TTB F 5000.25 Excise Tax Return – Alcohol and Tobacco (Puerto Rico)

A. JUSTIFICATION

1. What are the circumstances that make this collection of information necessary and what legal or administrative requirements necessitate the collection? Also include the following: Align the information collection to Treasury’s Strategic Goals, Line of Business/Sub-function, and IT Investment, if one is used.

TTB is responsible for the collection of the excise taxes on distilled spirits, wine, beer, tobacco products, and cigarette papers and tubes imposed by 26 U.S.C. Chapters 51 and 52. 26 U.S.C. 7652 applies these taxes to articles of merchandise of Puerto Rican manufacture coming into the United States. Under 26 U.S.C. 5061(a) and 26 U.S.C. 5703(b), TTB collects taxes on the basis of a return.

The following sections of regulations (27 CFR) prescribe the use of TTB F 5000.25, Excise Tax Return - Alcohol and Tobacco (Puerto Rico) for the collection of the tax:

26.81	26.110	41.105
26.96	26.112	41.112
26.105	26.113	

This information collection is aligned with:
Treasury Strategic Goal: Effectively Manage U.S. Government Finances.
Line of Business/Sub-function: General Government/Taxation Management.
IT Investment: Tax Major Application Systems.

2. How, by whom and for what purpose is this information used?

The information requested on the return is necessary to establish the taxpayer's identity, the amount and type of taxes due, and the amount of payments made. TTB has used and will continue to use this information to determine whether the taxpayer has paid the correct amount of tax and to take additional action, such as collection or refund, where the amount paid does not equal the amount that should be or is shown on the return. TTB examines each return at least once. Additional examination is often performed by TTB during on-site examinations of the taxpayer.

3. To what extent does this collection of information involve the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology? What consideration is given to use information technology to reduce burden?

The use of information technologies will not significantly reduce the burden and probably not be cost effective. The information required on TTB F 5000.25 is minimal and, for the most part, is unique to a particular period of time for each taxpayer.

4. What efforts are used to identify duplication? Why can't any similar Information already available be used or modified for use for the purposes described in Item 2 above?

TTB F 5000.25 collects information that is pertinent to each taxpayer and applicable to his/her specific return. As far as we can determine, similar information is not available elsewhere.

5. If this collection of information impacts small businesses or other small entities, what methods are used to minimize burden?

This information collection does not have a significant impact on a substantial number of small businesses or other small entities.

6. What consequences to Federal program or policy activities and what, if any, technical or legal obstacles to reducing burden will occur if this collection is not conducted or is conducted less frequently?

The return is essential to TTB's collection responsibilities. The absence of this information would seriously jeopardize TTB's excise tax collection on alcohol and tobacco.

7. Are there any special circumstances associated with this information collection that would require it to be conducted in a manner inconsistent with OMB guidelines?

There are no special circumstances associated with this collection.

8. What effort was made to notify the general public about this collection of information? Summarize the public comments that were received and describe the action taken by the agency in response to those comments.

A 60-day notice was published in the Federal Register (76 FR 81016) on Tuesday, December 27, 2011. The notice solicited comments from the general public. TTB received no comments in response to this notice.

9. What decision was made to provide any payment or gift to respondents, other than remuneration of contractors or grantees?

No payment or gift is associated with this collection.

10. What assurance of confidentiality was provided to respondents and what was the basis for the assurance in statute, regulations, or agency policy?

No specific assurance of confidentiality is provided on this form; however, the confidentiality of the information collected on this form is protected by 26 U.S.C. 6103.

11. What justification is there for questions of a sensitive nature?

We ask no questions of a sensitive nature.

12. What is the estimated hour burden of this collection of information?

There is no change in burden from the previous submission. There are 24 respondents, 6 filed quarterly ($6 \times 4 = 24$) and 18 filed 25 times annually ($18 \times 25 = 450$) for a total of 474 responses. 474×15 minute (time it takes to complete this form) = 119 (total burden hours).

13. What is the estimated total annual cost burden to respondents or recordkeepers resulting from this collection of information (excluding the value of the burden hours in Question 12 above)?

The estimated total annual cost burden associated with this collection is 4,065.

14. What is the annualized cost to the Federal Government?

Estimates of annual cost to the Federal Government are as follows:

Printing	\$ 1,000
Distribution	1,000
Clerical Cost (filing)	25,000
Other Salary (examination, Supervisory, etc.)	1,255,000
Overhead	<u>125,500</u>
Total	\$1,407,500

15. What is the reason for any program changes or adjustments?

There is no program change or adjustment associated with this ICR.

16. Outline plans for tabulation and publication for collections of information whose results will be published.

We will not publish the results of this collection.

17. If seeking approval to not display the expiration date for OMB approval of this information collection, what are the reasons that the display would be inappropriate?

We will display the expiration date of OMB approval for this collection.

18. What are the exceptions to the certification statement?

- (c) See item 5 above
- (f) This is not a recordkeeping requirement
- (i) No statistics are involved
- (j) See item 3 above

B. Collections of Information Employing Statistical Methods.

This collection does not employ statistical methods.
