1. NAHMS Dairy 2014 Needs Assessment Survey

Thank you in advance for providing input for the National Animal Health Monitoring System (NAHMS) study of the U.S. Dairy Industry in 2014. To most effectively meet the needs of the dairy industry and its allied groups we are requesting input to assist in establishing the study's objectives. The study will be conducted from January through September 2014.

1. I	ndicate your primary involvement with the dairy industry:
0	Dairy Producer
0	Veterinary practitioner / consultant
0	Nutritionist
0	University / extension
0	Federal or State government
0	Allied Industry (Pharmaceutical company, etc)
0	Other (please specify)
2. I	f a Dairy Producer, indicate the number of milking cows.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The OMB control number for this information collection is 0579-XXXX. The time required to complete this information collection is estimated to average .25 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
