CSP Data Collection Form

Instructions

Purpose of Data Collection:

The new data collection will collect CSP grant award information from grantees (State Educational Agencies (SEAs) and non-SEAs) to create a new database of data from current applicants receiving a CSP grants. The *CSP Data Collection Form* will allow the U.S Department of Education (ED) to monitor CSP grant performance and analyze data related to accountability for academic performance and financial integrity. The data collection will assist in carrying out the purpose of the Charter School Program Section 5201 of the ESEA, which is to expand the number of high quality charter schools and increase the national understanding of the charter school model.

For SEAs:

The *CSP Data Collection Form* has two parts:

Part A asks for CSP SEA award information. The state name, the state contact person, and the department in which the contact person works has already been entered in the form. If this information is incorrect, please contact the data collection administrators (see "Contact Information" below). In the gray boxes, please enter the number of CSP subgrants for each Federal Fiscal Year that are still receiving CSP funds within the State's 36 month project period. Keep in mind that your Grant Award Notification (GAN) provides the beginning and end date for your current project period.

Part B asks for CSP subgrant award information. Beginning in 2011, we are asking grantees to indicate if the subgrant is operated by a management organization, and to provide information on the charter school authorizer. Charter developer information is no longer required. In all, grantees will provide the following information for each active subgrant within the State's 36 month project period: 1) the name and contact information for the charter school and LEA; 2) the charter school's management organization (CMO, EMO or freestanding); 3) the charter authorizing agency; 4) the total amount of funding an applicant received to start a charter school, along with the beginning and end date of the grant project period and budget periods; and 5) other charter school information (e.g., enrollment) as needed.

Form Submission:

The completed *CSP Data Collection Form* should be sent to CSPdatacollection@wested.org. In the subject heading please include "CSP Data Collection" followed by your state or school name. Please be sure to save a copy of the completed form for your own records.

If an electronic copy cannot be sent, please send a paper copy of the completed *CSP Data Collection Form* to the following address:
