The purpose of this change sheet is to request permission to amend:		
(1) NPSAS:12 informed consent statements communicated to respondents during the student interview, to assure that the verbal consent matches the written consent, and		
(2) the student interview to allow respondents who are not in the BPS sample to actively consent to be contacted about their participation in future non-NCES-sponsored follow-up activities.		
This will provide an opportunity for researchers to rigorously address fundamental research questions through experimental research methodologies using NPSAS's large sample size.
