Statistical Report Section 235(b), (j) and (i)

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This information is required to obtain benefits. HUD may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number. Section 235 of the National Housing Act authorizes the Secretary of the Department of Housing and Urban Development to make assistance payments to qualified homeowners annually (or more frequently as deemed necessary) for the purpose of adjusting the amount of assistance payments. HUD uses this information to adjust recertifications on the amount of subsidy a mortgagor is eligible to receive. If the information were not collected, HUD would not be able to prevent fraud, waste, and abuse on overpaid assistance. The information is considered confidential. While no assurances of confidentiality are pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information request. **Do not send this form to the above address.** The information requested is required by P.L.479, 48 Stat, U.S.C.1701 et. seq. Failure to provide the requested information may result in loss of assistance payment.

Important: See instructions below and Privacy Act Statement on form HUD-93101 before completing this statistical report.
