existing data sources, gathering and main	on of information is estimated to average I ntaining data needed, and completing and		nts regarding this burden

Public reporting burden for this collection of information is estimated to average 1 hour per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining data needed, and completing and reviewing the information. Send comments regarding this burden estimate or suggestions for reducing this burden to NOAA Fisheries, One Blackburn Drive, Gloucester, MA 01930-2298. The purpose and use of these permits are to (1) register industry participants and fishing vessels, (2) exercise influence over compliance, (3) provide a mailing list for the dissemination of important information to the industry, (4) register participants to be considered for limited entry, and (5) provide a universe for data collections samples. Both the MSFCA and Executive Orders 12866 et al, require the determination of this information. Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number. Any information submitted by any person to obtain a permit is not confidential, and may be disclosed upon request.
