

2. *Title:* Vapor Control Systems for Facilities and Tank Vessels.

OMB Control Number: 1625–0060.

Type of Request: Revision of a currently approved collection.

Respondents: Owners and operators of facilities and tank vessels, and certifying entities.

Abstract: The information is needed to ensure compliance with U.S. regulations for the design of facility and tank vessel vapor control systems (VCS). The information is also needed to determine the qualifications of a certifying entity.

Forms: None.

Burden Estimate: The estimated burden has increased from 2,724 hours to 2,789 hours a year.

3. *Title:* Alternate Compliance Program.

OMB Control Number: 1625–0081.

Type of Request: Revision of a currently approved collection.

Respondents: Owners and operators of U.S.-flag inspected vessels.

Abstract: This information is used by the Coast Guard to assess vessels participating in the voluntary Alternate Compliance Program (ACP) before issuance of a Certificate of Inspection.

Forms: CG–3752 & CG–3752A.

Burden Estimate: The estimated burden has decreased from 212 hours to 176 hours a year.

4. *Title:* Operational Measures for Existing Tank Vessels Without Double Hulls.

OMB Control Number: 1625–0083.

Type of Request: Revision of a currently approved collection.

Respondents: Owners, operators and masters of certain tank vessels.

Abstract: The information is needed to ensure compliance with U.S. regulations regarding operational measures for certain tank vessels while operating in the U.S. waters.

Forms: None.

Burden Estimate: The estimated burden has decreased from 3,474 hours to 1,684 hours a year.

5. *Title:* Crewmember Identification Documents.

OMB Control Number: 1625–0113.

Type of Request: Revision of a currently approved collection.

Respondents: Crewmembers, and operators of certain vessels.

Abstract: This information collection covers the requirement that crewmembers on vessels calling at U.S. ports must carry and present on demand an identification that allows the identity of crewmembers to be authoritatively validated.

Forms: None.

Burden Estimate: The estimated burden has decreased from 34,553 hours to 30,275 hours a year.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended.

Dated: November 10, 2011.

R.E. Day,

Rear Admiral, U.S. Coast Guard, Assistant Commandant for Command, Control, Communications, Computers and Information Technology.

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA–2011–0035; OMB No. 1660–0008]

Agency Information Collection Activities: Proposed Collection; Comment Request, Elevation Certificate/Floodproofing Certificate

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the Elevation Certificate and the Floodproofing Certificate for Non-Residential Structures.

DATES: Comments must be submitted on or before January 20, 2012.

ADDRESSES: To avoid duplicate submissions to the docket, please use only one of the following means to submit comments:

(1) *Online.* Submit comments at www.regulations.gov under Docket ID FEMA–2011–0035. Follow the instructions for submitting comments.

(2) *Mail.* Submit written comments to Docket Manager, Office of Chief Counsel, DHS/FEMA, 500 C Street SW., Room 835, Washington, DC 20472–3100.

(3) *Facsimile.* Submit comments to (703) 483–2999.

(4) *Email.* Submit comments to FEMA-POLICY@dhs.gov. Include Docket ID FEMA–2011–0035 in the subject line.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without

change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy Act notice that is available via the link in the footer of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Mary Ann Chang, Insurance Examiner, Mitigation Division, (703) 605–0421 for additional information. You may contact the Records Management Division for copies of the proposed collection of information at facsimile number (202) 646–3347 or email address: FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP) requires the elevation or floodproofing of new or substantially improved structures in designated Special Flood Hazard Areas. As part of the agreement for making flood insurance available in a community, the NFIP requires the community to adopt a floodplain management ordinance that meets or exceeds the minimum requirements of the NFIP. Title 44 CFR 61.7 and 61.8 require proper investigation to estimate the risk premium rates necessary to provide flood insurance.

Collection of Information

Title: Elevation Certificate/Floodproofing Certificate.

Type of Information Collection: Revision of a currently approved collection.

OMB Number: 1660–0008.

Form Numbers: FEMA Form 81–31, Elevation Certificate, FEMA Form 81–65, Floodproofing Certificate.

Abstract: The Elevation Certificate and Floodproofing Certificate are used in conjunction with the application for flood insurance. The certificates are required for properly rate post Flood Insurance Rate Map (FIRM) structures, which are buildings constructed after the publication of the initial FIRM or December 31, 1974, for flood insurance in Special Flood Hazard Areas. In addition, the Elevation Certificate is needed for pre-FIRM structures, which are buildings constructed before the initial FIRM or December 31, 1974, that are being rated under post-FIRM flood insurance rules. The certificates provide community officials and others standardized documents to readily record needed building elevation information. NFIP policyholders/applicants provide the appropriate certificate to insurance agents. The

certificate is then used in conjunction with the insurance application so that the building can be properly rated for flood insurance.

Affected Public: Individuals and households, business or other for-profit, State, local or Tribal Government.

Number of Respondents: 6,575.

Number of Responses: 6,575.

Estimated Total Annual Burden

Hours: 24,649 hours.

Estimated Cost: The estimated cost to respondents for purchasing professional services required to complete the certificates is \$1,251,250.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Gary L. Anderson,

Acting Chief Administrative Officer, Mission Support Bureau, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9110-11-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2011-0017; OMB No. 1660-0040]

Agency Information Collection Activities: Submission for OMB Review; Comment Request, Standard Flood Hazard Determination Form

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This is a correction to the previous notice that was published on October 19, 2011, 76 FR 64957. FEMA

is requesting revision of OMB control number 1660-0040, FEMA Form 086-0-32 (previously FEMA Form 81-93), Standard Flood Hazard Determination Form (SFHDF). The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of respondents, the estimated burden (*i.e.*, the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before December 21, 2011.

ADDRESSES: Submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the Desk Officer for the Department of Homeland Security, Federal Emergency Management Agency, and sent via electronic mail to oir.submission@omb.eop.gov or faxed to (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Records Management Division, 1800 South Bell Street, Arlington, VA 20598-3005, facsimile number (202) 646-3347, or email address FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION: FEMA received two comments from two commenters, the Association of State Floodplain Managers (ASFPM) and the National Flood Determination Association (NFDA). ASFPM submitted five suggestions. In Section I; box 2 (description of the collateral) of the form, it was suggested that FEMA include a broader list of descriptive information to assist those using and reading the form. This has been done. In Section II; Part C; Box 3 (discussing the Coastal Barrier Resources Act (CBRA) and Otherwise Protected Areas (OPA)), the commenter requested that FEMA clarify the information in this area; FEMA has made this change. In Section II; Part D. FEMA has restated the choice for when flood insurance is not required by the Flood Disaster Protection Act of 1973 to encourage property owners to remember there is still a flood risk outside the Special Flood Hazard Areas (SFHA) as requested.

FEMA was not able to make two other suggested changes, both involved information that might not be readily available to the entity that fills out the form, and in one instance there were concerns about privacy issues.

The second commenter, NFDA, requested to see the FEMA planned changes prior to final publication, noting that they believe an extension of the Standard Flood Hazard Determination Form, SFHDF without change is acceptable. The changes will be available to the public when those changes are published in the **Federal Register**.

Collection of Information

Title: Standard Flood Hazard Determination Form.

Type of information collection: Revision of a currently approved collection.

OMB Number: 1660-0040.

Form Titles and Numbers: FEMA Form 086-0-32 (previously FEMA Form 81-93), Standard Flood Hazard Determination Form (SFHDF).

Abstract: FEMA Form 086-0-32 (previously FEMA Form 81-93), SFHDF is used by regulated lending institutions, federal agency lenders, related lenders/regulators, and the Government. Federally regulated lending institutions complete this form when making, increasing, extending, renewing or purchasing each loan for the purpose is of determining whether flood insurance is required and available. The form may also be used by property owner, insurance agents, realtors, community officials for flood insurance related documentation.

Affected Public: Business or other for-profit.

Estimated Number of Respondents: 46,456,460.

Frequency of Response: On occasion.

Estimated Average Hour Burden per Respondent: Standard Flood Hazard Determination Form (SFHDF), 20 minutes.

Estimated Total Annual Burden Hours: 15,330,632 hours.

Estimated Cost: There are no operation and maintenance, or capital and start-up costs associated with this collection of information.

Gary L. Anderson,

Acting Chief Administrative Officer, Mission Support Bureau, Federal Emergency Management Agency, Department of Homeland Security.
