Supporting Statement for Paperwork Reduction Act Submissions

A. Justification:

1. **Reason for collection.** The housing choice voucher (HCV) program is the federal government's major program for assisting very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. Since housing assistance is provided on behalf of the family or individual, participants are able to find their own housing, including single-family homes, townhouses and apartments. The participant is free to choose any housing that meets the requirements of the program and is not limited to units located in subsidized housing projects.

HCVs are administered locally by public housing agencies (PHAs). The PHAs receive federal funds from the U.S. Department of Housing and Urban Development (HUD) to administer the voucher program. A family that is issued a HCV is responsible for finding a suitable housing unit of the family's choice where the owner agrees to rent under the program. This unit may include the family's present residence. Rental units must meet minimum standards of health and safety as determined by the PHA. A housing subsidy is paid to the landlord directly by the PHA on behalf of the participating family. The family then pays the difference between the actual rent charged by the landlord and the amount subsidized by the program.

Under certain circumstances, if authorized by the PHA, a family may use its voucher to purchase a modest home. Section 8(o) of the United States Housing Act of 1937 (USHA), as amended by Section 545 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA) authorized the merger of the Section 8 tenant-based programs (certificate and voucher programs) into a single market-driven program (entitled the HCV program). Section 8(y) of the USHA, as amended by Section 555 of QHWRA authorized the "homeownership option" under the HCV program.

Under the HCV program, the Department enters into an Annual Contributions Contract (ACC) with PHAs to assist very low-income families to lease or purchase safe, decent, and affordable housing. PHAs are required to maintain complete and accurate program and accounting records in accordance with HUD requirements; in a manner that permits a speedy and effective audit. PHAs must maintain records on eligibility (e.g., verification of income, disability status and citizenship); records of subsidized units (e.g., unit inspection reports, rent reasonableness documentation, tenant leases and housing assistance payments (HAP) contracts); and accounts and other records supporting PHA budget and financial statements for the program (e.g. HAP registers which document payments to landlords).

Voluntary transfers of HCV program units and budget authority under a proposed PIH notice, sets the requirements for such transfers. Such transfers include notification of both the divesting PHA and receiving PHA to their respective field office. Receiving PHAs are responsible for notifying all affected landlords and families of the transfer.

Section 8(o)(13) of the USHA allows PHAs to project-base a portion of their tenant-based vouchers.

Authorities for the information collection under this PRA are: USHA of 1937 (42 U.S.C. 1437 et.seq); Housing and Community Development Act of 1987 (42 U.S.C. 3543); Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d); Fair Housing Act (42 U.S.C. 3601-19); Section 904 of the Section 904 of the Stewart B. McKinney Homeless Assistance Amendments Act of 1988, as amended by Section 903 of the Housing and Community Development Act of 1992 and Section 3003 of the Omnibus Budget Reconciliation Act of 1993 (42 U.S.C. 3544).

2. **Use of information.** The requested information requirements (how, by whom and for what purpose the information is to be used) for the voucher program consists of the following:

Information Collections Required of PHAs

Funding Application, Form HUD-52515. Regulatory References 982.54, 982.103, and 982.158. HUD collects information from the PHA on Form HUD-52515, which is the HCV program funding application that specifies the

number of units requested, as well as the PHA's objectives and plans for administering the HCV program. The application is reviewed by HUD and ranked according to the PHA's administrative capability, the need for housing assistance, and other factors specified in the Notice of Funding Availability. PHAs are required to prepare an Administrative Plan that states local PHA policy on matters for which the PHA has discretion to establish local policies. The PHA must discuss in these plans how it will operate the HCV program, e.g., organization of the waiting list, opening and closing of the waiting list, selection of families from the waiting list, terms of the voucher and occupancy policies. Standard forms were added to the funding application process. **Purpose: Application for benefits.**

Allowances for Tenant Furnished Utilities and Other Services, Form HUD-52667. Regulatory References 982.158 and 982.517. The PHA must establish a utility allowance schedule for all utilities and other services. The utility allowance is used in determining the family's monthly HAP and rental or homeownership share. The allowance is provided for those utilities paid by the family. The utility allowance schedule is determined based on the typical cost of utilities and services paid by energy-conservative households that occupy housing of a similar size and type in the same locality. The PHA must submit its initial utility allowance schedule and supporting documentation to HUD in order for HUD to ensure that the costs are reasonable. Thereafter, the updated form is not sent to HUD unless requested. **Purpose: Program planning or management; Regulatory compliance. This purpose will remain applicable to remaining forms and documents.**

Inspection Form, HUD-52580. Regulatory References 982.158, 982.401, 982.405 and 982.631. Form HUD-52580 (form HUD-52580-A is the same form as 52580 with the addition of detailed instructions on the form) is the inspection form used by the PHA to determine if a unit meets the housing quality standards (HQS) of the HCV program. The goal of the HCV program is to provide decent, safe and sanitary housing to very low-income families. In keeping with that goal, the primary objective of the HQS is to protect the family receiving assistance under the program by guaranteeing a basic level of assisted housing. The units must pass inspection before HAP may be paid to owners and must be re-inspected at least once a year when an assisted family continues occupancy. Annual re-inspections are not required under the homeownership option. The inspection reports are not submitted to HUD.

Financial Forms, HUD- 52672, 52681, 52681-B, 52663 and 52673. Regulatory References 982.157 and 982.158. PHAs that administer the HCV program are required to maintain financial reports in accordance with accepted accounting standards in order to permit timely and effective audits. The HUD-52672 and 52681 financial records identify the amount of annual contributions that are received and disbursed by the PHA and are used by PHAs that administer the five-year Mainstream Program. The form HUD-52663 provides for PHAs to indicate requested funds and monthly amounts. The form HUD-52673 allows PHAs to estimate their total required annual contributions. The required financial statements are similar to those prepared by any responsible business or organization at the end of the fiscal year. The automated form HUD-52681-B is entered by the PHA into the Voucher Management System (VMS) on a monthly basis during each calendar year to track HAP and administrative fee expenses as well as portability families, fraud recovery, Family Self-Sufficiency escrow accounts, etc. The inclusion of the four new fields of Net Restricted Assets (NRA), Unrestricted Net Assets (UNA), Cash/Investments, and the number of vouchers issued but not under active housing assistance payment (HAP) contract will further allow the PHAs and the Department to realize a more complete picture of the PHAs' resources and program activities, promote financial accountability, and improve the PHAs' ability to provide assistance to as many households as possible while maximizing budgets. In addition, the aforementioned fields will be crucial to the identification of actual or incipient financial problems that will ultimately affect funding for program participants.

Voucher, Form HUD-52646. Regulatory References 982.158, 982.302 and 982.629. The voucher is the document that authorizes the family to look for an eligible unit and specifies the appropriate unit size necessary to meet the family's needs. The voucher also sets forth the family's obligations under the HCV program. This form is not sent to HUD.

HAP Contracts and Tenancy Addenda, Forms HUD-52641, 52641A, and 52642. Regulatory References, 982.158, 982.305, 982.308, 982.309, 982.451, 982.454, 982.620. The HAP contract is a written agreement between the PHA and the owner of a unit or manufactured home space occupied by a voucher participant. The HAP contract must be executed before the PHA can make payment on behalf of an eligible family. The HAP contract consists of three parts: Part A (Contract Information); Part B (Body of the Contract); and Part C (Tenancy Addendum). Separate tenancy addenda forms are provided to the landlord for attachment to the tenant's lease. The PHA must be provided a

copy of any revisions to the lease agreed to by the owner and the tenant. This information is not submitted to HUD. Below is an explanation of each contract form.

HAP Contract for Section 8 Tenant-Based Assistance Housing Choice Voucher Program, Form HUD-52641.

This contract form is used for all program, participants except manufactured homeowners leasing the manufactured home space. This form is not sent to HUD.

Tenancy Addendum, Form HUD-52641-A. This form must be attached to a copy of the lease that is provided to the tenant by the landlord. If there is any conflict between the tenancy addendum and any other provisions of the lease, the language of the tenancy addendum shall control. This form is not sent to HUD.

HAP Contract for Manufactured Home Space Rental, Form HUD-52642. This contract and lease form is used for manufactured homeowners who lease the manufactured home space. This form is not sent to HUD.

Information Collected by PHAs from Program Participants / Tenant-Based Owners

Request for Tenancy Approval, Form HUD-52517. Regulatory References 982.158 and 982.302. The Request for Tenancy Approval is completed and submitted by the family to the PHA when the family finds a unit that is suitable for its needs. The PHA reviews the request to determine if the owner is eligible to participate in the program, if the unit is eligible, and if the lease complies with the program and statutory requirements governing prohibited and required lease provisions. This form is not sent to HUD.

Statement of Homeowner Obligations Housing Choice Homeownership Voucher Program, Form HUD-52649.

Regulatory Reference 982.625 and 982.633. The PHA and family participating in the homeownership voucher program must execute a “statement of homeowner obligations” before HAP begins. This statement describes the types of information to be provided by the family during the process for determining a family’s eligibility for participation in the program, and the program requirements a family must comply with as a condition of participation. The statement indicates the homeowner’s acknowledgment of obligations to provide various types of information to the PHA for the purpose of determining general eligibility for participation in the program, income eligibility, or compliance with stated program requirements.

Information Requirement Regarding Portability

Family Portability Information, Form HUD-52665. Regulatory Reference 982.158 and 982.355. This form standardizes the portability information submitted to the receiving PHA by the initial PHA. In addition, this form is used for monthly portability billing by the receiving PHA. After the payment amount is established, the form does not need to be resubmitted until the annual recertification or if the payment amount changes between annual recertifications. This information is not provided to HUD.

Information Requirement from PHA to Owner

PHA Preparation of Information about the Tenant for the Owner. Regulatory Reference 982.307. Before commencement of monthly homeownership assistance, a member or members of the family must enter into a contract of sale with the seller of the unit to be acquired by the family. The family must give the PHA a copy of the contract of sale. The contract of sale must specify the price and other terms of sale by the seller to the purchaser; provide that the purchaser will arrange for a pre-purchase inspection of the dwelling unit by an independent inspector selected by the purchaser; provide that the purchaser is not obligated to purchase the unit unless the inspection is satisfactory to the purchaser; provide that the purchaser is not obligated to pay for any necessary repairs; and contain a certification from the seller that the seller has not been debarred, suspended, or subject to a limited denial of participation under part 24 of this title.

PHAs that were eligible for assistance under Section 901 in Public Law 109-148 or are located in the same counties as those eligible for Section 901 and operate voucher programs, but do not operate public housing programs, and any other PHA that otherwise qualifies under this category must demonstrate they have experienced a loss of rental housing stock as a result of the 2005 hurricanes to receive additional renewal funding. To receive funding, the PHA must submit a plan, to be approved by the Secretary, demonstrating that the PHA can effectively use the funding under this provision within 12 months of HUD approval of the plan.
