PAP SCREENING FORM (FOR FEMALE APPLICANTS)

Note to applicant: Please obtain the following screening test. A routine Pap screening exam may not be offered during your Peace Corps service. You must receive a Pap screening test within four months of your date of departure, even if you have had one within the past 12 months.

PAP EXAM: My Pap results are attached. (The Peace Corps must receive the actual cytology report. A physician documenting the results, but not submitting the laboratory report, will result in an incomplete physical exam).
