PUBLIC REPORTING BURDEN STATEMENT

Public reporting burden for this collection of information is estimated to average 2 hours per response, including the time for reviewing the instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to: NOAA, National Marine Fisheries Service, Alaska Region, Sustainable Fisheries Division, P.O. Box 21668, Juneau, AK 99802-1668.

ADDITIONAL INFORMATION

Before completing this form please note the following: 1) Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number; 2) This information is mandatory and is required to manage commercial fishing effort under 50 CFR part 679 and under section 402(a) of the Magnuson-Stevens Act (16 U.S.C. 1801, *et seq.*); 3) Responses to this information request are confidential under section 402(b) of the Magnuson-Stevens Act as amended in 2006. It is also confidential under NOAA Administrative Order 216-100, which sets forth procedures to protect confidentiality of fishery statistics.

Instructions for
ROCKFISH EX-VESSEL VOLUME AND VALUE REPORT

This form must be submitted ON LINE.

A rockfish processor that receives and purchases landings of rockfish cooperative quota (CQ) must submit annually to NMFS a complete Rockfish Ex-vessel Volume and Value Report, as described in §679.5(r)(10), for each reporting period for which the rockfish processor receives rockfish CQ groundfish. All shoreside processors that buy fish from fishermen must submit this information. NOTE, if no ex-vessel sale occurs (e.g., if the processor accepted fish for special processing), do not include that sale.

The reporting period of the Rockfish Ex-vessel Volume and Value Report shall extend from May 1 through November 15 of the current year. The processor must include all pounds and associated value of any purchased landings plus transactions that occurred during the last three months of last year.

The purpose of this report is to collect information from all buyers that operate as shoreside processors, so that NMFS Restricted Access Management (RAM) can establish a standard ex-vessel price. The standard price will be used to assess a fee from permit holders who choose not to itemize their landings and receipts.

The Rockfish Ex-vessel Volume and Value Report must be submitted **on line** and must be received by the NMFS Regional Administrator no later than December 1 of the year in which the rockfish processor received the rockfish CQ groundfish.

To submit a Rockfish Ex-vessel Volume and Value Report online, the rockfish processor must log in to <http://alaskafisheries.noaa.gov> using the Rockfish Processor's password and NMFS person ID. Instead of a signature, the rockfish processor enters the NMFS ID and password and submits the report, which certifies that all information is true, correct, and complete to the best of his or her knowledge and belief.

COMPLETING THE REPORT

The Rockfish Ex-vessel Volume and Value Report must include the following information.

Indicate if the shoreside processor received any rockfish during the current fishing year.

If NO, stop, you are not required to submit this report

BLOCK A – ROCKFISH PROCESSOR IDENTIFICATION

1. Name of shoreside processor receiving fish from harvester
