#### SUPPLEMENTARY INFORMATION:

##### Public Participation and Request for Comments

This Notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collections. There is one ICR for each Collection.

The Coast Guard invites comments on whether these ICRs should be granted based on the Collections being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) The practical utility of the Collections; (2) the accuracy of the estimated burden of the Collections; (3) ways to enhance the quality, utility, and clarity of information subject to the Collections; and (4) ways to minimize the burden of the Collections on respondents, including the use of automated collection techniques or other forms of information technology. In response to your comments, we may revise these ICRs or decide not to seek approval for the Collections. We will consider all comments and material received during the comment period.

We encourage you to respond to this request by submitting comments and related materials. Comments must contain the OMB Control Number of the ICR and the docket number of this request, [USCG-2011-0955], and must be received by December 12, 2011. We will post all comments received, without change, to <http://www.regulations.gov>. They will include any personal information you provide. We have an agreement with DOT to use their DMF. Please see the "Privacy Act" paragraph below.

OMB Control Number: 1625-0034.

Summary: The information is used by the Coast Guard to ensure that personnel aboard ships are made aware of the proper usage and stowage instructions for certain hazardous materials. Provisions are made for waivers of products in special Department of Transportation (DOT) hazard classes.

Need: Section 3306 of 46 U.S.C. authorizes the Coast Guard to prescribe regulations for the transportation, stowage, and use of ships' stores and supplies of a dangerous nature. Part 147 of 46 CFR prescribes the regulations for hazardous ships' stores.

Forms: None.

Respondents: Owners and operators of ships, and suppliers and manufacturers of hazardous materials used on ships.

Frequency: On occasion.

2. Title: Ports and Waterways Safety--Title 33 CFR Subchapter P.  
OMB Control Number: 1625-0043.

Summary: This collection of information allows the master, owner, or agent of a vessel affected by these rules to request a deviation from the requirements governing navigation safety equipment to the extent that there is no reduction in safety.

Need: Provisions in 33 CFR chapter I, subchapter P, allow any person directly affected by the rules in that subchapter to request a deviation from any of the requirements as long as it does not compromise safety. This collection enables the Coast Guard to evaluate the information the respondent supplies, to determine whether it justifies the request for a deviation.

Forms: None.

Respondents: Master, owner, or agent of a vessel.

Frequency: On occasion.

Burden Estimate: The estimated burden has decreased from 2,865 hours to 2,447 hours a year.

Dated: October 5, 2011.
