Subject: RE: Materials for BJS study on the NCVS

David,

Chief Isom has approved the information you sent earlier today. Once you get your sample numbers and specific time frame worked out, I'll get with our IT group and get you some information.

Let me know when you are ready for us.

Subject: Materials for BJS study on the NCVS

Ken,

It was good talk with you several weeks ago about the NCVS study. Attached are the details related to the study, including the general purpose, the information we would need from the records, the study procedures and the study products. When we talked, you wanted to show this to the Chief to get his approval. Let me know if you have any additional questions.

We were also wondering if you knew of any other cities that might be open to working with us on the study? We are particularly interested in cities that might have a similar 'open records' statutes as St. Louis.

Sorry for the delay in getting this to you.
