

APPENDIX A: OMNIBUS SURVEY TEXT VERSION

The National Institutes of Health is conducting a survey to assist in meeting the information needs of the general public around health and science issues. We are asking you to participate in this brief survey, which should take about 2 minutes.

Your participation in this survey will help the NIH more effectively communicate to the public about health and science. The NIH is authorized to conduct this study under section 42 USC 285f of U.S. Law. If you have questions about this study, please contact Daniel Eckstein by email at DEckstein@novaresearch.com or phone: 240-483-4192.

By clicking on the NEXT button below, you certify that you are at least 18 years of age and voluntarily consent to participate in this survey. Thank you!

From:

Marin P. Allen, Ph.D.
Deputy Associate Director for Communications and Public Liaison and Director of Public Information
National Institutes of Health

Public reporting burden for this collection of information is estimated to average 2 minutes per response. This time includes the length of time allotted for the survey questions. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN; PRA (0925-0648). Do not return the completed form to this address.

OMNIBUS SURVEY
Stakeholders: General Public

NIH Awareness and Information

1. To the best of your recollection, when was the last time you remember hearing about the National Institutes of Health (NIH) or its scientific or health research?
