## Survey of Terms of Business Lending (FR 2028A) instruction changes

## 12. Syndication or participation status.

The terms "syndication" and "participation" encompasses a variety of arrangements among institutions to make loans. When each participating lender agrees in advance to fund and be at risk only up to a specified percentage of the total credit and the contract is executed by all participants and the borrower, the arrangement is often referred to as a syndication. When a lead lender originates the transaction and is the only party to the contract with the borrower and sells shares as prearranged with others, the arrangement is referred to as a participation. If the loan amount reported represents your institution's portion of a participation or syndication, check whether it was originated by your institution or by other lenders. If the loan does not represent a participation or syndication with other lenders, check "Not Syndicated or Participated."

# 13. Guaranteed by SBA.1

If the loan was guaranteed, either in part or in whole, by the Small Business Administration (SBA), check "yes." For all other loans, check "no."

#### 16. Location of Borrower.

Enter the state where the borrower is headquartered. If the loan was made under syndication or participation, report "0".
