For these purposes, you are asked to voluntarily provide your social security number, to assist SBA in making these determinations required by law and to distinguish you from other individuals with the same or similar name or other personal identifier.

Information you provide in the application/form may indicate a violation or potential violation of civil, criminal, or administrative law. In that situation, SBA may refer the information to the appropriate Federal, State, local, or foreign agency charged with responsibility for, or otherwise involved in the investigation, prosecution, enforcement, or prevention of such violations. See 69 FR 58598 (2004) for other published routine uses of this information.

QUESTION F10, PRIVATE EQUITY INVESTING EXPERIENCE

1. Present your experience as a manager or principal of a private equity fund (meaning that you had an investing vote over the whole portfolio) or as a direct investor on your own behalf or for others (collectively referred to as “principal”). If you have been a manager or a principal of a private equity fund, then you must present the data for the performance of the entire fund, because SBA considers all principals of such fund to have been materially involved in all investment decisions.

2. Include all funds or investments from the past 10 years in which you were a principal, as defined above, and include only funds that terminated within 10 years of the date of your filing of this application or which are ongoing.
3. If two or more individuals were managers or principals of the same fund, then supply only **one** set of data concerning the fund, in Question F10 and accompanying tables. However, you must present separate data concerning investments you made on an individual basis or through a separate fund, in Question F10; do not blend this data in with data provided concerning a commonly-managed fund.
4. Do not include investment experience where you acted as an agent or consultant rather than as an active investor. SBA does not consider such experience to be equivalent to private equity or venture investing experience. Additionally, do not include investment banking connected investments, if such investments were of amounts insignificant to the overall size of the financing in which you participated.
5. If you were not a manager or principal of a private equity fund but were responsible for only certain investments in a fund, in the boxes labeled "Fund Name" insert "[Fund Name]-Partial."
6. If you made investments on a one-off basis and your record lends itself to being viewed as if it were a fund (meaning that the quantity of investments and magnitude of dollars invested resemble a fund), you must synthesize a fund for purposes of Question F10. In the boxes labeled "Fund Name," insert "Synthesized." Even if your investing record does not lend itself to being viewed as a synthesized fund, you still must enter data regarding your private equity investments.
7. When responding to the boxes labeled "Distribution by Size of Individual Financings" and "Distribution by Total Financings per Company" divide the sizes of investments made into five categories and fill in the \$ range appropriate for the fund.

QUESTION F13, PART I, SUMMARY OF REALIZED INVESTMENTS, and F14, PART I, SUMMARY OF UNREALIZED INVESTMENTS

1. If you (the individual investor, or fund, or synthesized fund) have only partially liquidated an investment or if you have received cash interest and dividends but still hold securities in a portfolio company or its successor, show the realized part of the investment in Question F13, the unrealized part in Question F14 and allocate costs proportionately between the two.
2. Use Table F13 for investments only where an event has occurred in which you have received cash from:
 - Interest or dividends.
 - Redemption or sale of securities, either of the original portfolio company or of another company that acquired or merged with the portfolio company.
 - Original notes issued by the portfolio company.

- Some or all of the notes you received in connection with the sale of the company.
 - Distribution to investors of securities (including warrants) in the portfolio company, where members of fund management (including any employees, board directors, or persons or entities who received a part of the carry and who received a distribution) already have sold some or all of such securities).
 - Securities in another company through an acquisition or merger, where such other company has distributed to investors all of those securities, and where members of fund management (including any employees, board directors, or persons or entities who receive a part of the carry and who received a distribution) already have sold some or all of such securities.
3. Use Table F14 for investments only where you still hold securities in the portfolio company or where an event has occurred in which you still hold and have received:
- Notes.
 - Securities in another company through an acquisition or merger.
 - Securities in another company through an acquisition or merger and such other company has made an in-kind distribution.
4. Company Name.
- Group all financings for a specific company together, but utilize a separate line for each financing. Where there have been milestone takedowns, you may choose either to treat each takedown as a separate financing or to treat the total investment as a single financing.
 - If an exit involved receipt of securities from another company in connection with the disposition of the original portfolio company, show the name of the original portfolio company and the name of the company whose securities you received, separated by a slash.
 - If there is an allocation (other than because of interest, dividends, royalties, or fees) between F13 and F14, put "(Partial)" after the company name.
 - If you use multiple line items for a single company, add a line with a subtotal with respect to that company.
5. Industry & Product Lines. Enter a broad category and also briefly list the key product(s) such that the reader can get a feel for the company's business; e.g., "Encryption software for cell phones," "Medical devices–stents," "Telecom–Call center software," "Manufacturing–screen doors & vinyl clad window-frames." Please do not enter generic terms such as "Enterprise software" or "Telecom software."
6. Life Cycle Stage. Choose from one of these categories: Seed, Early stage, Growth, Expansion, Change of Control, Turnaround. Enter the category that is appropriate for that specific round of investing.
7. Type of Security. If you used more than one type of security on a round, show each type as a separate line item.

QUESTION F13, PART II, SUMMARY OF REALIZED INVESTMENTS

1. Company Name. For each company, you have a choice between showing individual exits for each security that you purchased or consolidating all exits into one line item, if appropriate.
2. Type of Exit.
 - Categories are: Sale, Merger (including acquisition for stock), IPO, Recap, MBO (including ESOPs), Distress.
 - If the cash receipts to date have been solely from interest or dividends, SBA does not consider you to have exited the investment and, therefore, enter "N/A" in this column.
 - If there have been multiple exits, you may use multiple line items for a single company.
3. Class. Classification of line item. Enter a number from the categories shown in the chart below under "Nominal Value of Receipts," which describes the options for line item classification.
4. Nature of Proceeds.
 - If the proceeds included cash, state "cash" followed by the nature of the proceeds; i.e., "cash dividends," "cash interest," "cash sale of securities," "cash repayment of note," or "cash return of capital" if other than a repaid debt.
 - If you received securities in an exit transaction, state the types of securities received and note any types of conditions related to the transaction. This may include items such as notes with below-market rates of interest, thinly traded stock, 144 stock, lockup, etc.
5. Cost. This refers to your original cost, which you may need to prorate, if you present a portion of the investment in Question F14. If the investment appears in both Questions F13 and F14, put the total amount of the investment in parentheses after the prorated cost amount so that the reader may get a feel for the magnitude of individual investments. Do the same for subtotals and for totals at the bottom of the column. Do not deduct any fees received from the cost. Show such fees, if paid to you, in the columns "Nominal Value of Receipts" and "Actual Cash Realized."
6. Nominal Value of Receipts. Follow the flowchart below and select the appropriate classification number based upon the chart and the explanations that follow. This governs your calculation of the "Nominal Value of Receipts." If there were multiple types of liquidity events, use multiple line items. Include all accumulated dividends or interest payments actually received during the term of the financing.

(1) Enter all cash interest, dividends, royalties, or fees that you have received; use a line item separate from any cash you received in the disposition of securities. If there have not been any exits, enter "F10.4" in this column. If there have been any types of exits, enter "AE" for "And Exits".

(2) For cash you received in a liquidating event, enter the amount of cash received.

(3) Securities that you hold that are publicly tradable or if there are legal or liquidity restrictions could nonetheless be disposed of within six months. This could have occurred through an exchange of shares for public securities, through a registration, by holding securities that are convertible into publicly tradable securities, by holding 144 stock in a quantity that can be sold within the 144 volume limitations, or because of securities subject to lockup agreements expiring within six months. The securities may be of any type (stock, notes, or warrants). If the securities are not disposable within six months, they do not fall into this category and SBA does not consider the securities to have resulted in an exit. Enter the value of the transaction at the time that you received the new securities, and in parentheses, insert the price per share upon which the transaction was based.

(4) You received securities and then liquidated them. The liquidation could have been through public sales or a private transaction that resulted in you receiving cash. Enter the total value at the time of receipt. If you have sold some securities and still hold others, use separate line items for categories (3) and (4).

(5) & (6) The securities are of the same class as in (3) and a distribution in-kind was subsequently made. (a) Enter two amounts with a slash separating them—the total transaction value at the time you received the new securities through an exchange or, if securities are those from the original portfolio company, the total value based upon the average closing price for the week following that of an IPO or secondary offering, and the total value based upon the average of the weekly closing price subsequent to the date on which the distribution to shareholders was made. (b) Enter, in parentheses, two numbers separated by a slash—the closing price per

share upon which the exit transaction was based (or the IPO or secondary), and the closing price per share at the time of the distribution.

For the total at the bottom of the table, where securities were exchanged or there was a public offering, utilize the values calculated at the close on the date utilized for the first value under paragraph (a) of this (5) & (6).

7. Value Gain/Loss. Enter (Nominal Value of Receipts less Cost). There will be two entries if there were distributions in-kind—value at time of receipt of shares or IPO and value at time of distribution—separated by a slash.
8. Actual Cash Realized. Please refer to the flowchart above.
 - (1) Interest, dividends, royalties, fees. Enter the cash received.
 - (2) Disposition of securities that resulted in a cash liquidating event. Enter the cash received.
 - (3) You received securities pursuant to the conditions in item (3) under “Nominal Value of Receipts,” and you retain these securities. Enter “F14.”
 - (4) You received and then sold securities. Enter the cash received from the sale.
 - (5) Distribution in-kind with no restrictions—legal or liquidity. This condition not only requires that there are no legal restrictions to freely selling shares but also that the market could absorb all the newly unrestricted shares (not just yours) over a one-month period without a substantial decrease in the price of the stock. Enter the value of distributed shares based upon the average closing price over the week subsequent to the distribution date.
 - (6) Distributions in-kind with liquidity volume limitations arising either from legal restrictions on the sale of securities or due to liquidity constraints. If the shares are freely tradable but the market could not absorb all the shares that receiving shareholders (including those other than you) could sell over a one-month period, enter the value based upon the average closing price over the week subsequent to the distribution date with a heavy discount (include the discount percentage taken in brackets).
9. Cash Gain/Loss. Enter (Actual Cash Realized less Cost).
10. # Rounds. Enter the number of rounds of financings in which you participated.
11. Multiple of Cost. Enter the multiple of cost. (Actual Cash Realized ÷ Cost)
12. 1st Year. In two digits, enter the year of the *first* investment (not the line item) in the portfolio company.
13. Exit Year. In two digits, enter the year of the exit(s). You might give multiple years such as “98/99,” which might be when the initial exit occurred: for example, through a merger and a second year when you realized cash, or you might show “98-00” if there were multiple exits over a period of years through multiple liquidity events.
14. Yrs. to Exit. Enter the number of years from the date of the *first* investment in the company (not the line item) to exit (meaning the date of the first exit transaction). Use decimal years for less than a year (e.g., 0.5), or if you wish, for all exits. If there were multiple exits, use a dollar-weighted average.

15. Methodologies for Weighted Averages.

Weighted Multiple of Cost		
	Cost	Cash Rec'd.
Inv A	1	10
Inv B	6	12
Totals	7	22
Wtd. Multiple	22 ÷ 7 = 3.1X	

Weighted Years to Exit			
	Cost	Yrs. To Exit	Wtd. Yrs.
Inv A	1	4	4
Inv B	6	2	12
Totals	7		16
Wtd. Years	16 ÷ 7 = 2.3 Yrs.		

QUESTION F14, PART II, SUMMARY OF UNREALIZED INVESTMENTS

1. If you have had partial liquidity events for a specific portfolio company, depending upon how you show your exits in Table F13, Part II, you may want to follow the same pattern in F14, Part II. Therefore, you may consolidate all financings into one line for purposes of valuation data, if appropriate.
2. Current Status. Enter both a profitability and a cash flow code for each investment.
 - Profitability Codes. Earnings pre-tax, on an operating basis, excluding any special gains and tax loss carry-forwards or other tax benefits, but including interest payments. **(P)** Profitable plus number of quarters (counted only since the date you made your first investment): 1,2,3,4, etc.; e.g., P6Q. **(U)** Unprofitable
 - Cash Flow Codes. Cash flow from operations, including interest payments plus any extraordinary or one-time cash costs or expenses. (CF+) Cash flow positive plus number of quarters that cash flow has been positive (counted only since the date you made your first investment); e.g., CF+3Q. (CF-) Cash flow negative. If the company is cash flow negative, indicate the number of months of cash remaining at the current burnrate, and the number of months of cash remaining based upon the current forecast of revenues; e.g., "CF-7/10M."
3. Valuation Dates. Enter the date (Mo./Yr.) of the last change in valuation followed by the date of the last valuation review; e.g., C8/01 R12/01. If they were simultaneous, insert one date with no letters.
4. Cost. Enter your original cost. It may be necessary to prorate this amount, depending upon the circumstances set forth in the "Criteria for Determining When to Use Table F10.3 or F10.4" above. If the investment appears in both tables, after the prorated cost amount, in parentheses, enter the total amount of the investment in order that the reader may get a feel for the magnitude of individual investments. Do the same for subtotals and for totals at the bottom of the column. Do not deduct any fees received from the cost. Show such fees, if paid to you, in the columns "Nominal Value of Receipts" and "Actual Cash Realized."

5. Current Valuation. Enter your current valuation.
6. Gain/Loss. Enter the gain or loss on the basis of your current valuation.
7. Multiple. Enter the multiple of cost. (Valuation ÷ Cost)
8. # Rounds. Enter the number of rounds of financings in which you have participated to date.
9. Basis for Valuation. In a few words, enter the basis (e.g., cost, disc. from public price), CF+ [multiple used] (e.g. CF+4X), P/E [multiple used of *pre-tax* earnings, excluding one-time or extraordinary events (e.g. P/E6X, B.V., etc.)], SNI for "round with Significant number of New Investors," sale or merger, IPO, bankruptcy/liquidation. If you are taking a discount from the nominal value, for example, from market price or investment by a strategic investor, give the discount percentage (e.g., SNI -50%). If the basis for the valuation is "SNI," enter the date of the referenced round.

When doing your valuation, please use the guidance provided by the SBA *Valuation Guidelines* found at <http://www.sba.gov/INV/standards.html>. The SBA may have follow-up questions about how you reached your valuations and may ask for more detailed data.

10. Next Round. If you expect there to be another financing within the next 18 months, enter whether it will probably be: (U) Up, (F) Flat, (D) Down, or (N) None, if you contemplate none. Also, enter a probability of having a closing that meets the targeted financial needs in decimal format between 0 and 1 (e.g., U 0.8).
11. Your Part/Round Size/Percentage. Enter the total amount that you expect to invest in the next round, the size that you expect the round to be, and your percentage. (e.g., \$1.2M/\$5.5M/22%).
12. Projected Exit Year. In two digits, enter the year in which you project that you will exit the investment.
13. Yrs. to Exit. Enter an estimate of the number of years from the date of the *first* investment in the company (not the line item) to the most probable exit date. Use decimal years for less than a year (e.g., 0.5).
14. Amount Expected. Enter the cash realization expected.
15. Multiple. Enter a multiple of cost. (Amount Expected ÷ Cost)
16. Weighted Average Methodology.

Weighted Multiple of Cost		
	Cost	Amt. Expected
Inv A	1	10
Inv B	6	12
Totals	7	22
Wtd. Multiple	22 ÷ 7 = 3.1X

Guarantor waives any right to require SBA to proceed against NMVCC or any of its assets, or to proceed against or exhaust any collateral security that may have been given to SBA in connection a NMVCC's obligations to SBA or to pursue any other remedy in SBA's power whatsoever. Guarantor also waives any and all presentments, demands, protests or notices otherwise required to be given to Guarantor.

If Guarantor Participates In an Impermissible Change of Control, SBA may, at its option and without notice to Guarantor, proceed directly against Guarantor to collect and recover the full amount of the Obligations; however, if SBA provides Leverage to a NMVCC after full written disclosure by a NMVCC or Guarantor of the Change of Control to an official of SBA with authority to approve additional Leverage, then Guarantor shall not have any liability for the future Obligations associated with such Leverage. The commission of a Permitted Transfer without SBA's consent will not subject the Guarantor to liability under this Contract.

Furthermore, if SBA provides Leverage to the NMVCC after written notification to an authorized SBA official that the Guarantor no longer meets any of the criteria in (i) through (v) above of the Instructions to this Contract, Guarantor shall have no liability with respect to such subsequent Leverage.

This Contract shall terminate upon the earlier to occur of (i) repayment in full of all Leverage drawn by a NMVCC and all expenses incurred by SBA in enforcing its rights under this Contract or (ii) the written consent of SBA by an authorized official.

Guarantor acknowledges and agrees that, without notice and without affecting the liability of Guarantor hereunder, from time to time, whether before or after an Impermissible Change of Control has occurred, SBA may renew, extend, grant indulgences or otherwise change the time for payment or performance or otherwise change any other term or condition of a NMVCC's obligations to SBA or otherwise deal with a NMVCC as SBA may elect, all without in any way diminishing, releasing or discharging the liability of Guarantor hereunder. Upon payment of its liability under this Contract, Guarantor shall be subrogated to the rights of SBA to receive payments and distributions of assets from a NMVCC in connection with any and all Leverage provided by SBA to NMVCC.

If any term or provision of this Contract is illegal, invalid or unenforceable, such illegality, invalidity or unenforceability shall not in any way affect or impair the remaining terms and provisions of this Contract.

This Transferor's Liability Contract is binding upon Guarantor, its successors and assigns/heirs, executors, administrators and personal representatives, and may not be waived, amended, modified or, except upon repayment in full of all Leverage as provided above, terminated or discharged except in a writing signed by Guarantor and an authorized official of SBA; provided, that, Guarantor agrees and consents to any assignment of this Contract by SBA, in which event it shall inure to the benefit of any such assignee with the same force and effect as though said assignee was specifically named herein, and Guarantor hereby waives any notice of any such assignment. This Contract shall be governed by and construed in accordance with applicable Federal laws and the laws of the State of organization of the NMVCC.

A current signed Capital Certificate must be on file with SBA at the time that you apply to draw down Leverage.

GUIDELINES ON THE USE OF GUARANTEES AND DUAL COMMITMENTS

Introduction

In certain limited situations, SBA may allow a NMVCC to use a guarantee and/or a dual commitment arrangement so that the NMVCC can include in its Private and Regulatory Capital the Unfunded Commitments of non-Institutional Investors. The circumstances under which SBA may permit the use of a guarantee and the requirements for using a guarantee are described in Section I below. The circumstances under which SBA may permit the use of the dual commitment arrangement and the requirements for a dual commitment are described in Section II below.

NMVCCs and their counsel should note that neither the guarantee nor the dual commitment approach automatically qualifies an investment from a non-

Institutional Investor for inclusion in the NMVCC's Private and Regulatory Capital. Unfunded Commitments from non-Institutional Investors generally are not included in Private or Regulatory Capital (see 13 CFR §§108.50 and 108.230), and in every instance, a guarantee and/or dual commitment arrangement is subject to SBA's approval.

I. Guarantees

To be used for IRAs, Keoghs, Family Trusts and Family Investment Partnerships ONLY.

An IRA, Keogh, family trust or family investment partnership that does not qualify as an Entity Institutional Investor may use a guarantee to have its Unfunded Commitment included as part of Private and Regulatory Capital. Adverse tax consequences may result for the IRA or Keogh, however, so NMVCCs and investors are cautioned to consult with legal counsel before using a guarantee in this situation.

How it Works. The IRA, Keogh, family trust or family investment partnership obtains a guarantee from an Institutional Investor for the full amount of its Unfunded Commitment. For example, for IRAs and Keoghs, if the individual who created the retirement account qualifies as an Institutional Investor, that individual can guarantee to the NMVCC the full amount of the Unfunded Commitment of the IRA or Keogh. In order for the amount of the Unfunded Commitment to be included in Private and Regulatory Capital, the guarantee must be on an SBA-approved form and must be executed and a copy submitted to SBA before the final approval process for designation as an NMVCC can be finalized.

How this is Reflected on the Capital Certificate. The IRA, Keogh, family trust or family investment partnership is listed on the Capital Certificate as an Entity Institutional Investor, and is designated as such under subsection 1(xi) of the regulatory definition of Institutional Investor in 13 CFR §108.50. Immediately following the investor's name, place a footnote describing the guarantee arrangement, naming the guarantor, and stating the subsection of the regulatory definition under which the guarantor qualifies as an Institutional Investor.

II. Dual Commitments

How it Works. The "dual commitment" arrangement works by having one or more Institutional Investors ("back-up investor") make a Capital Contribution to the NMVCC identical to that made by the non-Institutional Investor ("primary investor"). When a capital call is made, the back-up investor is excused from funding its Unfunded Commitment to the extent the primary investor funds its own Unfunded Commitment on a timely basis. *Both the primary investor and the back-up investor are limited partners or members, as applicable, and must sign the NMVCC's limited partnership agreement or operating agreement as limited partners or members, as applicable.* In addition, both the primary investor and the back-up investor must be listed as investors in Table M4 and in the schedule of partners/members attached to the limited partnership agreement in the case of limited partnerships or operating agreement in the case of limited liability companies.

When more than one Institutional Investor is serving as a back-up investor, each such Institutional Investor may make a Capital Contribution that is equal to only a proportionate amount of the primary investor's Capital Contribution, so long as the total of all Capital Contributions of such Institutional Investors equals 100% of the primary investor's Capital Contribution. Each Institutional Investor serving as a back-up investor must be listed in Table M4 and in the schedule of partners/members attached to the limited partnership agreement or member agreement in the case of limited liability companies with a designation as to the proportionate share for which each such Institutional Investor is obligated.

The suggested footnote language below can be used on the signature pages and the schedule of partners/members to clarify the dual commitment arrangement.

If [Primary Investor] makes a cash Capital Contribution to the Partnership, then simultaneously with such cash Capital Contribution, the Capital Contribution of [Back-up Investor] will be reduced in an amount equal to that cash Capital Contribution and the Capital Contribution required to be made by [Back-up Investor] at the time will be reduced by the same amount.

How this is Reflected on the Capital Certificate. The primary investor and each back-up investor are listed in Table M4. Each back-up investor must indicate the amount of the primary investor's Capital Contribution for which it is obligated, and the subsection of the regulatory definition of Institutional Investor under which it qualifies as an Institutional Investor.

 - d. its Capital Contribution constitutes Private Capital (as defined in 13 CFR §108.230); and
 - e. if the investor is an individual, such investor is a permanent resident of the United States or has, in writing, irrevocably appointed the person specified on Table M11 as such investor's agent for service of process, or

4. **Individual Institutional Investors that are Accredited Investors.** Each Individual Investor that is an Accredited Investor under subsection 2(i)(A) of the definition of Institutional Investor is listed in Table M2. For each such investor, SBA has approved an unconditional irrevocable letter of credit to be issued by a state or national bank in favor of NMVCC, in an amount not less than such investor's Unfunded Commitment, a signed copy of which letter of credit has been delivered to SBA and the required information concerning such letter of credit listed on Table M13.
5. **Diversity Investors.** Each investor whose name is followed by "Y" in the column headed "Diversity Investor" in Tables M1, M2, M3, and M4 qualifies as a diversity investor for purposes of the Management and Ownership Diversity requirement (see 13 CFR §108.150), i.e., is not Affiliated with the management of the NMVCC (see 13 CFR §121.103). Table M6 lists the amount and percentage of NMVCC's Regulatory Capital and Leverageable Capital, respectively, that consists of the capital committed and/or contributed by such diversity investors.
6. **Associate Investors.** Table M8 shows all of NMVCC's investors that are Associates of NMVCC (as defined in 13 CFR §108.50), and Table M9 shows investors that may be Affiliates (as set forth in 13 CFR §121.103) of one another.
7. **Guarantees.** For each investor listed in table M1 as an Institutional Investor through the SBA-approved use of a guarantee agreement, SBA has approved the guarantee agreement and a signed copy of such guarantee agreement has been submitted to SBA.
8. **Dual Commitments for Other Investors.** The Unfunded Commitment of each Other Investor listed in Table M3 is "backed up" by a dual commitment in the form of an Unfunded Commitment by an Institutional Investor, as reflected in table M4. For each such investor, SBA has approved the dual commitment arrangement.
9. **Ten Percent Investors.** Table M10 identifies each entity and individual who owns, is the beneficial owner of, or controls, directly or indirectly, 10% or more of NMVCC's equity interests ("Ten Percent Investors"). For purposes of this identification, NMVCC has aggregated the equity interests of all Affiliates. For each Ten Percent Investor that is an entity, and for each entity investor in such Ten Percent Investor, Table M10 also identifies all owners of the Ten Percent Investor and all owners of the entity investor in such Ten Percent Investor. For purposes of this identification, NMVCC has aggregated all individual owners of less than 10%.
10. **Investor's Payment Covenant.** Each investor must pay its Unfunded Commitment to NMVCC at the times and in the amounts specified in the Organizational Document (defined below), approved by SBA ("Investor's Payment Covenant"), subject only to those conditions permitting a withdrawal in NMVCC's SBA-approved: (i) partnership agreement if NMVCC is a partnership, (ii) articles of incorporation if NMVCC is a corporation, or (iii) operating agreement if NMVCC is a limited liability company, each of which includes the applicable SBA Annex ("Organizational Document"). Each such investor has represented to NMVCC that such Investor's Payment Covenant has been duly authorized and is the legal, valid and binding obligation of such investor (except as enforcement may be limited by bankruptcy,

insolvency, reorganization or moratorium laws or other laws affecting the rights of creditors generally).

11. **Changes in Investor’s Payment Covenant.** Without the prior written approval of SBA, NMVCC will not release, amend, extend, compromise, cancel, forgive or otherwise waive any Investor’s Payment Covenant or NMVCC’s right to receive payment when due of any investor’s Unfunded Commitment, other than as provided in NMVCC’s Organizational Document.

15. **Matching Resources for Operational Assistance (OA) Grant.** NMVCC certifies that its grant matching resources for the Operational Assistance grant from SBA comply in all respects with 13 CFR §108.2030 and Circular A-110 of the U.S. Office of Management and Budget, and are of the types and in the amounts set forth in tables M15 and M16 of this Certificate.
16. **Changes in Capital Certificate.** NMVCC will give SBA prompt notice if NMVCC learns that any information contained in this Certificate (including the Tables attached to this Certificate) is incorrect or incomplete or if any investor fails to pay, when due, any required payment of such investor’s Unfunded Commitment, or if any investor notifies NMVCC that it will not pay its Unfunded Commitment or otherwise desires to withdraw from NMVCC. NMVCC also will notify SBA promptly if any letter of credit or guarantee agreement provided by an investor to NMVCC expires, ceases to be in full force and effect, or is modified, renewed or replaced. If such letter of credit is replaced, NMVCC will give SBA a copy of such renewal or replacement letter of credit.
17. **Criminal Prosecution and Civil Penalties.** NMVCC acknowledges that any intentionally false statement or willful misrepresentation contained in this Certificate is a violation of Federal law and is subject to criminal prosecution and civil penalties under 18 USC §§287, 371, 1001, and 1006; 15 USC §645; and 31 USC §3729.

In addition, provided that a limited partner in fact does not participate in the control of the NMVCC's business, the liability of such limited partner, in its capacity and by reason of its status as a limited partner of the NMVCC, under the laws of the state of organization of the NMVCC will be limited to an amount not in excess of such limited partner's capital contribution obligation as stated in the

The opinion also must state that the limited partnership is not a publicly-traded partnership, as defined in Section 7704 of Internal Revenue Code. If the NMVCC is a limited liability company, provide an opinion that the NMVCC has made an election as to its classification for purposes of federal income tax (as a partnership or as a corporation, as the case may be), and has filed the appropriate forms with the Internal Revenue Service consistent with such election.
