ALCOHOL/SUBSTANCE ABUSE CURRENT EVALUATION FORM (CONFIDENTIAL)

The individual listed below has applied to be a Peace Corps Volunteer and has reported a history of alcohol or substance abuse.

Note to the Health Care Professional: Please be candid when answering the questions below. During Peace Corps service, a Volunteer may be placed in a site that requires flexibility to adapt to unpredictable housing conditions, extremes in climate and unreliable transportation and to exhibit a heightened awareness for personal safety and increased attention to safe food and drinking water. There may also be limited access to Western-trained mental health professionals, addiction counselors, and medical care. Regular Alcoholics Anonymous (AA) or Narcotics Anonymous (NA) meetings and resources are likely not be available. The most accurate representation of this condition is critical for the Peace Corps to make appropriate decisions for placement of the Volunteer. **Please answer all questions or the form will be considered incomplete and returned to the applicant.**

Privacy Act Notice

This information is collected under the authority of the Peace Corps Act, 22 U.S.C. 2501 et seq. It will be used primarily for the purpose of determining your eligibility for Peace Corps service and, if you are invited to serve as a Peace Corps Volunteer, for the purpose of providing you with medical care during your Peace Corps service. Your disclosure of this information is voluntary; however, your failure to provide this information will result in the rejection of your application to become a Peace Corps Volunteer.

This information may be used for the purposes described in the Privacy Act, 5 USC 552a, including the routine uses listed in the Peace Corps' System of Records. Among other uses, this information may be used by those Peace Corps staff members who have a need for such information in the performance of their duties. It may also be disclosed to the Office of Workers' Compensation Programs in the Department of Labor in connection with claims under the Federal Employees' Compensation Act and, when necessary, to a physician, psychiatrist, clinical psychologist or other medical personnel treating you or involved in your treatment or care. A full list of routine uses for this information can be found on the Peace Corps website at <http://multimedia.peacecorps.gov/multimedia/pdf/policies/systemofrecords.pdf>.

Burden Statement:

Public reporting burden for this collection of information is estimated to average 4 hours and 25 minutes per applicant and 3 hours per substance abuse professional per response. This estimate includes the time for reviewing instructions and completing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: FOIA Officer, Peace Corps, 1111 20th Street, NW, Washington, DC 20526, ATTN: PRA (0420 - ####). Do not return the completed form to this address.

F. Clinical Observations (applicant's insight into alcohol/substance use, self care, etc.): _____

G. What specific recommendations for medical care do you have regarding the management for this condition over the next three years? All recommendations will help determine the Volunteer's country placement: _____

Do you have any concerns, due to alcohol or drug/substance abuse, that would prevent this applicant from completing 27 months of Peace Corps service without undue disruption? NOTE: Peace Corps service may be in isolated areas, with limited access to Western-trained health care providers. Please check one box below.

- I have no concerns. This applicant, with regard to alcohol and/or substance abuse, is healthy enough to complete 27 months of uninterrupted Peace Corps service, provided the above recommendations can be accommodated.
- I am unsure that the applicant can complete 27 months of uninterrupted Peace Corps service due to alcohol or substance abuse. I recommend a period of stabilization for this condition and an updated assessment at a future date. (Describe and include the length of time for stabilization):
- I do not believe that this applicant can complete 27 months of Peace Corps service without undue disruption due to alcohol or substance abuse.

I certify this information, in my opinion, is an accurate representation of my current evaluation of alcohol and/or substance abuse for the applicant listed above.
