

State Integrated Workforce Plan Requirements for Workforce Investment Act Title I/Wagner-Peyser Act and Department of Labor Workforce Programs

Overview

The Workforce Investment Act (WIA) of 1998, as amended, requires that the governor of each state submit a WIA title I/Wagner-Peyser (W-P) Act State Plan to the U.S. Department of Labor (the Department) that outlines a five-year strategy for its workforce investment system. States must have approved State Plans in place to receive formula allotments under WIA or financial assistance under W-P. (WIA Section 112(a), W-P Section 8(a).) The Department must approve a state plan 90 days from the date of submission, unless the Department determines in writing during the 90-day review period that the plan does not meet the requirements of WIA, W-P, or implementing regulations, including the nondiscriminatory and equal opportunity provisions appearing at 29 CFR part 37. (WIA Section 112(c), W-P Section 8(d), 20 CFR 661.220(e).)

States have three options for State Plan submissions. In place of what used to be their stand-alone WIA/Wagner-Peyser five-year plan, at a minimum, states must now submit an Integrated Workforce Plan that provides a plan for WIA and Wagner-Peyser programs, and must now also include a Wagner-Peyser agricultural outreach plan, and short description of plans for coordination with Trade Adjustment Assistance (TAA). Second, states also have the option of including the Senior Community Service Employment Program (SCSEP) in their Integrated Workforce Plan. For either of these two options, the plans will include only workforce programs under the jurisdiction of the Department of Labor and must comport with the requirements of this guidance. As a third option, states may submit a State Unified Plan that encompasses not only WIA title I/W-P programs and other Department of Labor programs, but also certain programs administered by the U.S. Departments of Education, Health and Human Services, Agriculture, and Housing and Urban Development. (WIA Section 501.) Those plans must meet the requirements of WIA Section 501. During the five-year period a plan is in effect, a state may submit modifications to the plan in accordance with WIA and W-P requirements. (WIA Section 112(d), 20 CFR 652.212-214.)

This guidance governs plan content and requirements for the WIA title I/W-P State Plan, and significantly revises and replaces previously published State Plan guidance for WIA/W-P, most importantly the *Planning Guidance and Instructions for Submission of the Strategic State Plan and Plan Modifications for the Title I of the Workforce Investment Act of 1998 (WIA and the Wagner-Peyser Act)*, published in the Federal Register on December 1, 2008. As mentioned above, states may also use this new guidance in developing their State Plans for other Department-funded programs. This document does not replace the Unified Plan Guidance, which is based on WIA Section 501 and contains requirements related to both “required” and “additional” one-stop partner programs in multiple Federal agencies. To differentiate this guidance, which governs only Department of Labor programs, from that governing full Unified Plans as described at WIA Section 501, we are calling this set of requirements the “Integrated Workforce Plan.”

This guidance organizes into three key sections the information that each state must include in its proposed Integrated Workforce Plan:

Section I provides the elements required for the *State Workforce Strategic Plan*. The elements in this section represent the high-level vision, goals, economic and workforce analysis, strategies, and outcomes that the governor and strategic partners collaboratively

identify for the state's future. The elements in this section are intended to serve as a vehicle for the governor, state workforce investment board (SWIB), and other partners to identify broad goals and strategies for the state.

Section II provides the elements for the *State Operational Plan*. A state's operational plan must make clear how specific workforce programs will operationalize, administer, and implement systems and structures to achieve the vision, strategies, and goals identified by the Strategic Plan. Virtually all items contained in this section are required by statute or regulation for inclusion in the State Plan. Section III provides a list of *Assurances* in which the state assures the Department that it is complying with applicable law and, where appropriate, attaches policies or other supporting documentation. Although the Department requires states to submit all three sections to fulfill WIA planning requirements, states do not need to include all three sections in a single document, and may submit them separately. For instance, states may submit a strategic plan developed for other purposes (e.g., as part of a governor's workforce and economic development strategy), as long as the plan submitted either includes all the requirements listed in Section I, or is appended with any missing elements. Although not required, respondents may frame plan submissions in the order used in this document or, if more convenient, in another order or format responsive to the requirements.

Public Burden Statement: These reporting instructions have been approved under the Paperwork Reduction Act of 1995. Persons are not required to respond to this collection of information unless it displays a valid OMB control number (1205-0398). Public reporting burden for this collection of information, which is required for obtaining or retaining benefits (29 USC 49(g)), is estimated at 40 hours, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Section I. State Workforce Strategic Plan

A state's Integrated Workforce Plan must identify the programs included in the plan, and include the following key elements. Please note that, where appropriate, narratives in each section of the plan may contain Web links to external supporting documents.

- **Governor's Vision**: This portion of the Integrated Workforce Plan must describe the governor's strategic vision for the state's economy and overarching goals for the state's workforce system. This vision should provide the strategic direction for the state workforce system and guide investments in workforce preparation, skill development, education and training, and major initiatives supporting the governor's vision. The plan also must specifically address the governor's vision for aligning efforts among workforce development partners to achieve accessible, seamless, integrated, and comprehensive service, and how programs and activities described in the plan will support the state's economic development needs and the employment and training needs of all working-age youth and adults in the state. The plan must include a description of the methods used for joint planning, and coordination of the programs and activities included in the plan. (WIA Sections 111(d)(2), 112(a)-(b), W-P Section 8(c).)
- **Economic and Workforce Information Analysis**: The Integrated Workforce Plan must describe the labor market and economic context in which the state's workforce system (including all the programs in the Integrated Workforce Plan) is operating, based on accurate and timely labor-market, demographic, and economic information, with particular attention given to high-need, under-served, under-employed, and/or low-skilled subpopulations. (WIA Sections 112(b)(4), 112(b)(17)(A)(iv), 112(b)(18), W-P Sections 8(b) and 15.) This description should include an assessment of the needs of constituents within the state who will become, or currently comprise, the state's workforce, particularly those needs which can be addressed by the programs included in the Integrated Workforce Plan.

The state's analysis of the current economy and future trends of the economy forms the foundation for strategic planning. For its analysis, the state may use the workforce information produced by the state workforce agency as well as other data available from Federal, state, and private sector sources, and informed by the business representatives of the state workforce investment board (SWIB). The Integrated Workforce Plan must include the following specific information, consistent with Section 112(b)(4) of the Act:

- An assessment of the current situation and projected trends of the state's economy, industries and occupations, including major economic regions and industrial and occupational sectors
- An assessment of the workforce skills and knowledge individuals need to find current and future employment in the state, particularly those skills and knowledge identified by employers as necessary for economic growth in the state
- A description of the characteristics and employment-related needs of the state's population, and diverse sub-populations, including those from racial, ethnic, linguistic groups, older persons, and individuals with disabilities
- Based on the assessments above, an analysis of the skill and education gaps for all individuals within the state, particularly for those individuals targeted by the programs included in the Integrated Workforce Plan
- An analysis of the challenges associated with the state's population attaining the education, skills, and training needed to obtain employment
- A discussion of the ability of Integrated Workforce Plan programs to meet the skill needs of employers in the state and close any skill gaps

- State Strategies: The Integrated Workforce Plan must describe the key strategies the state intends to implement, based on its economic analysis, to achieve the governor’s vision and goals.

Cross-Program Strategies – The plan must discuss integrated cross-program strategies for specific populations and sub-populations identified in the state’s economic analysis, strategies for meeting the workforce needs of the state’s employers, and regional and sector strategies tailored to the state’s economy.

Partnerships – The plan must include a discussion of key strategic partnerships that are necessary to successfully implement the strategies, specify roles of specific state entities and programs, and discuss how the strategies will meet the needs of employers and of each sub-population. (WIA Sections 111(d)(2), 112(b)(8), W-P Section 8(c).)

Leveraging Resources – The plan must discuss how the state will coordinate discretionary and formula-based investments across programs and in support of the governor’s vision. The state’s planned commitment of Federal and non-Federal funds to these investments must be included. The plan must also describe how the state will use program funds to leverage other Federal, state, local, and private resources, in order to effectively and efficiently provide services. (WIA Section 112(b)(10).)

Policy Alignment – The plan must discuss how the state will align policies, operations, administrative systems, and other procedures to assure coordination and avoid duplication of workforce programs and activities outlined in WIA Section 121(b). (WIA Sections 111(d)(2)(A), 112(b)(8)(A), 121(b), 20 CFR 661.205(b)(1).)

- Desired Outcomes: The Integrated Workforce Plan must describe and provide specific quantitative targets for the desired outcomes and results for the programs included in the plan. Table 1 may be used for WIA/W-P programs. The plan should also describe any additional established indicators and system measures, beyond those required by programs’ authorizing statutes. (WIA Sections 112(b)(3), 136(b)(1)(A)(ii), (b)(2)(C), 20 CFR 666.110, 666.120(g), 666.300.)

In addition to the state’s program performance goals, the state may also discuss the other goals it intends to achieve. Does the state examine broader economic and social indicators? For example, is the state attempting to increase the percentage of workers employed in family wage jobs; increase earnings to support a better quality of life; increase the number of employers with job opportunities; or increase high school and college graduation rates as metrics? In sum, the state should describe its desired results for the state workforce investment system and the metrics it is using to measure those results.

Section II. State Operational Plan

- Overview of the Workforce System: The State Operational Plan must present an overview of the workforce system in the state.

Organization – The overview must describe organization and delivery systems at the state and local levels for the programs covered in the plan, particularly how this organization effectively supports the coordination and alignment of the state’s workforce programs and supports integrated service delivery. The overview must include a description of the key state administrative personnel of the programs described in Section I of the Integrated Workforce Plan, and the organizational structure and membership roster of SWIB members and their organizational affiliation.

State Board – The State Operational Plan must describe how the SWIB effectively coordinates and aligns the resources and policies of all the programs included in the plan, and specifically, must include the following items related to the SWIB:

- How the board collaborated in the development of the plan, and how it will collaborate in carrying out the functions described in WIA Section 111(d). (WIA Sections 111(a), (b), (d), 112(b)(1); 20 CFR 661.205.)
- How the SWIB member who represents Vocational Rehabilitation (VR) will effectively represent the interests, needs, and priorities of the VR program and how the employment needs of individuals with disabilities in the state will be addressed. (Only applicable to states which: (1) do not have the state VR agency director on its SWIB; or (2) in cases where the state uses an alternative entity as its SWIB, that entity does not provide for representative membership by individuals in these categories as required by WIA sec. 111(b), (WIA Sections 111(b)(1), 111 (e), 112(b)(8)(A)(iii), W-P Section 8(b), Rehabilitation Act Section 101(a)(2)(B), 20 CFR 661.200(i)(3), 661.205(b)(1), 661.210(c).)

Local Areas – The State Operational Plan must also describe the WIA title I local workforce investment areas in the state, including:

- An identification of local workforce investment areas designated in the state, and the process used for designating local areas. (WIA Sections 111(d)(4), 112(b)(5), and 116(a), 20 CFR 661.205(d), 661.250-.270.)
- The designation of intrastate regions and interstate regions, as defined in 20 CFR 661.290, and their corresponding performance measures. For interstate regions, describe the roles of the respective governors, and state and local workforce investment boards. (WIA Section 116(c).) States may also discuss other types of regional structures here.

- Operating Systems and Policies Supporting the State’s Strategies: The State Operational Plan must describe:
 - State operating systems that support coordinated implementation of state strategies (e.g. labor market information systems, data systems, communication systems, etc.). (WIA Section 112(b)(8)(A).)

- o State performance accountability system developed for workforce investment activities to be carried out through the statewide workforce investment system. (WIA Sections 111(d)(2), (d)(6)-(8), 112(b)(3), 136; W-P Section 15; 20 CFR 666.205(f)-(h), 661.220(c), and 20 CFR part 666.)
- o State strategies for using quarterly wage record information to measure the progress on state and local performance measures, including identification of which entities may have access to wage record information. (WIA Section 136(f)(2), 20 CFR 666.150)
- Services to State Target Populations: The State Operational Plan must describe how all the programs described in the plan will work together to ensure that customers who need a broad range of services receive them. This is an opportunity for the state to describe how One-Stop Career Center services will address more specific needs of targeted sub-populations identified in the economic analysis. The State Operational Plan must describe how the state will:
 - o Serve employment, re-employment, and training needs of unemployment compensation claimants; the long-term unemployed; the under-employed; dislocated workers (including trade-impacted dislocated workers and displaced homemakers); low-income individuals (including recipients of public assistance); migrant and seasonal farmworkers; veterans; individuals with limited English proficiency; homeless individuals; ex-offenders; older workers; individuals training for nontraditional employment; and individuals with multiple challenges to employment.  - o Deliver comprehensive services for eligible youth, particularly youth with significant barriers to employment. (WIA Section 112(b)(18)(A).) The discussion must include how the state coordinates youth activities, including coordination of WIA Youth activities with the services provided by the Job Corps program in the state. Job Corps services include outreach and admissions, center operations, and career placement and transition services. (WIA Sections 112(b)(18)(C), 129.)
- Wagner-Peyser Agricultural Outreach: Each state workforce agency shall operate an outreach program in order to locate and to contact migrant and seasonal farmworkers (MSFWs) who are not being reached by the normal intake activities conducted by the local offices. To this end, each state agency must include in its State Operational Plan an annual agricultural outreach plan, setting forth numerical goals, policies, and objectives. Regulations at 20 CFR 653.107 require that the outreach plan include the following elements:
 - o Assessment of need
 - o Proposed outreach activities

- o Services provided to agricultural employers and MSFWs through the One-Stop delivery system
- o Numerical goals
- o Data analysis
- Services to Employers: The State Operational Plan must describe how the state will coordinate efforts of the multiple programs included in the plan to meet the needs of business customers of the One-Stop system in an integrated fashion, such as hiring plans, training needs, skill development, or other identified needs. The State Operational Plan should also describe how the state will use program funds to expand the participation of business in the statewide workforce investment system. (WIA Sections 111(d)(2), 112(a), 112(b)(8), 112(b)(10), W-P Section 8, 20 CFR 661.205(b)(1).)
- WIA Single-Area States Only – Additional WIA Title I Requirements: In states where there is only one local workforce investment area, the governor serves as both the state and local chief elected official. In such cases, the state must submit with its State Operational Plan any information required in the local plan. Therefore, states with a single workforce area should also include in their State Operational Plan:
 - o Any comments from the public comment period that represent disagreement with the Plan. (WIA Sections 118(c)(3), 112(b)(9), 20 CFR 661.220(d), .350(a)(8).)

 - o Provides early intervention (e.g. rapid response) to worker groups on whose behalf a TAA petition has been filed. (WIA Sections 112(b)(17)(A)(ii), 134(a)(2)(A), 20 CFR 665.300-.340.)
 - o Provides core and intensive services to TAA participants, as indicated in the encouragement of co-enrollment policies provided in TEGL 21-00. The description should provide detailed information on how assessments are utilized to identify participants' service needs, including whether participants need training according to the six criteria for TAA-approved training. (20 CFR 617.21(c), 617.22(a))

- o Has developed and managed resources (including electronic case management systems) to integrate data provided through different agencies administering benefits and services (TAA, Trade Readjustment Allowances, Unemployment Insurance, Employment Security, WIA, etc.) in order to ensure consistent program administration and fiscal integrity, as well as reliable fiscal and performance reporting.  - o Current and projected employment opportunities in the State (such as by providing information available under §15 of the Wagner-Peyser Act (29 U.S.C. 491-2) by occupation), and the types of skills possessed by eligible individuals. (20 CFR 641.325(c).)
 - o A description of the localities and populations for which projects of the type authorized by title V are most needed (20 CFR 641.325 (d).)
 - o A description of actions to coordinate SCSEP with other programs. This may alternatively be discussed in the state strategies section of the strategic plan, but regardless of placement in document, must include:
 1. Planned actions to coordinate activities of SCSEP grantees with WIA title I programs, including plans for using the WIA One-Stop delivery system and its partners to serve individuals aged 55 and older. (20 CFR 641.302(g), 641.325(e))

Section III. Integrated Workforce Plan Assurances and Attachments

This section provides a "check-the-box" table of assurance statements and a single signature sheet to certify that the information provided by the state, and submitted to the Department, in the following table is accurate, complete, and meets all legal and guidance requirements. The table below contains the assurances, the legal reference that corresponds to each assurance, and a column for the state to provide a reference to the document(s) that it believes meets the stated assurance or where the statute requires documentation of a policy or procedure. Such a reference may be a hyperlink to an on-line document or it may be an attachment. Not all assurances require documents to be attached or referenced. Where an approved special exemption, waiver, or an approved alternate structure makes an assurance not applicable to your state, please insert the words "Not Applicable" in the reference column.

By checking each assurance, attaching the proper documentation or links, and signing the certification at the end of the document, the state is certifying it has met each of the legal planning requirements outlined in WIA law and regulations and in corresponding Departmental guidance. By checking each box and signing the certification, the state is also indicating that its supporting documentation meets all applicable Federal and state laws and regulations and is available for review. Any deficiencies in the documentation attached to each assurance identified during the state plan review process may result in additional technical assistance and a written corrective action as part of the Department's conditional approval of the state's Integrated Workforce Plan. Assurances that are part of the state's grant agreement are not duplicated here.
