

Instructions for Teachers for the NIDA for Teens Website

Dear Teacher:

Your school is participating in an important study being conducted by the National Institute on Drug Abuse to **obtain feedback about the NIDA for Teens website**. Your principal recently gave us permission to contact you.

The **NIDA for Teens website** is a government resource for students on drug abuse and addiction. We would like your input, and your students' input, about the site itself---for instance, its format and language.

We have developed **two studies** to elicit this information and are asking for your help with **both**. The first is a survey of teachers, and the second is a survey of your students.

With regard to the survey of your students, we are asking that you either (a) allow the students to answer the survey during class time, or (b) assign the survey as homework. The survey takes about 20-30 minutes.

FOR YOU

1. Sign the enclosed Teacher Consent Form.
2. Go to the NIDA for Teens Website at <http://teens.drugabuse.gov>.
3. Spend some time surfing this site. It is designed to be a resource for you.
4. Then please answer the survey at www.teachersevaluate.com.
5. Use this password: _____

FOR YOUR STUDENTS

1. Distribute the enclosed consent forms to your students and ask that they be returned to you as soon as possible.
2. When a student returns the signed consent form, please give him or her the Student Instruction Sheet. As mentioned, please decide whether you plan for the students to answer the survey during class or to assign it as homework.
3. Please mail the signed consent forms (including yours) in the enclosed envelope to the government's contractor, Silber & Associates.

If you have questions about the study, please contact the government's contractor at 1-888-745-2371. We sincerely thank you for your participation.
