NIH Office of Dietary Supplements Help Us Evaluate the Dietary Supplement Research Practicum

Dear Jody Engel:

The Office of Dietary Supplements (ODS) at the National Institutes of Health (NIH) is seeking your help to evaluate its annual practicum.

In [Macro: Year Attended], you attended the **Dietary Supplement Research Practicum**, and we would like to hear about what role your practicum experience has played in your work today. We have prepared a brief survey to capture this information. Your feedback will help ODS develop future practicum curricula and learn how we can better support the work of practicum participants in the field of dietary supplement research and education following the event.

[Take the Dietary Supplement Research Practicum Participant Survey](#)

It will take no more than 25 minutes to complete the survey. Unless you choose to identify yourself, your answers will remain anonymous. If you have any questions or concerns about this survey, please contact barbara.cohen5@verizon.net. We look forward to receiving your feedback.

Now Accepting Applications for This Year's Practicum

Visit <http://odspracticum.od.nih.gov> for more details.

About ODS

The [Office of Dietary Supplements \(ODS\)](#) is part of the National Institutes of Health (NIH), the nation's medical research agency—supporting scientific studies that turn discovery into health.
