

Supporting Statement
(Third-Party Disclosure Requirements in IRS Regulations)

1. CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION

Taxpayers must obtain third-party certification or documentation to avail themselves of certain credits, deductions or other benefits permitted by the Internal Revenue Code. Similarly, the receipt of other third-party information often provides a safe-harbor on which taxpayers may rely to avail themselves of certain credits, deductions or other benefits permitted by the Internal Revenue Code. Further, although taxpayers do not have to submit the documents or information to claim the credits, deductions or tax benefits, they are required to maintain the documentation with their books and records, which facilitates the Service's examination of the claimed credit, deduction or tax benefit during any audit of taxpayer's return. The third parties required to provide this certification, documentation, or information generally collect the required information in the ordinary course of their business. Accordingly, while requiring third-parties to disclose this information is not a significant burden, it allows taxpayers to legitimately minimize their tax burden by claiming credits, deductions, and other tax benefits that Congress has authorized and facilitates the Service's verification of the taxpayers' claims on audit.

2. USE OF DATA

Taxpayers will use these documents or information to support claims for certain credits, deductions or tax benefits on their returns. The Service may review these documents or information during any examination of taxpayers' returns to verify the taxpayers' entitlement to the claimed credits, deductions or tax benefits.

3. USE OF IMPROVED INFORMATION TECHNOLOGY TO REDUCE BURDEN

We have no plans to offer electronic filing. IRS Publications, Regulations, Notices and Letters are to be electronically enabled on an as practicable basis in accordance with the IRS Reform and Restructuring Act of 1998.

4. EFFORTS TO IDENTIFY DUPLICATION

We have attempted to eliminate duplication within the agency wherever possible.

7. SPECIAL CIRCUMSTANCES REQUIRING DATA COLLECTION TO BE INCONSISTENT WITH GUIDELINES IN 5 CFR 1320.5(D)(2)

Not applicable.

8. CONSULTATION WITH INDIVIDUALS OUTSIDE OF THE AGENCY ON AVAILABILITY OF DATA, FREQUENCY OF COLLECTION, CLARITY OF INSTRUCTIONS AND FORMS, AND DATA ELEMENTS

Most of the third-party disclosure requirements were published in proposed regulations, and the public was given an opportunity to comment or request a public hearing. All comments received were given serious consideration.

We received no comments during the comment period in response to the **Federal Register notice dated October 3, 2011, (76 FR 61145)**.

This statement is helpful to the loss corporation in establishing that creditors receiving its stock have held the debt for the requisite period. We estimate that the total respondent/recordkeepers will be 250 and the time per respondent/recordkeeper will be $\frac{1}{4}$ hour, and thus the total burden will be 63 hours.

The anti-abuse rule disqualifies certain debt from favorable treatment under section 382 if ownership of an entity holding the debt changes hands. We estimate that the total respondent/recordkeepers will be 250 and the time per respondent/recordkeeper will be $\frac{1}{4}$ hour and thus the total burden will be 63 hours.

We estimate that the total number of respondent/recordkeepers subject to this requirement is 10 and that the time per respondent/recordkeepers is 1 hour, 24 minutes so the total burden is 14 hours.

Reg. 1.401(a)(9)-1 (Q&A:C-3) (proposed).

Section 1.401(a)(9)-1 (Q&A:C-3) (proposed) provides that a plan may permit elections of whether the 5-year rule applies or the exception to the five year rule. If this election is permitted, the proposed regulations provide specific timeframes for making these elections. We estimate that the total number of respondents will be 10,000 and the time per respondent will be 9 minutes, and thus the total burden will be 1,500 hours.

One of the requirements is that a copy of the trust be provided to the plan. We estimate that the total number of respondents will be 100 and the time per respondent will be 3 minutes, and thus the total burden will be 5 hours.

The rule is reiterated in transitional rule Q&A I-4 for distributions in 1985-1987. We estimate that the total number of respondents will be 1,000 and the time per respondent will be 6 minutes, and thus the total burden will be 100 hours.

Reg. 1.401(a)-13(e).

Section 1.401(a)-13(e) provides that an arrangement whereby a participant or beneficiary directs a qualified plan to pay plan benefits to a third party is not a prohibited assignment or alienation if the third party files a written acknowledgement with the plan administrator in accordance with requirements specified in the regulation. We estimate that the total respondent/recordkeepers will be 800,000 and that the time per respondent/recordkeeper will be 10 minutes, and thus the total burden will be 133,333 hours.

Reg. 1.401(a)-14(b).

Section 1.401(a)-14(b) permits a qualified plan to allow a participant to elect to receive the plan benefit later than the latest required beginning date if the participant makes a written election, containing certain information specified in the regulation. We estimate that the total respondent/recordkeepers will be 200,000 and that the time per respondent/recordkeeper will be $\frac{1}{4}$ hour, and thus the total burden will be 50,000 hours.

Reg. 1.401(a)-20, Q&A 24.

Section 1.401(a)-20, Q&A 24 requires participants to provide spousal consent at the time a participant's accrued benefit is used as security for a loan, in order for a qualified plan to satisfy the survivor annuity requirements of §§401(a)(11) and 417. We estimate that the total respondent/recordkeepers will be 500,000 and that the time per respondent/recordkeeper will be 10 minutes, and thus the total burden will be 83,333 hours.

Reg. 1.401(a)-20, Q&A 34-37.

Section 1.401(a)-20, Q&A 34-37 requires qualified plans subject to the qualified joint and survivor annuity rules and the qualified preretirement survivor annuity rules to provide written explanations of those rules to participants, as required under §417(a)(3). We estimate that the total respondent/recordkeepers will be 750,000 and that the time per respondent/recordkeeper will be $\frac{1}{2}$ hour, and thus the total burden will be 375,000 hours.

Reg. 1.401(a)-20, Q&A 45-47.

Section 1.401(a)-20, Q&A 45-47 requires qualified plans subject to the qualified joint and survivor annuity requirements and the qualified preretirement survivor annuity requirements to provide notices to participants who performed service on or after September 2, 1974, but were not entitled to the qualified joint and survivor annuity protection of the Employee Retirement Income Security Act of 1974. We estimate that the total respondent/recordkeepers will be 25,000 and that the time per respondent/recordkeeper will be 24 minutes, and thus the total burden will be 10,000 hours.

Reg. 1.401(a)(31)-1 (Q&A-1 through 4).

Section 1.401(a)(31)-1 (Q&A-1 through 4) provides that a plan must provide a direct rollover election to each distributee of an eligible rollover distribution. Direct rollover may be accomplished by any reasonable means including providing the distributee with a check and instructing the distributee to deliver the check to the eligible retirement plan provided the check is made out in accordance with the requirements of that Q&A. We estimate that the total number of recordkeepers will be 8,900,000 and the time per recordkeeper will be 9 minutes, and thus the total burden will be 1,335,000 hours.

Reg. 1.401(a)(31)-1 (Q&A-12).

Section 1.401(a)(31)-1 (Q&A-12) provides that a plan may treat an election to make or not make a direct rollover with respect to one distribution in a series as applying to all distributions in the series provided certain requirements are met. One requirement is that

the §402(f) notice explain that the election will apply to all subsequent distributions in the series unless the participant changes the election. The burden under this provision is subsumed in the burden under 1.402(c)-2T (Q&A-11) so no additional burden results.

Reg. 1.401(a)-50.

Section 1.401(a)-50 provides that trusts under retirement plans created or organized in Puerto Rico are treated as trusts created or organized in the United States for purposes of the qualified plan rules, if the plan administrator makes an election under §1022(i)(2) of ERISA by filing an appropriate statement with the Director's Representative of the Internal Revenue Service in Puerto Rico. We estimate that the total respondent/recordkeepers will be 16 and that the time per respondent/recordkeeper will be ½ hour, and thus the total burden will be 8 hours.

Reg. 1.401(k)-1(d)(2)(iii) & (iv).

Section 1.401(k)-1(d)(2)(iii) & (iv) require no third party communication, but in practice a participant's receipt of a hardship distribution will depend on providing certain information to the plan administrator including information concerning the employee's financial need. In some cases other plans will have to be notified that the employee must cease contributions as a condition of receiving the hardship distribution. We estimate the total respondent/recordkeepers will be 75,000, the time per respondent will be 4 hours, and thus the total burden will be 300,000 hours.

Reg. 1.401(k)-1(f)(3)(ii)(A).

Section 1.401(k)-1(f)(3)(ii)(A) provides that a plan administrator must report to a participant and to the IRS on a Form 1099-R that a contribution to a 401(k) plan has been recharacterized. The burden under this provision is subsumed in the estimate for the Form 1099-R, so no additional burden results.

Reg. 1.401(m)-1(c)(2).

Section 1.401(m)-1(c)(2) provides that an employer must maintain records to demonstrate compliance with nondiscrimination requirements. We estimate the total respondent/recordkeepers will be 75,000, the time per respondent will be ½ hour, and thus the total burden will be 37,500 hours.

Reg. 1.401(m)-1(f)(6).

Section 1.401(m)-1(f)(6) provides that the definition of "employee contribution" means an employer must report the contribution as taxable income subject to withholding. We estimate the total respondent/recordkeepers will be 50,000, the time per respondent will be ½ hour, and thus the total burden will be 25,000 hours.

Reg. 1.402(c)-2 (Q&A-12 and -13) (final).

Section 1.402(c)-2 (Q&A-12 and -13) (final) provide the time periods for providing the notice under Q&A-11. Essentially they pick up the 90/30 day time period in 1.411(a)(11)-11(c). The burden under this provision is subsumed in the burden under Q&A-11, so no additional burden results.

Reg. 1.402(c)-2T (Q&A-14) (final).

Section 1.402(c)-2T (Q&A-14) (final) provides that, in the case of a series of periodic payments, one notice may apply to all the payments in the series in one year but that the notice must be repeated annually. The burden under this provision is subsumed in the burden under Q&A-11, so no additional burden results.

Reg. 1.402(e)-2(f) (proposed).

Section 1.402(e)-2(f) (proposed) provides that an employer who maintains a plan must report a lump sum distribution to the recipient on Form 1099R. In the alternative, the information may be communicated by the fiduciary of the trust or the payor of such distribution. We estimate that the total respondent/recordkeepers will be 700,000 and the time per respondent will be 1 hour, and thus the total burden will be 700,000 hours.

Reg. 1.402(f)-1.

Section 1.402(f)-1 provides that plan administrators must give recipients of certain qualified total or partial distributions a written explanation of the rules relating to rollovers, capital gains and the separate tax on lump sum distributions. We estimate that the total respondent/recordkeepers will be 400,000 and the time per respondent will be 35 minutes, and thus the total burden will be 233,333 hours.

Reg. 1.402(g)-1(e)(2).

Section 1.402(g)-1(e)(2) provides that, when excess deferrals are corrected after the taxable year, a participant may notify each plan under which deferrals were made, of the amount of the excess deferrals and the plan must distribute (and report) the amount by April 15th. We estimate the total respondent/recordkeepers will be 75,000, the time per respondent will be ½ hour, and thus the total burden will be 37,500 hours.

Reg. 1.402(g)-1(e)(3).

Section 1.402(g)-1(e)(3) provides that a plan may only correct excess deferrals during the taxable year if the plan or the participant designates the distribution as an excess deferral. We estimate the total respondent/recordkeepers will be 100,000, the time per respondent will be ¼ hour, and thus the total burden will be 25,000 hours.

Reg. 1.403(b)-2 (Q&A-3) (final).

Section 1.403(b)-2 (Q&A-3) (final) requires the payor of a §403(b) annuity to provide an explanation to any distributee of an eligible rollover distribution. It must explain the distributee's right to elect a direct rollover and the income tax withholding consequences of not electing a direct rollover. The payor must provide the explanation within a reasonable time period before making the distribution. We estimate that the total number of recordkeepers will be 100, and the average time per recordkeeper will be 50 hours. Thus the total burden will be 5,000 hours.

Reg. 1.408-5 (proposed).

Section 1.408-5 (proposed) provides that every trustee of an individual retirement account and every issuer of an individual retirement annuity shall furnish to the owner of such account or annuity a Form 5498 annually. We estimate that the total

respondent/recordkeepers will be 10,000 and the time per respondent will be 20 hours and thus the total burden will be 200,000 hours.

Reg. 1.408-5.

Section 1.408-5 provides that every trustee of an individual retirement account and every issuer of an individual retirement annuity shall furnish to the owner of such account or annuity an annual statement showing the amount of contributions and distributions. We estimate that the total respondent/recordkeepers will be 10,000 and the time per respondent will be 10 hours, and thus the total burden will be 100,000 hours.

Reg. 1.408-6.

Section 1.408-6 provides that every trustee of an individual retirement account and every issuer of an individual retirement annuity must give to the purchaser a disclosure statement. We estimate that the respondent/recordkeepers will be 10,000 and the time per respondent will be 250 hours and thus the total burden will be 2,500,000 hours.

Reg. 1.408-6(b) (proposed).

Section 1.408-6(b) (proposed) provides that the trustee of an individual retirement account and the issuer of an individual retirement annuity shall furnish to the benefitted individual of a spousal individual retirement plan a disclosure statement. We estimate that the total respondent/recordkeepers will be 10,000 and the time per respondent will be 10 hours and thus the total burden will be 100,000 hours.

Reg. 1.408-6(d)(4)(ii)(C).

Section 1.408-6(d)(4)(ii)(C) provides that every trustee of an individual retirement account or every issuer of an individual retirement annuity which amends the governing instrument must furnish the account holder or the contract owner a copy of the amendment and an amended disclosure statement which explains the amendment. We estimate that the respondent/recordkeepers will be 500 and the time per respondent will be 10 hours and thus the total burden will be 5,000 hours.

Reg. 1.408-7.

Section 1.408-7 provides that the trustee of an individual retirement account or the issuer of an individual retirement annuity who makes a distribution during any calendar year shall make a report on Form 1099R. We estimate that the total respondent/recordkeepers will be 10,000 and the time per respondent will be 20 hours, and thus the total burden will be 200,000 hours. This includes the time needed to retrieve the information, print the form and furnish it to a third party.

Reg. 1.408-9(a) (proposed).

Section 1.408-9(a) (proposed) provides that every employer who adopts a simplified employee pension shall furnish to each employee information about the simplified employee pension. We estimate that the total respondent/recordkeepers will be 5,000 and the time per respondent will be 2 hours, and thus the total burden will be 10,000 hours.

Reg. 1.408-9(b) (proposed).

Section 1.408-9(b) (proposed) provides that for each calendar year, the employer shall furnish to the employee a written statement indicating the amount of employer contributions made to the employee's individual retirement account or individual retirement annuity under a simplified employee pension arrangement. We estimate that the total respondent/ recordkeepers will be 50,000 and the time per respondent will be 1 hour, and thus the total burden will be 50,000 hours.

Reg. 1.411(a)-4(b)(6).

Section 1.411(a)-4(b)(6) requires that, to satisfy the vesting requirements, a plan must provide for reinstatement of a forfeited benefit of a lost beneficiary if a claim is made by the participant or beneficiary for the forfeited benefit. We estimate the total respondent/ recordkeepers will be 5,000 and the time per respondent/recordkeeper will be 1 hour, and thus the total burden will be 5,000 hours.

Reg. 1.411(a)-8T(b) (temporary).

Section 1.411(a)-8T(b) (temporary) provides that a plan must allow participants with 3 years of service to make the election described under §1.411(a)-8(b) above with respect to post-1988 amendments. We estimate the total respondent/recordkeepers will be 4,000 and the time per respondent/keeper will be 2 hours, and thus the total burden will be 8,000 hours.

Reg. 1.411(a)-11(c).

Section 1.411(a)-11(c) provides that consent under 411(a)(11) is not valid unless the participant receives a general description of material features and relative value of optional forms not more than 90 days and not less than 30 days before the annuity starting date for the distribution. Written consent is required before the commencement of the distribution of a portion of an accrued benefit if the total accrued benefit is greater than \$3,500. We estimate that the total number of respondents will be 11,300,000 and the time per respondent will be 3 minutes, and thus the total burden will be 565,000 hours.

Reg. 1.411(d)-4 Q&A-2(d)(iv)(3).

Section 1.411(d)-4 Q&A-2(d)(iv)(3) involves the prohibition on reducing or eliminating §411(d)(6) protected benefits. If a plan is merged, transferred, etc., the protected benefit (e.g., distribution in annual installments) must be retained. The proper records have to be maintained and disclosed to the "new" plan in order to satisfy this requirement. We estimate the total respondent/recordkeepers will be 3,000, the time per respondent will be ½ hour, and thus the total burden will be 1,500 hours.

Reg. 1.411(d)-4 Q&A-3(b)(1).

Section 1.411(d)-4 Q&A-3(b)(1) requires various notice and participant and spousal consents for elective transfers between plans that result in reduction or elimination of a §411(d)(6) protected benefit. We estimate the total respondent/recordkeepers will be 1,500, the time per respondent will be ½ hour, and thus the total burden will be 750 hours.

Reg. 1.412(c)(1)-3(c), (e) and (i).

Section 1.412(c)(1)-3(c), (e) and (i) provide a funding method for plans that are or have been terminated and later restored by the PBGC (Pension Benefit Guaranty Corporation). Under this funding method, the PBGC determines a restoration payment schedule. When the PBGC establishes the payment schedule, the Executive Director of the PBGC must certify to the IRS that the PBGC has reviewed the funding of the Plan and the financial condition of the plan sponsor and the PBGC has determined that it is in the best interest of plan participants and beneficiaries that the plan not be re-terminated. The Plan administrator must notify PBGC of any changes in the actuarial assumptions or methods used by the plan. PBGC must certify to the IRS annually that it is in the best interests of plan participants and beneficiaries that the plan not be reterminated. We estimate that the total respondent/recordkeepers providing restoration payment schedule information to the PBGC will be 6, and that the total respondent/ recordkeepers notifying the PBGC of any changes in actuarial assumptions or methods will be 1. The time burden for supplying the information to the PBGC are 5 hours and 3 hours, respectively. Thus, the total burden will be 30 hours and 3 hours, respectively.

Reg. 11.412(c)-7 (temporary).

Section 11.412(c)-7 (temporary) provides that a plan administrator may elect to have an amendment that reduces a participant's accrued benefit and is adopted after the close of the plan year deemed to have been made on the first day of the plan year (in accordance with 412(c)(8)) if (*inter alia*), the Secretary of Labor is notified of the amendment and either approves the amendment or fails to disapprove it within 90 days. We estimate that the total respondent/recordkeepers will be 500, and the time per respondent/recordkeeper will be 2 hours, and thus the total burden will be 1,000 hours.

Reg. 1.414(l)-1(h)(4)(i)(2).

Section 1.414(l)-1(h)(4)(i)(2) provides that, in order to use an alternative data maintenance procedure, an enrolled actuary must certify actual data maintenance to the plan administrator. We estimate that the total respondent/recordkeepers will be 1000 and the time per respondent/recordkeeper will be 1 hour, and thus the total burden will be 1,000 hours.

Reg. 1.415-6(e)(6).

Section 1.415-6(e)(6) provides that a participant in a 403(b) contract may make a special election to take advantage of an "alternative limit" under §415 if it is reflected on the individual's income tax return, and a statement is attached to the return concerning the election. We estimate the total respondent/recordkeepers will be 1,000, the time per respondent will be ½ hour, and thus the total burden will be 500 hours.

Reg. 1.417(e)-1(b)(2).

Section 1.417(e)-1(b)(2) provides that, in certain cases, a plan administrator must get the written consent of the participant, and, if married, the participant's spouse to make plan distributions to them in a form other than a qualified joint and survivor annuity. The administrator must furnish the participant a general description of the material features and an explanation of the relative values of the optional forms of benefit available under

the plan. These requirements are largely mandated under §417(a)(3). It has been estimated that approximately 750,000 plan administrators are required to provide notices to approximately 3,000,000 participants, and that the average plan administrator spends ½ hour implementing this requirement. The annual burden is therefore approximately 375,000 hours.

Reg. 1.421-1(a)(1) & 1.421-7(a)(1).

Sections 1.421-1(a)(1) & 1.421-7(a)(1) provides that, in order for a stock option to be eligible for taxation under section 421, it must be furnished to the optionee in writing. We estimate that the total number of respondents is 10,000, and the average time per respondent is 40 hours, and thus the total burden is 400,000 hours.

Reg. 1.421-1(b)(1) and 1.421-7(c)(1).

Sections 1.421-1(b)(1) and 1.421-7(c)(1) provide that a corporation granting a statutory stock option must notify the optionee of its offer to sell stock without unreasonable delay. An untimely notice may be considered to be made on the date that notice of the offer is transmitted to the optionee (as opposed to some earlier date of grant specified in the offer). The burden required by this regulation will be reflected in the burden estimates for sections 1.421-1(a)(1) and 1.421-7(a)(1).

Reg. 1.422-5.

Section 1.422-5 provides that, in order for a stock option to receive incentive stock option treatment, the shareholders of the corporation granting the option (and, implicitly, the shareholders of the corporation whose stock is being optioned, if it is not the granting corporation) must approve the option plan as specified in this section. We estimate that the total number of respondent/recordkeepers will be 5,000 and that the time per respondent/recordkeeper will be 20 hours. Thus, the total burden will be 100,000 hours.

Reg. 14a.422A-1 Q&A 2(c)(1) (temporary).

Section 14a.422A-1 Q&A 2(c)(1) (temporary) provides that, in order for a stock option to be treated as an incentive stock option, the plan under which the option is granted must be approved by the shareholders of the granting corporation within 12 months before or after it is adopted by the board of directors. The burden required by this regulation will be reflected in the burden estimates for Section 1.422-5.

Reg. 14a.422A-1 Q&A-18 (temporary).

Section 14a.422A-1 Q&A-18 (temporary) provides that, if a stock option granted on or after January 1, 1976, is not exercised prior to January 21, 1982, and it exceeds either the \$100,000 per year limit, the \$50,000 per year limit or the \$200,000 aggregate limit (as applicable) for incentive stock options, then, in order for a portion of the option to qualify for ISO treatment, the option must be split into an ISO portion and a non-ISO portion, and separate stock certificates must be issued for the ISO stock and the non-ISO stock. Also, if the option is granted on or after January 1, 1981, the option plan must be amended to add the \$100,000 limit before the option is exercised. Because options currently granted should conform to these requirements without the necessity of being split, and because the option plans should conform without the necessity of being

amended, the burden required by this regulation is reflected in the burden estimate for section 1.422-5.

Reg. 14a.422A-1 Q&A-26 (temporary).

Section 14a.422A-1 Q&A-26 (temporary) provides that, if a stock option granted after August 13, 1981, has terms (or its underlying plan has terms) that fail to meet the requirements for incentive stock options, the option (or plan) must be amended to meet those requirements in order for the option to receive ISO treatment. Because plans currently drafted should conform to these requirements without the necessity of amendment, the burden required by this regulation is reflected in the burden estimates for section 1.422-5.

Reg. 14a.422A-1 Q&A-30 (temporary).

Section 14a.422A-1 Q&A-30 (temporary) provides that, if a stock option plan receives timely shareholder approval but is subsequently amended to conform to the requirements for incentive stock options, new shareholder approval of the plan is required if, as originally approved, the plan did not specify the aggregate number of issuable shares or identify the employees (or class of employees) eligible for options. We estimate that the total number of respondent/recordkeepers will be 500 and that the time per respondent/recordkeeper will be 20 hours. Thus, the total burden will be 10,000 hours.

Reg. 1.422A-2(b)(1) and (2) (proposed).

Section 1.422A-2(b)(1) and (2) (proposed) provide that an incentive stock option must be granted pursuant to a written plan specifying certain information, and the plan must be adopted by the corporation's board of directors and must be approved by its shareholders within 12 months before or after it is adopted. The burden required by this regulation is reflected in the burden estimates for Section 1.422-5.

Reg. 1.422A-2(b)(3)(iv) (proposed).

Section 1.422A-2(b)(3)(iv) (proposed) provides that any increase in the number of shares to be offered for stock options or change in the designation of employees (or class of employees) eligible to receive options under an incentive stock option plan constitutes the adoption of a new plan that requires new shareholder approval. We estimate that the total number of respondent/recordkeepers will be 500 and that the time per respondent/recordkeeper will be 20 hours. Thus, the total burden will be 10,000 hours.

Reg. 1.423-2(c)(1).

Section 1.423-2(c)(1) provides that, in order for a stock option plan to qualify as an employee stock purchase plan, it must be adopted by the corporation's board of directors and must be approved by its shareholders within 12 months before or after it is adopted. We estimate that the total number of respondent/recordkeepers will be 5,000 and that the time per respondent/recordkeeper will be 20 hours. Thus, the total burden will be 100,000 hours.

Reg. 1.423-2(c)(4).

Section 1.423-2(c)(4) provides that any increase in the number of shares to be offered for stock options or change in the designation of employees (or class of employees) eligible to receive options under an employee stock purchase plan constitutes the adoption of a new plan that requires new shareholder approval. We estimate that the total number of respondent/recordkeepers will be 500 and that the time per respondent/recordkeeper will be 20 hours. Thus, the total burden will be 10,000 hours.

Reg. 1.423-2(e).

Section 1.423-2(e) provides that options must be granted to all employees who are entitled to an option under the terms of an employee stock purchase plan or offering made under the plan. Otherwise, none of the options granted under the offering will be treated as having been granted under an employee stock purchase plan. The burden

required by this regulation is reflected in the burden estimate for sections 1.421-1(a)(1) and 1.421-7(a)(1).

Reg. 1.457-1(b)(1).

Section 1.457-1(b)(1) provides that amounts deferred under an eligible § 457 plan will not be considered made available to the participant or beneficiary if under the plan the participant may irrevocably elect, prior to the time such amounts become payable, to defer payment of some of such amounts to a fixed or determinable future time. We estimate that the total respondents will be 600,000 and the time per respondent will be 3 minutes, and thus the total burden will be 30,000 hours.

Reg. 1.457-2(b).

Section 1.457-2(b), in defining a plan, states that a plan includes any agreement or arrangement between a state and a participant or participants, under which the payment of compensation is deferred. We estimate that the total recordkeepers will be 36,000 and the time per recordkeeper will be 50 hours, and thus the total burden will be 1,800,000 hours.

Reg. 1.457-2(g).

Section 1.457-2(g) requires that a plan must provide that compensation is to be deferred for any calendar month only if an agreement providing for such deferral has been entered into before the first day of the month, or, in the case of a new employee, if an agreement providing for such deferral is entered into on or before the first day on which the participant becomes an employee. We estimate that the total recordkeepers will be 35,000 and the time per recordkeeper will be 6 hours, and thus the total burden will be 210,000 hours.

Reg. 1.457-2(h)(1).

Section 1.457-2(h)(1) requires no third party communication, but in practice a participant's receipt of a hardship distribution will depend on providing certain information to the plan administrator including information concerning the employee's financial need. We estimate that the total respondents will be 100,000 and the time per respondent will be ½ hour, and thus the total burden will be 50,000 hours.

Reg. 1.457-2(i)(2).

Section 1.457-2(i)(2) provides for selection by participants of a schedule of distributions under a plan and requires that the schedule must be such that benefits payable to a beneficiary are no more than incidental. We estimate that the total respondents will be 400,000 and the time per respondent will be 3 minutes, and thus the total burden will be 20,000 hours.

Reg. 1.457-2(k).

Section 1.457-2(k) provides for automatic plan to plan transfer if a participant separates from service to accept employment with another eligible employer, but in practice some

sort of notification would be necessary to cause this to happen. We estimate that the total respondents will be 50,000 and the time per respondent will be ¼ hour, and thus the total burden will be 12,500 hours.

Reg. 1.468A-3(h).

Section 1.468A-3(h) provides that for the issuance of a schedule of ruling amounts a utility must submit to the Service a copy of the utility commission rate order and relevant background material, particularly those portions of the record dealing with the assumptions used by the commission in determining decommissioning costs. Although a rate order would be obtained regardless of §468A, the order or background material filed with the commission probably contains certain items for the purpose of complying with §468A. We estimate that the total respondent/recordkeepers will be 350 and the time per respondent/recordkeeper will be 5 hours, and thus the total burden will be 1,750 hours.

Reg. 1.501(e)-1.

Section 1.501(e)-1 requires that a cooperative hospital service organization must make timely written notice to each patron-hospital disclosing to the patron-hospital the amount of net earnings allocated to it on the books of the organization. We estimate that the total respondent/recordkeepers will be 1,500 and the time per respondent/recordkeeper will be 1 hour, and thus the total burden will be 1,500 hours.

Reg. 1.509(a)-3(c)(1)(b).

Reg. 31.3402(o)-2(f).

Section 31.3402(o)-2(f) requires a payor to report certain annuity payments and furnish certain information. We estimate that the total respondents will be 100,000 employers, the time per employer will be 5 minutes for each employee with an average of 150 employees affected, and the estimated burden will be 1,250,000 hours.

Reg. 31.3402(o)-3.

Section 31.3402(o)-3 requires an employee to file a statement with a third party payor to get withholding on sick pay paid by the third party. We estimate that the total respondents will be 2,000,000, the time per respondent will be 5 minutes, and thus the burden will be 166,667 hours.

Reg. 31.3402(p)-1.

Section 31.3402(p)-1 provides that an employee who wants voluntary withholding is required to furnish a statement with certain listed information to the employer. The estimated time to furnish this statement is $\frac{1}{4}$ hour. The estimated number of employees who have voluntary withholding is 250,000. The estimated burden is 62,500 hours.

Reg. 31.3402(q)-1(d) and (e).

Section 31.3402(q)-1(d) and (e) provides that a person who is to receive a payment of gambling winnings must provide certain withholding information to the payor. We estimate that the total number of respondents will be 15,000,000 and the time per

respondent will be 1 minute, and thus the total burden will be 250,000 hours.

Reg. 31.3402(r)-1(a)(1).

Section 31.3402(r)-1(a)(1) provides that a tribe and a tribal member may enter into an agreement to provide for the deduction and withholding of additional amounts from payments of gaming revenues in order to satisfy the anticipated tax liability of the tribal member. We estimate that the total respondents will be 100, the time per respondent will be ¼ hour, and thus the burden will be 25 hours.

For section 31.3405(c)-1 Q&A 1-13 below, the number of respondents sending Form 1099-R and Form 5498 to payees is 10,160,000. The time per respondent is 1 minute. The total burden is 169,333 hours. The remaining burden is reflected on Form 1099-R and Form 5498.

Reg. 31.3405(c)-1 (final).

Section 31.3405(c)-1 (final) provides as follows with respect to withholding and rollovers for distributions from qualified plans:

(Q&A-1) provides that any designated distribution that is an eligible rollover distribution from a qualified plan or a section 403(b) annuity is subject to income tax withholding at the rate of 20 percent unless the distributee of the eligible rollover distribution elects to have the distribution paid directly to an eligible retirement plan in a direct rollover. If a designated distribution is not an eligible rollover distribution it is subject to the elective withholding provisions of section 3405(a) and (b) and section 35.3405-1 of this chapter and is not subject to the mandatory withholding requirements of section 3405(c) and this section. (Q&A-2) provides that the 20 percent withholding applies to an eligible rollover distribution unless the distributee elects under section 401(a)(31) to have the eligible rollover distribution paid directly to an eligible retirement plan in a direct rollover.

(Q&A-3) provides that the plan administrator of a qualified plan and the payor of a section 403(b) plan have the responsibility to withhold on an eligible rollover distribution.

(Q&A-4) provides that the plan administrator may shift the withholding responsibility to the payor by following the procedures set forth in Q&A A-13 and Q&A E-2 of section 35-3405-1 of this chapter.

(Q&A-5) provides that, if a distributee elects to have a portion of an eligible rollover distribution paid to an eligible retirement plan in a direct rollover and to receive the remainder of the distribution, the 20 percent withholding requirement under section 3405(c) applies only to the portion of the eligible rollover distribution that the distributee receives and not to the portion that is paid in a direct rollover.

(Q&A 6&7) provides that, if the plan administrator reasonably relies on adequate information provided by the distributee (as described in Q&A-7 of this section) the plan

administrator will not be subject to liability for failure to withhold income tax from an eligible rollover distribution if the distribution is paid to an account or plan that is not an eligible retirement plan.

(Some of the above requirements are subparts of the others and some are alternatives depending on the taxpayer's choice.)

Reg. 31.3405(c)-1 (Q&A 11) and (Q&A-12&13) (final).

Section 31.3405(c)-1 (Q&A 11) (final) provides that the Plan administrator is responsible for maintaining the records and making the required reports with respect to eligible rollover distributions from qualified plans. If he fails to do so, the employer is responsible for the reports and returns. The burden estimate reflects the time required to send copies of Form 1099-R and Form 5498.

Reg. 31.3405(c)-1T (Q&A-12&13) (temporary).

Section 31.3405(c)-1T (Q&A-12&13) (temporary) provides that each eligible rollover distribution must be reported by the plan administrator, trustee, or custodian on Form 1099-R in accordance with the instructions on that form and that, when a distributee elects to have an eligible rollover distribution paid to an individual retirement account in a direct rollover, the plan administrator, trustee or custodian must report it on Form 5498 as a rollover contribution.

Reg. 35.3405-1 (temporary).

Section 35.3405-1 (temporary) provides the following with respect to withholding on designated distributions from pension plans:

(Q&A A-1) provides that withholding is required on all designated distributions unless the payee elects not to have withholding apply.

(Q&A A-5) provides that in general, withholding is required on any designated distribution made after December 31, 1982.

(Q&A A-6) provides that a payee receiving amounts that are subject to the new withholding regulations may not choose to use the voluntary withholding system of section 3402(o). Also, if a payee had a fixed amount withheld upon request, a different amount will probably be withheld when the new provisions take effect unless the rule under Q&A A-7 applies. However, section 3402(o) continues to apply to annuity payments that are not designated distributions, to sick pay, and to supplemental employment benefits.

(Q&A A-10) provides that amounts from periodic payments are withheld as if the payment were a payment from wages by an employer to an employee for the appropriate payroll period.

(Q&A A-11) provides that the amount withheld on qualified total distributions will be

determined under tables prescribed by the Secretary that approximate the tax that would be imposed under section 402(e) if the payee elected to treat the distribution as a lump sum distribution within the meaning of section 402(e)(4)(A).

Q&A A-13) provides that the payor of a designated distribution must withhold, and is liable for tax to be withheld. However, in the case of a distribution from a plan described in section 401(a), 403(a) or section 301(d) of the Tax Reduction Act of 1975, the plan administrator must withhold, and is liable for the payment of, the withheld tax unless he directs the payor to withhold the tax and furnishes the payor with any information that may be required by the Secretary in forms and regulations.

(Q&A A-15) provides that a bank, regulated investment company, or insurance company that makes a periodic payment to a payee solely at the direction of an employer sponsored individual retirement account is a payor subject to the pension withholding provisions.

(Q&A A-16) provides that, if the employer acts as an agent for the bank trustee by making designated distributions, then the employer is a payor. However, this does not relieve the bank trustee of liability for withholding because the rule for transfer liability only applies to plan administrators.

(Q&A A-17 to A-23) describes whether certain plans and arrangements, both qualified and nonqualified, are subject to the withholding provisions.

These requirements address aspects of the same obligation. We estimate that the total respondents will be 10,160,000 and the average time per respondent will be 1 minute, and thus the total burden will be 169,333 hours, which reflects the time required to send copies of Form 1099-R and Form 5498.

Reg. 35.3405-1 (Q&A A-7) (temporary).

Section 35.3405-1 (Q&A A-7) (temporary) provides that if a recipient of a pension or annuity has previously elected voluntary withholding under section 3402(0), the Form W-4P can be effective as an election to currently withhold a certain flat dollar amount if the plan administrator or payor wishes to honor it as an election, and the payee is notified that his previously filed W-4P will remain effective unless he elects out of withholding or files a new withholding certificate. We estimate that the total respondents will be 10,160,000 and the average time per respondent will be $\frac{1}{4}$ hour, and thus the total burden will be 2,540,000 hours.

Reg. 35.3405-1 (temporary).

Section 35.3405-1 (temporary) provides the following with respect to determining the amount that is included or excluded from gross income:

(Q&A A-24 to A-27) provides that the payor may rely on the information furnished by

the plan administrator to determine the amounts includible in gross income in the absence of information to the contrary. It also discusses what happens if the plan administrator fails to provide the payor with any information.

(Q&A A-31) provides that, unless a payor has specific knowledge that employee contributions distributed from a plan described in section 401(a) are accumulated deductible employee contributions, it is reasonable to assume that the amounts are excludible from gross income in the year received.

(Q&A A-32) provides that, in the case of disability payments paid under a noncontributory plan to a disability retiree who has not attained age 65, it is reasonable for the payor to believe that amounts paid to the payee are includible in gross income, unless the payor has specific knowledge that all or part of the periodic payments are not includible in gross income, or if the payee notifies the payor of the amount excludible from gross income, the payor must compute the taxable portion of the payment based on information provided by the payee.

Reg. 35.3405-1 (temporary).

Section 35.3405-1 (temporary) provides the following with respect to determination of withholding amounts:

(Q&A A-34) provides that a payor may rely on a plan administrator's computation of the amount to be withheld, unless the payor knows or has reason to know that the computations are incorrect.

(Q&A A-36) provides that the amount to be withheld from a payment made by one check to more than one beneficiary must be computed as if the payment were made to only one beneficiary. An alternative method exists if each payee files a withholding certificate and the payor knows the amount of the payment to which each payee is entitled. Other requirements apply.

(Q&A A-37) provides that no correction for an error in computation of the amount of a designated distribution subject to withholding is required if the error was a reasonable one, for example, the payor relied on information provided by the plan administrator, the payee's representation on the withholding certificate, on the regulations, or the payor made a mathematical error.

Reg. 35.3405-1(B) (B-1 to B-8) (temporary).

Section 35.3405-1(B) (B-1 to B-8) (temporary) provides that withholding on a periodic payment is accomplished by treating the payment as if it were wages. Thus, unless the employee has elected not to have withholding apply, the method of withholding that is an appropriate method for withholding on wages is appropriate for withholding on periodic payments. If a withholding certificate is filed by a payee, it will generally take effect as provided in section 3402(f)(3) for certificates filed to replace existing withholding certificates. If a payment period is specified as by the terms of a commercial annuity

contract, it must be used as the appropriate period for determining the amount to be withheld. Similarly, if the payment period is designated in a plan administrator's report or on an individual retirement account payout schedule, this period must be used as the appropriate payment period.

Reg. 35.3405-1 (Q&A C-4) (temporary).

Section 35.3405-1 (Q&A C-4) (temporary) provides that, unless the payor or the plan administrator has reason to believe that a payee is not a calendar year taxpayer, they may treat the payee as a calendar year taxpayer. If the payee tells the payor that he is not a calendar year taxpayer, they have reason to believe he is not a calendar year taxpayer. (Q&A C-6 to C-7) provide that the payor can rely on a plan administrator's report in determining whether a distribution consists of the balance to the credit of an employee under a plan. However, the payor may rely on the payee's representation that a distribution does not consist of the balance to the credit on the employee under the plan. See Q&A C-6 for what is meant by the "balance to the credit".

Reg. 35-3405-1(D) (Q&A D-1 to D-34) (temporary).

Section 35-3405-1(D) (Q&A D-1 to D-34) (temporary) provide that a payee may elect not to have Federal Income Tax withheld from a designated distribution and this election is effective until revoked. The payor (or the plan administrator on behalf of the payor) must provide each payee with notice of the right not to have withholding apply and the right to revoke the election. Notice must be provided not earlier than six months before the first payment and not later than when making the first payment, and thereafter at least once each calendar year. Other requirements concerning this notice apply. In particular, Q&A D-18 provides what information a notice to a payee must contain, and Q&A D-20 provides who has the responsibility for providing notice.

Reg. 35.3405-1 (Q&A E-1) (temporary).

Section 35.3405-1 (Q&A E-1) (temporary) provides that the plan administrator is responsible for maintaining the records and making the reports required by section 6047(e). However, if the plan administrator fails to do so, the employer maintaining the plan is responsible for the reports and returns.

Reg. 35.3405-1 (Q&A E-2) (temporary).

Section 35.3405-1 (Q&A E-2) (temporary) provides that the plan administrator may transfer the liability for withholding by directing the payor in writing to withhold the tax and providing the payor with the required information. This provision does not result in additional burden.

Reg. 35.3405-1 (Q&A E-4) (temporary).

Section 35.3405-1 (Q&A E-4) (temporary) provides that, if the plan administrator does not notify the payor of the amount of employee contributions with respect to a payee, after December 31, 1983, the withholding responsibility shifts to the payor. The resulting burden is subsumed in 1.3405-1 (Q&A A1-23).

Reg. 35.3405-1 (Q&A E-5) (temporary).

Section 35.3405-1 (Q&A E-5) (temporary) provides that if, after December 31, 1983, the plan administrator fails to supply the payor with any information concerning the existence or amount of any employee contributions, the withholding responsibility does not shift to the payor unless he affirmatively states that there are no employee contributions or that the reporting of this item is not applicable in determining the payee's tax liability. This provision does not result in any incremental burden.

Reg. 35.3405-1 (Q&A E-6) (temporary).

Section 35.3405-1 (Q&A E-6) (temporary) provides that section 6047(e) will be satisfied by maintaining records necessary to provide the information contained on Forms W-2P and 1099R, if, in addition, the following information is maintained: (1) payee's date of birth(if known) and spouses's or designated beneficiary's date of birth (if known), (2) plan administrator's name, address and employer identification number (EIN), (3) plan's name and identification number and sponsor's name, address and EIN, and (4) date on which payments commence and amount and frequency of payments. Temp. 35.3405-1 (Q&A E-7) provides that the employer, plan administrator or issuer of any contract must still maintain the information required by Form W-2P and the recipient must be provided with this information to determine his tax liability even if the interim method of withholding on periodic payments is used. Temp. 35.3405-1 (Q&A E-8) provides that reporting is required by the plan administrator or payor pursuant to section 6047(e) any time there is a designated distribution to which section 3405 applies.

Reg. 35.3405-1 (Q&A E-9) (temporary).

Section 35.3405-1 (Q&A E-9) (temporary) provides that the reporting requirement under section 6047(e) will be satisfied if Form W-2P or Form 1099R is filed with respect to each payee, in the absence of other forms or regulations.

Reg. 35.3405-1 (Q&A E-10) (temporary).

Section 35.3405-1 (Q&A E-10) (temporary) provides that the amounts withheld under section 3405 must be deposited with a Federal Reserve Bank or an authorized financial institution according to certain requirements, and must be reported on the same Form 941 used to report employment taxes.

Reg. 35.3405-1 (Q&A F-13) (temporary).

Section 35.3405-1 (Q&A F-13) (temporary) provides that, where an insurance company makes payments under certain variable annuity contracts to which The Investment Company Act of 1940 applies, and the insurance company must make payment within 7 days after a payee requests withdrawal from a contract, the notice of a payee's right to elect out of withholding for a nonperiodic distribution satisfies the "reasonable time" requirement of question D-9 if the insurance company mails a notice to the payee on the day the request for withdrawal is received. The notice may specify that unless the payee calls the company on a toll-free telephone number supplied within 7 days of the date the request was received, the company will withhold from the distribution.

Reg. 35.3405-1 (Q&A F-25) (temporary).

Section 35.3405-1 (Q&A F-25) (temporary) provides that the time at which a plan administrator, etc. must provide notice under section 3405(d)(10) also applies to the time at which an election out of withholding may be made. (Except with respect to certain annuity contracts under question F-13.) Temp. 35.3405-1 (Q&A F-26) provides that abbreviated notice may be supplied to a payee if the payor provided notice prior to January 1, 1983, so long as it includes all the information required by question D-18 which was not included in the earlier notice.

Reg. 35.3405-1 (Q&A F-27) (temporary).

Section 35.3405-1 (Q&A F-27) (temporary) provides that section 3405(d)(10)(B)(i) requires the payor of a nonperiodic distribution to transmit to the payee notice, at the time of the distribution or at such earlier time as may be provided in regulations, of the right to elect not to have withholding apply. If distributions have begun, the payor may provide a blanket notice with a reasonable time before the first payment made in the calendar year to which the notice relates, with certain exceptions.

For all regulations under section 35.3405-1 above (excluding Q&A A-7), there is an estimated 10,160,000 respondents supplying forms. The time per respondent is 1 minute. The total burden for supplying the forms is 169,333 hours. The remaining burden is reflected on Form 1099, Form W-4P, Form W-2P, and Form 941.

Reg. 31.3406(d)-5(f) and (g).

Section 31.3406(d)-5(f) and (g) provide the procedure that a payee must follow to correct an incorrect taxpayer identification number after backup withholding has been initiated. We estimate that the total number of respondents will be 1750 and the time per respondent will be ½ hour, and thus the total burden will be 875 hours.

Reg. 31.3507-1(b).

Section 31.3507-1(b) provides that an employer must report to an employee on Form W-2 the amount of advance earned income credit an employee receives during the year. The burden required by this regulation is reflected in the burden estimates for Form W-2.

Reg. 31.3507-2.

Section 31.3507-2 requires that each calendar year a qualifying employee who wishes to receive advance earned income credit payments from the employer must file a valid Form W-5, Earned Income Credit Advance Payment certificate with the employer. Form W-5 includes the information necessary for the employer to determine the correct amount of each advance payment. The burden required by this regulation is reflected in the burden estimates for Form W-5.

Reg. 31.3508-1(b)(iii) (proposed).

Section 31.3508-1(b)(iii) (proposed) provides that among the requirements to qualify as a statutory non-employee, the services performed by a qualified real estate agent must be performed pursuant to a written contract between the parties which provides that the individual will not be treated as an employee with respect to such services for Federal tax purposes. This requirement is also statutory. The estimated number of licensed real estate agents is 2,000,000. The estimated time required to complete a contract with such a statement is 5 minutes. The estimated burden is 166,667 hours.

Reg. 95a.9999-5(b)Q&A8.

Section 95a.9999-5(b)Q&A8 provides that interest on a registration required obligation qualifies as portfolio interest if the U.S. person (including a foreign paying agent of an issuer who is a U.S. person) who would be required to withhold receives a statement

described in sec. 95a9999-5(b) Q&A 9 or Q&A 14 from the beneficial owner of the obligation or a financial institution described in sec. 871(h)(5)(B). We estimate that the total respondent/recordkeepers will be 1,000,000 and the time per respondent/recordkeeper will be 4 hours, and thus the total burden will be 4,000,000 hours.

Reg. 95a.9999-5(b)Q&A9.

Section 95a.9999-5(b)Q&A9 provides that interest on an obligation may be treated as portfolio interest if the U.S. person otherwise required to withhold receives a statement from the beneficial owner that certifies, under penalties of perjury, that the owner is not a U.S. person, citizen, or resident, and which provides the name and address of the beneficial owner. The statement may be made on Form W-8. The regulation also provides rules for statements made by financial institutions with respect to portfolio interest. Persons are required to inform the U.S. person otherwise required to withhold of changes in the information contained in the statement. The statement, which may be provided on Form W-8 must be retained by the U.S. person otherwise required to withhold. The burden estimate is reflected on Form W-8.

Reg. 95a.9999-5(b)Q&A12, 14, and 15.

Section 95a.9999-5(b)Q&A12, 14, and 15 provide that a withholding agent paying portfolio interest on foreign targeted registered obligations must receive, and maintain, a certification or documentation as described in the regulation. We estimate that the total respondent/recordkeepers will be 1,000 and the time per respondent/recordkeeper will be 2 hours, and thus the total burden will be 2,000 hours.

Reg. 95a.9999-5(b)Q&A13.

Section 95a.9999-5(b)Q&A13 provides that a foreign targeted registered obligation must contain a legend that it has been sold (or resold in connection with its original issuance) under procedures similar to those of Treas. Reg. 1.165-5(c)(2)(i)(A)(B). We estimate that the total respondent/recordkeepers will be 100 and the time per respondent/recordkeeper will be 2 hours, and thus the total burden will be 200 hours.

Reg. 95a.9999-5(b)Q&A19.

Section 95a.9999-5(b)Q&A19 provides that a statement must be provided to a U.S. withholding agent on foreign targeted registered obligations if the requirements of Treas. Reg. 95a.9999-5(b)Q&A12 have not been met. Also, the certification requirements of Treas. Reg. 95a.9999-5Q&A14 must be met. We estimate that the total respondent/recordkeepers will be 50 and the time per respondent/recordkeeper will be 2 hours, and thus the total burden will be 100 hours.

The total estimated burden for all of the requirements is 68,885,183 hours.

Estimates of the annualized cost to respondents for the hour burdens shown are not available at this time.

13. ESTIMATED TOTAL ANNUAL COST BURDEN TO RESPONDENTS

As suggested by OMB, our **Federal Register notice dated October 3, 2011, (76 FR 61145)**, requested public comments on estimates of cost burden that are not captured in the estimates of burden hours, i.e., estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. However, we did not receive any response from taxpayers on this subject. As a result, estimates of the cost burdens are not available at this time.

14. ESTIMATED ANNUALIZED COST TO THE FEDERAL GOVERNMENT

Not applicable.

15. REASONS FOR CHANGE IN BURDEN

There is no change in the paperwork burden previously approved by OMB. We are making this submission to renew the OMB approval.

16. PLANS FOR TABULATION, STATISTICAL ANALYSIS AND PUBLICATION

Not applicable.

17. REASONS WHY DISPLAYING THE OMB EXPIRATION DATE IS INAPPROPRIATE

We believe that displaying the OMB expiration date is inappropriate because it could cause confusion by leading taxpayers to believe that the regulations sunset as of the expiration date. Taxpayers are not likely to be aware that the Service intends to request renewal of the OMB approval and obtain a new expiration date before the old one

expires.

18. EXCEPTIONS TO THE CERTIFICATION STATEMENT ON OMB FORM 83-I

Not applicable.

Note: The following paragraph applies to all of the collections of information in this submission:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.
