SUPPLEMENTARY INFORMATION:

Section 2834(a) of the NDAA for Fiscal Year 2010 (Pub. L. 111-84, enacted October 28, 2009) amended Section 2824(c) of the Military Construction Authorization Act (Pub. L. 110-417, Division B) by adding a new subsection (6). This provision prohibits contractors engaged in construction projects related to the realignment of U.S. military forces from Okinawa to Guam from hiring non-U.S. workers unless the Governor of Guam (Governor), in consultation with the Secretary of Labor (Secretary), certifies that: 1) there is an insufficient number of U.S. workers that are able, willing, and qualified to perform the work; and 2) that the employment of non-U.S. workers will not have an adverse effect on either the wages or the working conditions of U.S. construction workers in Guam.

In order to allow the Governor to make this certification, the NDAA requires contractors to recruit workers in the U.S., including in Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the U.S. Virgin Islands, and Puerto Rico, according to the terms of a

recruitment plan developed and approved by the Secretary. That recruitment plan has been reproduced in full in Section I below ("Contractor Recruitment Standards").

The Department has developed the Contractor Recruitment Standards in full consultation with, and with the approval of, the Guam Department of Labor (GDOL). Although the Department has developed the recruitment standards, it has assigned oversight of the Contractor Recruitment Standards and the NDAA-required consultation with the Governor to GDOL through a Memorandum of Understanding between the Department and GDOL, effective November 22, 2011 (the MOU can be found on the RegInfo.gov Web site listed at the end of this Federal Register Notice).

Under the NDAA, no Guam base realignment construction project work may be performed by a person holding an H-2B visa under the Immigration and Nationality Act until the contractor complies with the Department's Contractor Recruitment Standards, and the Governor of Guam issues the certification noted above. Following the required 60 and 30 day Federal Register Notices, the Department is now publishing the final recruitment standards (the Department issued interim standards in the Federal Register on January 24, 2010, pp. 3503-3505). More background is provided in U.S. Department of Labor Report to Congress Required by the

National Defense Authorization Act for Fiscal Year 2010

(July 29, 2011), submitted to the Senate Committee on Health, Education, Labor, and Pensions, and the Armed Services Committee; and the House of Representatives Education and the Workforce Committee, and the Armed Services Committee (this report can be found at the RegInfo.gov Web site listed at the end of this Federal Register Notice).

Upon publication of this notice, the Contractor Recruitment Standards in Section I below will take effect immediately

 - iv. Oregon (www.emp.state.or.us/jobs); and
 - v. Washington (<https://fortress.wa.gov/esd/worksource/Employment.aspx>).

For contractors needing assistance with job postings, additional contact information and a link to the required Guam form GES 514 are listed at www.jobbankinfo.org.

Each job posting must be posted for at least 21 consecutive days.

c. Submit a job posting with an Internet-based job bank that

- i. is national in scope, including the entire U.S., Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the Virgin Islands, and the Commonwealth of Puerto Rico;
- ii. allows job postings for all occupations; and
- iii. is free of charge for job seekers and their intermediaries in American Job Centers (formerly called One-Stop Career Centers) and the employment service delivery system nationwide.

d. Where the occupation or industry is customarily unionized, contact the local union in Guam in writing to seek U.S. workers who are qualified and who will be available for the job opportunity.

2. Each job posting in (1)(a) through (d) must include, at a minimum, the following information.

- a. The contractor's name and appropriate contact information for applicants to inquire about the job opportunity or to send applications and/or résumés directly to the employer;

- b. The geographic area of employment, with enough specificity to apprise applicants of any travel requirements and where applicants will likely have to reside to perform the services or labor;
- c. A statement indicating whether or not the employer will pay for the worker's transportation to Guam;
- d. If the employer provides it, a statement that daily transportation to and from the worksite(s) will be provided by the employer;
- e. A description of the job opportunity with sufficient information to apprise U.S. workers of the services or labor to be performed, including the duties, the minimum education and experience requirements, the work hours and days, and the anticipated start and end dates of the job opportunity;
- f. If the employer makes on-the-job training available, a statement that it will be provided to the worker;
- g. If required by law, a statement that overtime will be available to the worker and the wage offer for working any overtime hours;
- h. The wage offer, and the benefits, if any, offered;
- i. A statement that the position is temporary; and
- j. The total number of job openings the employer intends to fill; and

- k. If the employer provides the worker with the option of board, lodging, or other facilities, including fringe benefits, or intends to assist workers to secure such lodging, a statement disclosing the provision and cost of the board, lodging, or other facilities, including fringe benefits or assistance to be provided.
3. During the 28-day recruitment period, which begins on the earliest date of posting, contractors must interview all qualified and available Guam and U.S. construction workers who have applied for the employment opportunity.
4. After the close of the recruitment period, and no later than 30 days before the start date of workers under a contract, the contractor must provide a report including the following information via e-mail to GDOL at ndaa.recruitment@dol.guam.gov, documenting its efforts to recruit U.S. workers from the U.S. and all U.S. territories.
 - a. Indicate all the recruitment approaches used to recruit realignment workers, including an identification of the Internet job banks where the postings occurred, the occupation or trade, a description of wages and other terms and conditions

- of employment, the date of each posting, and the job order or requisition number;
- b. A copy of each job posting;
 - c. How each job posting and response was handled, including
 - i. the number of job applications received;
 - ii. the name of each applicant;
 - iii. the position applied for;
 - iv. the final employment determination for each applicant or job candidate; and
 - v. for each U.S. job applicant not hired, a description of the specific, lawful, job-related reason for rejecting the applicant for employment, which includes a comparison of the job applicant's skills and experience against the terms listed in the original job posting.

Contractors may provide much of this information in the form of a table or spreadsheet, so that instead of a narrative style the contractor need only check an appropriate box or provide a phrase, number or date (e.g., indicate whether an individual reported for an interview or not, or lacked specific qualifications).

II. Departmental Recruitment Support Activities

Separate from the Contractor Recruitment Standards, ETA will facilitate a nationwide outreach and recruitment effort to maximize hiring of U.S. construction workers, including outreach to its workforce investment system. ETA will do the following:

- develop and issue a Training and Employment Notice (TEN), and hold an Internet-based training session ("Webinar") to inform contractors, state workforce agencies, state and local workforce investment boards, and American Job Centers (formerly called One-Stop Career Centers) of the anticipated construction employment opportunities on Guam and how these opportunities will be posted [interested individuals can automatically receive notice of the TEN by going to <http://wdr.doleta.gov/directives> and clicking on the last bullet, stating "To be added to the ETA Advisory electronic distribution list – click here" and interested individuals can automatically receive notice of the Webinar by registering for ETA's Workforce30one by going to <https://www.workforce3one.org/register.aspx>, then going to the fourth category (Newsletters and Updates) and checking the box for "Webinars/Live Events," and should also check both boxes under "Reemployment Works" in the preceding category (labeled "Join Communities")];

- develop telephone scripts for a Toll-Free Help Line directing job seekers to the GDOL job bank;
- ensure that Departmental offices – including the Office of Unemployment Insurance, the Office of Apprenticeship, the Office of Job Corps, the Veterans’ Employment and Training Service, and the YouthBuild program – are informed of the construction employment opportunities; and
- brief pertinent inter-governmental and labor organizations (including the National Governors Association, National Conference of State Legislatures, and building trades unions), so that they can assist in spreading information about the U.S. worker outreach effort.

Persons are not required to respond to this collection of information unless it displays a valid OMB control number (1205-0484). Further information on this

ICR can be accessed using control number 1205-0484 at the RegInfo.gov Web site at www.reginfo.gov/public/do/PRAMain.
