INSTRUCTIONS: Each handler is requested to furnish a signed report to the Prune Marketing Committee (Committee) each quarter. Handlers must mail this report to the Committee by the 5<sup>th</sup> working day of November, February, May and August. A late report by one handler delays the industry statistical report-for the entire industry. The column "As Regular Prune" will show export shipments of regular prunes by region. Handlers will continue to report quarterly their cumulative shipments to each region since August 1. (The industry crop year is August 1 -July 31.) In the column "As Pitted Prunes" report the cumulative shipments of pitted prunes (Pitted Weights) to each region. The Committee will compute the unpitted equivalent weight.

This report is required by law (7 U.S.C. 608(d), 7 CFR 993.72 and 7 CFR 993.172(d)).

FAILURE TO REPORT can result in a fine for each such violation and each day during which such violation continues shall be deemed a separate violation.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0581-0178. The time required to complete this information collection is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
