**FY 2013 & Later PARTNERSHIP AGREEMENTS
STATE ARTS AGENCIES****Instructions for Final Descriptive Reports****(grant numbers beginning 13-6100-2XXX, etc.)**Introduction

Attached are instructions for preparing the Final Descriptive Report required of State Arts Agencies (SAA) as a condition of receiving a National Endowment for the Arts (NEA) Partnership Agreement grant. The required format is designed to facilitate accountability, analysis of information about arts agencies, and cooperation among state arts agencies, regional groups, and the Endowment through information exchange. Information provided may be used in NEA's reports to Congress. State Arts Agencies are required to use this format in reporting on all agency-funded activities.

Most terms and definitions come from the National Standard for Arts Information Exchange developed through the National Information Systems Project (NISP).

Final Descriptive Reports consist of two sections: DETAIL and TOTALS. DETAIL is a list of all grants/awards/activities on which your agency is reporting and all non-grant programmatic activities carried out by your agency. TOTALS is a set of cumulative totals of some DETAIL information plus a summary of your administrative costs.

The DETAIL section of your Final Descriptive Report must be submitted in an electronic format on a CD or usb drive, etc. You must request a waiver from the State & Regional Partnerships staff if you cannot meet this technology requirement.

The TOTALS page and the Federal Financial Report (FFR) will be used to verify that the required one-to-one, or "dollar for dollar" match has been met. Direct or indirect Federal funds may not be used to match your Partnership Agreement.

If you have questions or would like assistance completing this report, please call the State and Regional staff at 202/682-5430.

Instructions for completing the DETAIL portion of the report

To complete your DETAIL report, you will need to create an electronic data file that includes all fields that constitute an award record per the FDR Data Fields List in Attachment 1. Instructions for each field are given below. The structure of that data file should be explained in the Data Sequencing Form in order to allow NEA to process your data file.

1. For each grant/award/activity on which you are reporting, complete a record that includes all of the data fields from the FDR Data Fields List. For each blank that requires a number, fill in only one number. If data is not available enter -1 or leave blank. Do not use zero for this purpose. Zero should only be used numerically.
2. List the records for each grant/award/activity on which you are reporting. For this report grants/awards/activities include:
 - a. activity for which there is an application and award process regardless of the funding source. Information on non-funded applications is not a part of NEA reporting requirements.
 - b. other program activities of your agency (for example, publication of a newsletter, sponsorship of a statewide meeting, technical assistance).

Records may be listed in any order. Some agencies may find it convenient to continue to list applications/awards in order by arts discipline, grant program, or alphabetical order.

Reminder: the DETAIL information must be submitted in electronic format. Do not submit hard copy of DETAIL information.

The total number of individuals who were directly involved in the funded activity throughout the grant period. Include project participants such as artists as well as non-artist project participants and audience members. Figures should encompass only those individuals directly affected by or involved in the funded activity, and should include the totals from the Artists Participating and Youth Benefiting fields. Include actual audience numbers based on paid/free admissions or seats filled. Avoid inflated numbers, and do not double-count repeat attendees. If actual figures or reliable estimates cannot be secured, leave this field blank or enter a "-1" to indicate that data are not available.

<u>Characteristics for Individuals</u>	<u>Code</u>

This is most easily determined by allowing the grantee to identify his or her race.

For **organizations**, grantees should code themselves based on the predominant group of which their staff or board or membership (not audience) is composed. Use the list below. Organizations should choose the **one** code that best represents 50 percent or more of their staff or board or membership:

Indicate below how many organizations of each type participated in the funded activities during the period of support. An organizational partner is an outside entity that provides resources (more than money) that support a project or special initiative. Because all NEA and SAA/RAO grants require matching resources, organizations that only provided money are not considered partners.
