The TCC is the primary incoming portal from the public and receives inquiries from the traveling public, TSA employees, private industry, other government organizations, Members of Congress, and the White House. The TCC responds to inquiries that cover a variety of topics concerning TSA. The objective of the data collection from this population is to collect, analyze and interpret information gathered to identify strengths and weaknesses of current customer service and make improvements.

DESCRIPTION OF RESPONDENTS:

The TCC system will automatically send a survey to every 8th e-mail received. The primary respondents will be members of the traveling public who have contacted TSA via e-mail, to obtain information about travel or to provide feedback about a recent travel experience.
