can easily print a hardcopy if you would like one.

There are four different methods available for providing the student data through the NPSAS Student Records System:

- **Case-mode** – enter data for one student at a time.
- **Grid-mode** – enter data for multiple students in a format resembling a spreadsheet.
- **Upload data files created from our template** - download an Excel template, fill in the requested data for all students, and upload the completed files.
- **Upload data files created by an institution programmer** - create and upload data files following the specifications on the study website.

Regardless of the method you choose, you will be able to review and edit the

provided data on screen in the Student Records System.

NPSAS:12 SUPPORTING STATEMENT REQUEST FOR OMB REVIEW

Please be assured that the security of your students' data is of the utmost importance, and the Student Records software has been developed with this in mind. The system encrypts all data, with the latest technologies, before transmitting them over the Internet to NCES. In addition, access to the list of students (and to the forms used to enter their data) will require authentication using your IPEDS UNITID and unique password. They are printed near the top of this letter for your convenience. Please ensure that access is given only to those at your institution who will provide student records data.

Soon, we will call you to confirm your receipt of this material and the completion date for providing student records data. Help Desk staff will be available from 9:00 a.m. to 7:00 p.m. ET, Monday through Friday, to answer any questions you may have about the study or about using the Student Records System. You may contact the NPSAS Help Desk at 1-888-677-2741, toll-free, or via e-mail at NPSASrecords@rti.org.

Again, thank you for your continued participation in this important study.

NPSAS Student Records Frequently Asked Questions (FAQs)

1. What are the system requirements for using the NPSAS Student Records System?

To use the Web-based NPSAS Student Records System, your computer must possess (at a minimum):

- An Internet connection (high-speed cable is optimum).
- A web browser, such as Microsoft Internet Explorer 6.5 or higher, Firefox 3.0 or higher, Chrome 3.0 or higher, or Safari 3.0 or higher with the following:
 - 128-bit encryption. You may have to adjust your browser settings or download an update to activate 128-bit encryption.
 - JavaScript enabled. JavaScript is the programming language of the interactive sections of our website and must be enabled for many pages to work properly.
 - Secure Sockets Layer (SSL) enabled. SSL is used to provide additional security for our website and your data.
 - Session cookies enabled. Session cookies are small text files temporarily stored in your RAM until you close your browser. Session cookies are not stored on your hard drive and are automatically removed at the end of the browsing session.

2. How confidential is this website?

For this and all other web-based data collections that are part of NPSAS, proven methods of protection for online sessions and data security over the Internet are being used. Secure Sockets Layer (SSL) protocol is used to encrypt the data over the Internet. The study website is password protected and requires the user to log in to the site before accessing confidential data. The system will automatically log the user out after 20 minutes of inactivity on the session, preventing unauthorized user access to the site.

3. What about confidentiality of the data collected?

Both NCES and RTI follow strict procedures to protect the privacy and confidentiality of study participants. The *Confidentiality Fact Sheet* on the NPSAS website describes our security systems and procedures, and provides more details on how data are maintained. Any data released to the public will be in aggregate form (for example, statistical tables). Restricted use data files (which contain record-level data, but no identifying information) are available only to a limited number of qualified researchers, who must pledge, under penalty of law with severe fines and imprisonment, to maintain the confidentiality of the data.

4. Do we need to have the student's permission before providing this information?

No. The data request for NPSAS fully conforms to the requirements of the Family Educational Rights and Privacy Act of 1974 (FERPA) [20 United States Code 1232g; 34 CFR Part 99]. FERPA is designed to protect the privacy rights of students and their

families by providing consistent standards for the release of personally identifiable student and family information. The National Center for Education Statistics (NCES) and its agent, RTI International (RTI), are permitted by the provisions of FERPA to obtain student-level data from institutions. These data are subject to strict confidentiality protections, which must be adhered to by both NCES and RTI.

Student or parental consent is not required for release of information to NCES. FERPA explicitly states in 34 CFR 99.31 that an educational institution may disclose personally identifiable information from an education record of a student without prior consent if the disclosure is to authorized representatives of the Secretary of Education, which includes RTI as contractor for this research. A definition of personally identifiable information can be found in 34 CFR 99.3. Personal identifiers, such as Social Security number and student number, are included in the definition. You may review this legislation on the U.S. Department of Education's website: <http://www.ed.gov/policy/gen/reg/ferpa>.

5. By what authority does RTI collect this information?

NPSAS is sponsored by the National Center for Education Statistics (NCES), United States Department of Education. It is conducted under the authority of the Higher Education Opportunity Act of 2008 (HEOA) (20 U.S.C. § 1015) and the Education Sciences Reform Act of 2002 (ESRA) (20 U.S.C. § 9512) which authorizes NCES, within the Department of Education's Institute of Education Sciences, to collect and disseminate information about education in the United States.

6. Where do I go for the information requested?

The information needed for each of the sampled students is typically collected from three distinct (document or online) sources at your institution: the Admissions or Registrar's Office; the Bursar's or Business Office; and the Financial Aid Office. If you require assistance after reviewing the enclosed *Quick Guide to Providing Student Records Data*, please contact the Help Desk with your questions at 1-888-NPSAS411 (1-888-677-2741), toll-free, or via e-mail at NPSASrecords@rti.org.

7. How long does it take to collect student records data for NPSAS?

Because NPSAS needs information from students' files (electronic or hard copy), and institutions have different methods of record keeping, our estimates indicate that providing the requested student records data will take about [if field test]13 / [if full-scale] 20] hours on average. If you have any concerns with the amount of time it is taking you to provide the requested data, please call the Help Desk at 1-888-NPSAS411 (1-888-677-2741), toll-free. RTI will work with you to ensure you have the support needed to successfully complete this data collection effort.

8. Can I provide a data file instead of using the case-mode or grid-mode data entry options?

Yes. You can download an Excel template to create the four files we need, or a programmer can create each file according to the specifications available on the Student Records Data page of the NPSAS website. After the files are uploaded, your data can be reviewed and edited online using the NPSAS Student Records System. If you have questions, please contact RTI's Help Desk at 1-888-NPSAS411 (1-888-677-2741) or e-mail NPSASrecords@rti.org.

9. Do I need to supply the student's Social Security Number (SSN) in NPSAS Student Records if we already provided it on the student enrollment list?

No. If your institution provided each student's SSN on the student enrollment list, it will be displayed in the NPSAS Student Records System so that the user can be sure he/she is entering data for the correct student. Please correct the SSN if needed. The student's SSN is needed to perform file matches to other data sources, including the Central Processing System (CPS).

Dear «salutation» «lname»,

Thank you for your participation in the 2011-12 National Postsecondary Student Aid Study (NPSAS). We finished processing the student enrollment file you provided and have selected a random sample of «tot_cnt» students from your institution for participation in NPSAS. We now need to collect institutional record data for these students. Our records show that your institution has requested assistance in performing the record abstractions. RTI can send a trained staff member to your institution to enter the student record data for your institution.

Our staff member will be calling you soon to discuss their visit. To help you prepare for this visit and better understand the data requested, we have enclosed a list of the types of data we would like to obtain for each sampled student. The list of sampled students can be found on the secure study website where you can easily print a hardcopy if you would like one: <https://surveys.nces.ed.gov/NPSASschool>. This website is the same one that you have used for prior components of the study.

Please be assured that the security of the data is of the utmost importance, and our study procedures and applications have been developed with this in mind. The software application encrypts all data with the latest technologies, before they are transmitted to RTI. In addition, access to the list of sampled students and the NPSAS Student Records System on the study website requires user authentication, using your IPEDS UNITID and unique password (listed above for your convenience). Please ensure that access to the list of sampled students is given only to those at your institution who will provide the requested data.

The RTI staff member who contacts you will serve as your point of contact for this activity. If you are ever unable to reach him/her, you may contact the NPSAS Student Records manager, Tiffany Mattox, at 1-800-334-8571 ext. 27791, toll-free, or via e-mail at tmattox@rti.org. You may also direct questions about the study to me at 919-541-6870 (Jennifer@rti.org) or to NCES by contacting Tracy Hunt-White, Ph.D. at 202-502-7438 (Tracy.Hunt-White@ed.gov).

Again, thank you for your continued participation in this important study.

Sincerely,

2011-12 National Postsecondary Student Aid Study

National Postsecondary Student Aid Study (NPSAS)

NPSAS is a national survey of undergraduate and graduate students, with a focus on how they pay for their education.

We collect information from students like you to describe national trends in enrollment patterns, education goals, employment, and backgrounds of students continuing their education after high school. In addition to your survey responses, we collect financial aid, student records, and related information from your institution and other sources such as student loan databases and admissions testing agencies.

Students beginning college for the first time in the 2011-12 school year may be part of a special follow-up study in later years to learn more about their paths in education, employment, and other experiences.

NPSAS results are used by the U.S. Department of Education and Congress to better understand the impact of federal aid programs in helping students and their families pay for postsecondary education.

NPSAS is sponsored by the National Center for Education Statistics (NCES) in the U.S. Department of Education's Institute of Education Sciences. NPSAS is conducted under contract by RTI International, a nonprofit research organization based in North Carolina.

NPSAS consists of a sample of about 117,000 students randomly selected from about 1,700 institutions in the 50 states and the District of Columbia.

You are one of a small group of students chosen for this study. Your participation is very important, and your feedback is vital to the success of NPSAS.

Sponsored by
 National Center for Education Statistics
 Institute of Education Sciences
 U.S. Department of Education

NCES 2011-920

Your participation in NPSAS is important.

While there are no specific benefits to you for participating in NPSAS, your participation will help policymakers better understand and meet the financial needs of about 26 million students who are continuing their education beyond high school.

Your only risk of participation in NPSAS relates to data security. Given the strict confidentiality and security procedures in place, such risks of participation are minimal.

Although participation in NPSAS is voluntary, there is no substitute for your responses.

You will receive a token of appreciation for your participation.

Your survey won't take long.

On average, the survey takes about 35 minutes. Your time will vary depending on your answers and internet connection speed, if completing online.

You can see how NPSAS is used.

Publications from previous studies are available on the NCES website at <http://nces.ed.gov/surveys/npsas/>. Results from the current study are scheduled to be released in 2013 and will be posted on the NCES website as soon as they are available.

Your answers will remain confidential.

Your privacy is protected under federal law. Your responses and student record information may be used only for statistical purposes and will not be disclosed, or used, in identifiable form for any other purpose, except as required by law (20 U.S.C. § 9573).

Confidentiality procedures are reviewed and approved by RTI's Institutional Review Board in the Office of Research Protection. Your answers are secured behind firewalls and are encrypted during internet transmission using Secure Sockets Layer (SSL) protocol. All data entry modules are password protected and require the user to log in before accessing confidential data. Project staff are subject to large fines or imprisonment if they disclose individual responses.

The 2011-12 National Postsecondary Student Aid Study is conducted under the authority of the Higher Education Opportunity Act (HEOA) of 2008 (20 U.S.C. § 1015) and the Education Sciences Reform Act (ESRA) of 2002 (20 U.S.C. § 9512), which authorizes NCES to collect and disseminate information about education in the United States. Collection is most often done through surveys.

NCES is required to follow strict procedures to protect the confidentiality of persons in the collection, reporting, and publication of data. All individually identifiable information supplied by individuals or institutions to a federal agency may be used only for statistical purposes and may not be disclosed or used in identifiable form for any other purpose, unless otherwise compelled by law (20 U.S.C. § 9573).

You can participate in one of two ways.

1. Online

Go to the study website at <https://surveys.nces.ed.gov/npsas/>

Then, simply enter your Study ID number and password and select Login.

2. By telephone

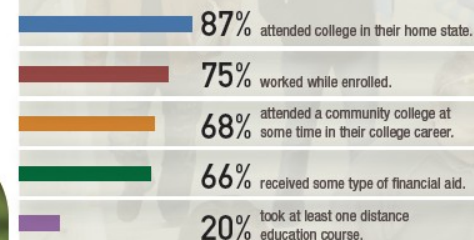

If you prefer to complete the NPSAS survey by telephone, call the NPSAS Help Desk at **1-877-NPSAS-NOW (1-877-677-2766)** to speak with a professionally trained interviewer.

If you need assistance, call the NPSAS Help Desk at **1-877-NPSAS-NOW (1-877-677-2766)** or contact us via e-mail at npsas@rti.org.

Snapshot of Results from the 2007-08 NPSAS

The last NPSAS was conducted during the 2007-08 academic year and involved 114,000 undergraduates and 14,000 graduate and first-professional students enrolled in approximately 1,600 postsecondary institutions.

Dear «fname» «lname»:

I am writing to ask you to participate in an important study that will help determine how students and their families meet the cost of education beyond high school. For your participation, I would like for you to complete a survey online. On average, the survey takes about 25 minutes to complete, depending on your answers.

When you access the survey online, you will be asked questions about how you paid for your school expenses during the 2011–12 school year, including whether you received financial aid. If you received financial aid, you will be asked whether the amount of aid was enough to meet your educational expenses. If you did not receive financial aid, you will be asked about how you met your school expenses. **Please watch our informational YouTube video featuring ED to learn more about NPSAS: <<videolink>>.**

Students from all types of institutions and all financial situations have been randomly selected to participate in the 2012 National Postsecondary Student Aid Study (NPSAS). Your responses will represent responses of all students enrolled in postsecondary education. Therefore, your participation in this study is critical.

To complete the survey online:

1. Go to: <https://surveys.nces.ed.gov/npsas/>.
2. Type the Study ID and password (provided below) on the Home/Login page.
3. Click “Login” to begin the survey.

RTI International, an independent, nonprofit research organization based in North Carolina, is conducting the study for the National Center for Education Statistics in the U.S. Department of Education’s Institute of Education Sciences. To express our appreciation for your participation, a \$30 check will be mailed to you if you complete the survey by «EarlyIncDate». If you are unable to complete the survey by that date, an RTI interviewer will call you to complete the survey by telephone.

Participation in this study is voluntary and will not affect any aid or other benefits you receive.

The enclosed brochure answers many common questions about the study and contains additional information on laws and procedures that protect the confidentiality of your responses. If you have questions about the study, you can visit the study web site at <https://surveys.nces.ed.gov/npsas/>, call the NPSAS help desk at 1-877-NPSAS-NOW (1-877-677-2766), or send an e-mail to npsas@rti.org.

I thank you in advance for your participation in this important study. Your cooperation is greatly appreciated.

Your student, «fname» «lname», has been selected to participate in the National Postsecondary Student Aid Study (NPSAS), which is being conducted by RTI International for the National Center for Education Statistics (NCES) in the U.S. Department of Education's Institute of Education Sciences. We are now conducting interviews. You can help make the study a success by encouraging «pronoun2» to complete the NPSAS interview by **«EarlyIncDate»**. **If «pronoun1» completes the interview by «EarlyIncDate», «pronoun1» will receive \$30 as a token of our appreciation.**

Data collected from NPSAS will help educators, researchers, and policymakers better understand how students and their families meet the cost of education beyond high school. The interview covers topics such as enrollment patterns, education goals, employment, and background.

Enclosed you will find a brochure that provides an overview of NPSAS, findings from the past NPSAS studies, and confidentiality procedures. «fname»'s participation in this study, while voluntary, is critical to the study's success.

If you have any questions or concerns about the study itself, please contact the NPSAS Project Director, Dr. Jennifer Wine, toll-free, at 1-877-225-8470 (e-mail: jennifer@rti.org) or the NCES Project Officer, Dr. Tracy Hunt-White, at 1-202-502-7438 (e-mail: tracy.hunt-white@ed.gov).

We sincerely appreciate your assistance and thank you in advance for helping us conduct this important study.

Dear Parent or Guardian,

We are pleased to inform you that your student, «fname» «lname», has been selected to participate in an education study sponsored by the National Center for Education Statistics (NCES), in the U. S. Department of Education's Institute of Education Sciences. The purpose of the 2012 National Postsecondary Student Aid Study (NPSAS:12) is to provide Congress, researchers, and policymakers with information about financial aid in postsecondary education. However, because «fname» is less than 18 years old, we need your permission for «fname» to participate.

Approximately 117,000 students from approximately 1,700 schools across the nation have been selected to participate in NPSAS. Students are being asked to complete a web or telephone survey that takes about 25 minutes to complete, depending on answers, about their enrollment during the 2011-12 academic year, including questions about degree, field of study, financial aid, employment while enrolled, educational experiences, and background characteristics. Once the survey is completed, «fname» will receive a \$30 check as a token of our appreciation.

NCES is authorized by federal law (Public Law 107-279) to conduct NPSAS. RTI International, an independent nonprofit research organization based in North Carolina, is conducting the study for NCES. Responses and student record information may be used only for statistical purposes and will not be disclosed, or used, in identifiable form for any other purpose, except as required by law. Data will be combined to produce statistical reports for Congress and others. No individual data (e.g., names or addresses) will be reported.

Participation is voluntary. «fname» may withdraw from the study at any point. However, I do need your help. «fname» was selected to represent many other students. «fname»'s responses are necessary to make the results of this important study accurate and timely. «fname» may refuse to answer any particular question. While there are neither significant risks nor direct benefits to «fname» for participating, the survey may benefit the nation's college students by providing timely data relevant to educational policymaking.

If you would rather not provide permission for «fname» to participate, please fill out the enclosed form and return it by (date) in the postage-paid envelope provided. Otherwise, we will accept non-response as passive consent for participation.

The enclosed brochure provides more information about the study. If you have any questions about NPSAS or «fname»'s participation in the study, please call the NPSAS Help Desk toll-free at 1-877-677-2766. If you have questions about the rights of study participants, you may call RTI's Office for Research Protection toll-free at 1-866-214-2043.

I thank you in advance for your cooperation in this important research.

Sincerely,

Jack Buckley, Ph.D.

Script for NPSAS:12 Lego Video

Text in [brackets] describes scenes:

[Sample member (SM) goes to the mailbox and gets out a letter]

SM: "The National Postsecondary Student Aid Study? What do they need me for? This is going in the trash..."

[Helicopter with Ed on the side]

"Ed: Sounds like I'm needed!"

[Ed lowers into view, starts conversation with SM]

Ed: "Before you throw that away, I've got a few things I'd like to tell you."

SM: "Who are you?"

Ed: "I'm Ed, from the U.S. Department of Education. We want you to complete our survey so we can learn more about how students and their families finance their education."

SM: "What kind of things will you ask me?"

Ed: "We're interested in your education after high school [student throwing mortarboard]."

The kind of degree or certificate you are studying for. [classroom scene with teacher]

Whether or not you received scholarships, loans, or help from family to pay for school. [show a Lego figure hand and arm holding a Financial Aid Form]

Whether you are working while you're in school? [Lego figure working as a cashier]

The number of people in your household? [scene of one Lego figure, then several others appear]

We can offer you \$30 to thank you for your time. [Lego character with money appearing in his hand]

[Scene back in front of house]

SM: “Well, I’m pretty busy...”

Ed: “We make it easy for you. You can complete the survey by phone [Lego character using phone], or on the web using your own computer. [Lego character at computer] It won’t take long.

[Scene back in front of house]

SM: “OK, but one more question. How do I know my answers will stay confidential?”

Ed: “Federal law requires that we protect all data collected. Protecting your data is our number one concern.” [Lego policeman closes a vault/safe]

[Scene back in front of house]

SM: “That sounds pretty good. I’ll do it!”

[Ed turns and talks to the camera]

Ed: “You, too, can help us make the National Postsecondary Student Aid Study a success!”

[Lego people appearing, holding hands, and swaying back and forth]

Ed: You’re in a special position to provide us vital information on your experiences attending school and paying for your education. With your participation this study will help Congress evaluate federal aid policies and programs to help students like you find success in college and beyond.

[Back in front of house]

SM: “Thanks, ED!!”

Ed: “Thank you for taking our survey!”

The survey takes about 25 minutes to complete, depending on your answers.

Your responses, combined with student record information, may be used only for statistical purposes and may not be disclosed, or used, in personally identifiable form for any other purpose, except as required by law (20 U.S.C. § 9573). You are one of approximately 117,000 students who will be taking part in this study. In addition to your survey responses, we collect financial aid, student records and related information from your institution and sources such as student loan databases and admissions testing agencies.

[If level is undergraduate and student is a first time beginner]:

Students who were enrolled in college for the first time between July 1, 2011 and June 30, 2012 will also be part of a special follow-up study in future years that will help us learn about their education and employment experiences since completing this 2012 survey.
