Introduction and Overview of the AFSP Provider System

• Background

- AFSP transferred from FBI to TSA in September/October 2004
- AFSP operates under Interim Final Rule, 49 CFR Part 1552
- AFSP processes applications for non-U.S. citizens seeking flight training for :
 - Category 1-3 training, which includes
 - Initial training – Multi-engine training
 - Instrument training- Type-rated training
 - Category 4 recurrent training applications.

• Program Approach

- Maintains system of record for training applications
- Confirms candidate meets minimum qualifications for training
- Determines if individual has been denied previously by AFSP
- TSA/AFSP supports a fee charge for vetting and processing training requests.

What defines a flight school?

The Interim Final Rule defines a “Flight school” as:

... any pilot school, flight training center, air carrier flight training facility, or flight instructor certificated under 14 CFR part 61, 121, 135, 141, or 142; or any other person or entity that provides instruction under 49 U.S.C. Subtitle VII, Part A, in the operation of any aircraft or aircraft simulator. TSA is defining this term broadly to include any individual, as well as any entity, that provides such instruction. This definition also includes any individual or entity located outside of the U.S. that provides such instruction.

Federal Aviation Regulations

Code of Federal Regulations (CFR)

Part 61 – Pilots, Flight Instructors, and Ground Instructors

Part 121 - Domestic, Flag, and Supplemental Operations

Part 135 - Commuter and On Demand Operations and Rules Governing Persons on Board Such Aircraft

Part 141- Flight Schools

Part 142 - Training Centers

What defines a flight school employee?

“Flight school employee” is defined as:

a flight instructor or ground instructor certificated under 14 CFR part 61, 141, or 142; a chief instructor certificated under 14 CFR part 141; a director of training certificated under 14 CFR part 142; or any other person employed by a flight school, including an independent contractor, who has direct contact with a flight school student.

Types of AFSP Provider ID's

- **There are two types of providers.**
 - **Provider Administrators**
 - **Provider Agents**
- **Each school is restricted to one Provider Administrator account but may have many Provider Agent accounts**
- **Schools are overseen and regulated by the Federal Aviation Administration (FAA) through Flight Safety District Office (FSDO) AFSP accounts.**

NEW PROCESS FOR CANDIDATE DOCUMENTS - 04/16/2009

Starting April 23, 2009, there will be some changes to the process for submitting documents for AFSP training requests.

- Candidates will now upload a copy of documents at the same time as they are entering the document information, rather than at a separate stage of the training request application.
- Candidates will no longer be required to submit a new copy of their documents every time they submit a training request. The document uploads will be associated with the candidate's account information, rather than with their individual training requests.
- Candidates will have the option of including driver's licenses and other documents that may expedite processing of the training request. Lawful Permanent Resident information will also now be listed separately from other immigration status information.
- Candidates will no longer be able to submit a training request without first uploading a copy of their passport on the ASFP account. **Candidates will also be required to upload a copy of their airman's certificate on the AFSP account if they intend to submit a Category 2, subcategory 1 training request, or participate in a Category 4 training event.** This will ensure that the candidate's documents will be available online for future training requests.
- Candidates will no longer receive emails stating "Documents Illegible or Not Received." If documents are illegible or not acceptable, the training request will be set back to Draft status. The candidate will be notified by email of "Insufficient Information to Process," and will need to attach the requested document(s) to the account before resubmitting the training request for continued processing. This change allows for more interactive and efficient interchange of information between the candidate and AFSP.

An outline of this process will be available on the Application Guide starting April 23, 2009. The tab for the Application Guide is available at the top of this page.

CHANGE TO TRAINING REQUESTS UNDER CATEGORY 4 FOR RECURRENT TRAINING - 04/14/2009

The Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009 (Appropriations Act of 2009), which amends 6 U.S.C. 469.

PRIVACY ACT NOTICE

This notice is for the information of persons covered by the Privacy Act. The Privacy Act covers individuals who are U.S. citizens and permanent resident aliens.

The Transportation Security Administration is authorized to collect the information requested on this form by Section 612 of Vision 100 - Century of Aviation Reauthorization Act (49 U.S.C. § 44939). The information collected including the candidates' social security account numbers, will be used, primarily, to assess possible risks to aviation or national security posed by candidates seeking training in the operation of aircraft of any type. Submission of information sought on this form, including the request for applicants' social security account numbers, is voluntary. However, if the information requested is not submitted, the Transportation Security Administration will be unable to conduct the risk assessment required under the Vision 100 - Century of Aviation Reauthorization Act. Consequently, the candidate/training provider may be denied the opportunity to pursue/conduct the training requested. Information submitted regarding your registration or request for training may be disclosed by the Government only in accordance with the provisions of the Privacy Act.

CONSENT, AUTHORIZATION AND NOTICE

Pursuant to 15 U.S.C. § 7001, it is hereby requested that you consent to the use of electronic records exclusively for purposes of the submission and processing of this form and the accompanying waivers. This is necessary to register you as a provider of flight services and to quickly and effectively process requests from aliens or other designated individuals who seek training from you. In addition, you are asked to consent to such disclosures of information as are necessary to conduct the required risk assessment/investigation or are otherwise deemed necessary in the interests of national security or law enforcement.

In order to use this system and to access any record submitted by you which is maintained on the system, you must have access to a computer through which you can access the internet. In addition, you must have an electronic mail address. You will be apprised by electronic mail of any changes to the system requirements necessary in order to access the information you have submitted.

CONSENT TO ELECTRONIC RECORDS

I hereby consent to the use of electronic records for all purposes in connection with this registration and accompanying waivers. I understand that this form and the waivers attached are not available on paper or in non-electronic form. I further understand that I may withhold or withdraw my consent to the use of electronic records by refusing to submit this form, or by subsequently notifying the Transportation Security Administration in writing of my decision to withhold or withdraw my consent at the following address:

Alien Flight Student Program
301 S. 12th Street
Arlington, VA 20598-6019

I understand that any withdrawal of consent will be effective when processed by the Transportation Security Administration.

I understand that my refusal to authorize the use of electronic records or my subsequent revocation of such authorization may result in the denial or delay in processing of any request submitted by a candidate seeking training.

Non-electronic copies of the records are not provided by the Transportation Security Administration. Nevertheless, persons submitting this form may print out copies of their submissions and retain them in paper form.

Submitting a Request (cont.)

AUTHORIZATION FOR THE RELEASE OF INFORMATION

By submitting this form, I hereby authorize the U.S. Transportation Security Administration to disclose any records or information relating to, or obtained in connection with, my registration, licensure, certification and training status.

I further authorize any individuals having information pertinent to my registration or my training of persons designated under Section 612 of Vision 100 - Century of Aviation Reauthorization Act to disclose such information to an accredited representative of the Transportation Security Administration. The authorization set forth in this paragraph is valid for five (5) years from the date on which this form is electronically submitted, or upon my written termination, whichever is sooner.

I further authorize the release of information relating to, or obtained in connection with, my registration to any law enforcement or intelligence authority or other agency or public authority with relevant jurisdiction where information obtained in connection with such registration reveals a violation or potential violation of law or a risk to aviation or national security.

I further authorize the release of such information to members of the public where such is deemed necessary by the Transportation Security Administration to fulfill a statutory or regulatory function, or for any other law enforcement or national security purpose.

I certify that I am the training provider, or the authorized representative of the training provider for whom this form is submitted. I understand that this is a legally binding document; that my assent to this document constitutes my signature; and that false statements by me in this submission are violations of federal law and may lead to criminal prosecution or other legal action.

Provider Page Help & FAQ

Account Information Area

The top section of the Provider page shows the basic contact information for that training provider, along with those individuals that have access to the provider's AFSP account. If any changes need to be made to this information, contact the AFSP Help Desk at 571-227-4544.

Actions Area

Any administrative actions that the Provider may be prompted to take, from validating a student's application for confirming training completion, will be listed in this new space. Click the name of the Action you wish to take, and training requests will list at the bottom of the page. This is also the space where Category 4 applications can be submitted (if applicable).

Editing Provider Account Information

The Administrator of a Provider's account has the ability to update and modify school contact information. Administrators are asked to include the physical address of their school location. If training is based out of multiple locations, include the address of each location.

Search Area

A search function is now available! Enter any combination of training request numbers, student names or IDs, or other criteria from the drop-down menus and click "Apply Filters". It is a good idea to use the Clear button before running a search. Search results can be sorted by clicking the heading of each column; this toggles the results in an ascending or descending order.

request, or participate in a **Category 4** training event. This will ensure that the candidate's documents will be available online for future training requests.

- Candidates will no longer receive emails stating "Documents Illegible or Not Received" if documents are illegible or not acceptable, the training request will be set back to Draft status. The candidate will be notified by email of "Insufficient Information to Process," and will need to attach the requested document(s) to the account before resubmitting the training request for continued processing. This change allows for more interactive and efficient interchange of information between the candidate and AFSP.

An outline of this process will be available on the Application Guide starting April 23, 2009. The tab for the Application Guide is available at the top of this page.

CHANGE TO TRAINING REQUESTS UNDER CATEGORY 4 FOR RECURRENT TRAINING - 04/14/2009

The Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009 (Appropriations Act of 2009), which amends 6 U.S.C. 469, requires the Secretary of the Department of Homeland Security to (1) establish a process to determine that an alien who takes recurrent flight training is properly identified and does not pose a threat to aviation or national security; and (2) impose reasonable fees to recoup the cost of checking recurrent training candidates. Training requests under Category 4 for recurrent training will undergo the following changes starting **May 13th 2009**:

- Candidates will need to create an AFSP account at www.flighttochoicandidates.gov and submit the same personal information online as training requests under Category 1-3 (name, citizenship, document information, addresses, and employment) prior to a Flight Training Provider being able to submit the Category 4 training request. This must include uploaded copies of the Candidate's passport and airman's certificate. This change DOES NOT affect fingerprints - Category 4 training requests are still exempt from the fingerprint requirement.
- Candidates will also need to select the Flight Training Providers for recurrent training. This will be done from the AFSP Candidate account online, and will give those Flight Training Providers access to submit a Category 4 request for the Candidate.
- The Transportation Security Administration (TSA) announces the imposition of fees for processing alien flight students who take recurrent training. These fees will cover the cost of the security threat assessments of these alien flight students. The total fee will be \$70 for each Category 4 recurrent training request, and will be payable through the Flight Training Provider account.
- Flight Training Providers will be required to take a digital photo of the Candidate when they arrive for flight training, and to upload a copy of the photo to TSA through the AFSP website.

The Alien Flight Student Program regulation can be viewed at <http://www.regulations.gov/submitPublicComment?main?main=DocketDetail&docketID=19147>. The new regulation regarding these changes was posted on April 13, 2009. More information regarding the specific Category 4 training request process will soon be available under the **Legislation, FAQ's, and Application Guide** on the website.

ALERT
Due to an unexpected high volume of training requests, it may take longer for the AFSP Help Desk to respond to your emails and voicemails. Please do not send multiple emails, or leave multiple voicemails for the same issue, as it will delay our responses to you and others. All emails and voice mails will be responded to. Thank you.

NEW PROCESS FOR CANDIDATE DOCUMENTS - 04/16/2009

Starting April 23, 2009, there will be some changes to the process for submitting documents for AFSP training requests.

- Candidates will now upload a copy of documents at the same time as they are entering the document information, rather than at a separate stage of the training request application.
- Candidates will no longer be required to submit a new copy of their documents every time they submit a training request. The document uploads will

STEP 1. WELCOME TO AFSP!

You are beginning the process of creating a **candidate** account on the Alien Flight Student Program web site. Please make sure you have the following information ready to make creating your account as easy as possible:

- A current, valid, Government-issued ID (typically a passport).
- A valid e-mail address we can use to send you your ID and password.

If you have previously created an account, or if you are a candidate who has forgotten your password, please select the "[Forgot Your Password](#)" link to have your login information e-mailed to you. Do NOT attempt to create a new account. If you have questions or concerns, please contact us at AFSP.help@dhs.gov.
