

Noisy Planet-Customer Satisfaction Survey (English)

Q1. The National Institute on Deafness and Other Communication Disorders (NIDCD), part of the National Institutes of Health, is conducting a customer satisfaction survey about *It's A Noisy Planet. Protect Their Hearing*. This is a health education campaign to increase awareness about and prevention of noise-induced hearing loss (NIHL).

The NIDCD wants to learn what you think about the campaign materials available to the public. You are being asked to participate in this survey because you ordered Noisy Planet or NIDCD materials in the past year. **Your participation in this survey is voluntary** and will help the NIDCD create a more effective campaign to reach youth ages 8-12 (tweens) and their parents.

Completing the survey **should take about 10-15 minutes**. We want your opinion, so **there are no wrong answers**. You should know that:

- Your participation is anonymous.
- Only a few people directly involved in the survey will have access to your contact information. After the survey is complete, your contact information will be destroyed.
- Your responses will be added to those of other participants and analyzed as a group.
- You can choose to not answer questions or stop your participation at any time without consequence to you.

The NIDCD is authorized to conduct this study under section 42 USC 285f of U.S. Law, and has contracted with NOVA Research to conduct the study. If you have questions about this study or your participation, please contact Daniel Eckstein by email at DEckstein@novaresearch.com or by phone at 240-483-4192.

By clicking on the link below, you certify that **you are at least 18 years of age** and voluntarily consent to participate in this survey. Thank you! (Choose one)

- 1 Agree
- 2 Decline participation

If Q1 is equal to 2, then skip to end of questionnaire.

Public reporting burden for this collection of information is estimated to average 12 minutes per response. This time includes the length of time allotted for the survey questions. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.
