

**Application for Permission to Reapply for Admission Into the  
United States After Deportation or Removal, Form I-212**

OMB Control Number: 1615-0018

Non-Substantive Change Request

**Justification**

USCIS is changing the Form I-212 Instructions in part to require applicants residing outside of the United States to file the Form I-212 and appropriate fees with USCIS domestically rather than with the nearest U.S. Embassy or consulate. The changes are not substantive in nature and do not impact the information collection or the burden on the applicant.
