Department of Defense National Survey of Employers

You have been randomly selected to participate in this survey about the best practices in supporting businesses (public, private, and non-profit) that employ National Guard and Reserve (NGR) members. We would still like to hear from you even if you do not currently employ any NGR members. Your answers to these questions, along with your comments or opinions, can help inform DoD about the impact on employers when their employees are absent to serve in the military and to help shape policy and program initiatives, pre-mobilization planning efforts, and outreach efforts to employers
